

JUNG QUALITY SEEDS

The Products of Jungs Seeds are Unexcelled

SUPERB FLOWERS for 1957

F532—BUSH BALSAM

Double Bush Balsam

Rival Roses in Beauty. Bloom from July till Frost. Not Bothered by Insects or Disease. Sure to Bloom.

F532—GARDENIA FLOWERED—A very beautiful new strain of Balsam. The flowers, very much like double roses, are produced in clusters on the tips of the stems and a bush in full bloom is a solid mass of color. You will be highly pleased with these grand Balsams. Our seed is a grand mixture of white, rose and red shades. Pkt. 15c; 2 pkts. 25c.

Crackerjack Marigolds

F622—A superb new giant flowered Marigold that is a great improvement over the older varieties. Its chief merits are that it comes into flower weeks earlier, does not grow as tall and the flowers are in full view on the plants. Flowers are fully double, 4 to 5 in. across and in shades of primrose yellow, gold and orange. Sturdy plants grow to a height of 24 to 28 in. Pkt. 15c; 2 pkts. 25c.

SPECIAL OFFER No. 57

One Pkt. of each of these
Five Superb Flowers
for 90c.

F657—CARNIVAL PETUNIAS

The Famous Carnival Petunia

Gorgeous Colors. Ruffled Flowers. Free Flowering. Rare Beauty from Early Summer until Frost.

F657—Probably one of the best and most popular of the new annual flowers. The vigorous plants grow to a height of 12 to 15 in. and are a mass of gorgeous color and beauty from early summer until frost. Flowers cover a wide range, no trouble to count over 20 colors at one time such as blue, white, rose, scarlet, salmon, cream pink as well as starred and edged combinations. The large showy flowers are mostly all waved or ruffled with fringed petal edges. Pkt. 35c; 3 pkts. \$1.00.

New Ortho Polka Zinnia

Vigorous Plants. Profuse Bloomer. Large Flowers. Showy for Beds. Exquisite Bouquets.

F774—A new strain of multi-colored Zinnias similar to Peppermint Stick but with much larger flowers, sturdier plants and richer colors. Color combinations of pink and white, red and white, purple, scarlet and orange, as well as solid colors of each hue, sometimes different colored flowers on the same plant. Plants grow 3 ft. tall and bloom profusely from early summer until frost, resistant to heat, drought and insects. Pkt. 20c; 3 pkts. 50c.

F686—MARDI GRAS SNAPDRAGONS

F-2 Hybrid Snapdragon MARDI GRAS

More Varied and Richer Colors. Long, Closely Set Flower Spikes. Vigorous Plants. Comes into Flower Very Early.

F686—An F-2 hybrid strain of Snapdragons very vigorous and uniform in plant habit and containing the richest and most varied colors — about every color except blue. The florets are closely set on long stems especially fine for cutting. Fully ten days to two weeks earlier than others in blooming and continue for a long time. Pkt. 15c; 2 pkts. 25c.

F774—ORTHO POLKA ZINNIAS

1907 JUNG'S 50th ANNIVERSARY CATALOG 1957

J. W. JUNG SEED COMPANY

Quality Seed Growers • Randolph, Wisconsin

A1309—DURHAM EVERBEARING RASPBERRIES

Northern Grown Berry Plants

New Everbearing Red Raspberry "DURHAM"

A1309—This is the earliest and hardiest of all everbearing red raspberries. Bears a good crop on the old canes early in the summer and a few weeks later the new canes start bearing and continue until heavy frost. Berries are bright red, of good size and well suited for eating fresh, pies, jam or freezing. Select 1-yr. plants: 6 for \$1.03; 12 for \$1.75; 25 for \$3.25; 100 for \$12.25.

Giant Black Raspberry "CUMBERLAND"

A1320—This is offered with assurance as a most desirable variety because of its immense size, fine quality and great productiveness. It is a wonder in size of berries and vigor in growth and is as hardy as any variety grown. Fruit is jet black and of extra quality. By far the best results in growing Black Raspberries have been obtained from 2-yr. or transplanted plants. We are now offering 2-yr.-old plants at prices very little more than was formerly charged for inferior 1-yr. plants; bear this in mind when comparing prices. Heavy 2-yr. Plants: 6 for \$1.60; 12 for \$3.00; 25 for \$5.25.

A1315—LATHAM RASPBERRIES

"LATHAM" Giant Red Raspberry

A1315—By far the best raspberry to be had and stands unsurpassed for vigor and hardiness, size and handsome appearance of berries. Has made the remarkable yield of 5,430 qts. per acre. Hardy even as far North as Canada. The ability of Latham to yield so heavily together with the large size and fine appearance of the berries make it unquestionably the most profitable variety for either home or market garden. Many plants will bear fruit the first year they are set out. Price of strong disease-free plants: 6 for \$1.00; 12 for \$1.85; 25 for \$3.50; 100 for \$13.25.

Purple Raspberry "SODUS"

A1318—Far superior to Columbian as the berries are larger, of better quality and the plants are harder. Plants are vigorous and bear an unusually large crop. Will not spread from roots or shoots. Strong 2-yr. plants: 6 for \$1.65; 12 for \$3.10; 25 for \$5.90.

A1322—BRISTOL RASPBERRIES

Superb Black Raspberry "BRISTOL"

A1322—This grand new "blackcap" produces mammoth sized berries almost an inch in diameter, jet black in color and of superb quality. Grows strong vigorous bushes, highly resistant to disease and bears a heavy crop of fruit. Plants root deeply so are resistant to drought and will produce a crop even in dry years. Strong 2-yr. bearing age plants: 6 for \$1.75; 12 for \$3.25; 25 for \$5.50.

A1318—SODUS

"SUNBURST" LOCUST

The Sensational New Shade Tree

S1144—Plant Patent No. 1313—A grand new shade tree of beauty and distinction, a truly "aristocratic" shade tree. **Dramatic New Coloring**—Sunburst is the first new tree color in years. Its bright, golden-yellow branch tips, in contrast with the deep green inner foliage, make it appear like a flowering tree bursting with bloom, and Sunburst keeps this beautiful Spring appearance all Summer.

Stately Form—Experts consider Sunburst a worthy successor to the Elm as it grows with a natural eye-pleasing symmetry.

Easy To Grow—It's easy to plant and makes a rapid growth in any soil that has normal moisture and fertility. Exceptionally hardy, it withstands extremes of heat and cold, moisture and drought. One of the strongest trees known and readily survives sleet, ice and windstorms. It is practically immune to insects and disease.

Ideal for Lawns—Sunburst gives you a lacey, partial shade that really benefits a lawn and allows grass to grow luxuriantly under the trees. It is seedless and causes no ground litter as when the leaves drop they soon crumble and disappear into the grass.

Be the first in your neighborhood to have one or more of these gloriously beautiful trees on your lawn or street. Select 3 to 4 ft. trees: Each \$3.75; 3 for \$10.50 postpaid.

S1146—SUNBURST LOCUST

A1330—RED RICH STRAWBERRIES

The Famous "Red Rich" Everbearing Strawberry

Large in Size. Handsome Appearance. Excellent Quality. Heavy Yields.

A1330—This wonderful new everbearing strawberry when planted in early spring will start bearing in July and will continue until heavy frosts. It is a truly grand strawberry as the plants are unusually vigorous and will produce a crop of the biggest, reddest and sweetest berries you ever saw. Berries are very large, solid, and firm clear through and unusually sweet. For table, canning or freezing it is one of the best and won't

red rich
EVERBEARING

Berry-Set

M49 — Makes berries grow much larger, meatier, sweeter and most delicious tasting. Increases yields and plants bear for a long time. 1 oz. package makes 4 gallons. (1 oz. 50c; 3 oz. \$1.00.)

A1346—JUMBO STRAWBERRIES

"JUMBO" The Giant Spring Bearing Strawberry

Mammoth in Size. Extra Heavy Yields. Vigorous Plants. Handsome in Appearance. Superb Quality.

A1346—"Jumbo" has everything that you would demand in a main-crop Strawberry for size, yield, appearance and quality. Has proved to be one of the heaviest yielding varieties and is superior for canning, freezing or table use. It is deep red all through and the large berries are filled with rare goodness. 25 for \$1.75; 50 for \$3.25; 100 for \$5.00; 500 for \$21.00.

How to Grow Berries

A great part of growing a profitable crop of berries depends on properly setting out and caring for the crop. Unless the right care is given, the best plants will not produce a satisfactory crop. To assist you in every way we have prepared a set of complete cultural instructions for small fruits and will send same with every order for plants.

Giant Washington Asparagus

P1700—This new Asparagus has taken the country by storm as it is rust-proof and produces big stalks and large crops. This variety is the result of many years work by the U. S. Dept. of Agriculture and fortunate indeed is the gardener who will get started with it as it will surely displace all other varieties. The stalks grow to a very large size, yet they remain so crisp and tender that they may be eaten raw. We have some extra heavy 1-year roots this year, these will start earlier and give even better results than many 2-yr. plants. 25 for \$1.10; 50 for \$2.00; 100 for \$3.75.

P1700—ASPARAGUS

P1792—PIE PLANT

"CANADA RED"

Pie Plant or Rhubarb

P1792—Pie plants should be in every garden as they are the first plants in spring to produce material for pies, sauce and canning. This grand variety produces large stalks that are dark red clear to the heart, makes sauces as red as strawberry jam, very sweet so does not require as much sugar as ordinary kinds. Strong divisions. Each 75c; 3 for \$1.65; doz. 5.25.

J. W. Jung Seed Co.

GROWERS OF QUALITY

GARDEN, FARM & FLOWER SEEDS

ORNAMENTAL SHRUBS & PLANTS

RANDOLPH, WISCONSIN

It is our pleasure to send you our 50th Annual Seed Catalog listing the better things to be had in Seeds, Bulbs, Plants, Shrubs and Trees.

To many thousand gardeners Jung's Seed Annual is a welcome "visitor" as these know the superior quality of "Jung's" products ordering from us year after year, in many cases the 2nd and 3rd generation are planting Jung's Seeds in preference to all others.

Many great changes have taken place in the past 50 years but some things that have not changed are that crops must be still grown from seeds and good crops can be grown only from good seeds.

It was the firm belief of the founder that a successful organization could be built up only by supplying "quality" products and that this was a wise decision is best proved by the fact that from a very humble beginning we now number our customers by many thousands in every part of the United States as well as foreign countries.

Our operations are under the supervision of experienced people who have spent many years in this work, they spare no effort or expense to produce seeds, bulbs, plants and shrubs of the best quality.

It's easy and pleasant to order from our catalog. Right in your own home you can select the items you wish without being hurried but we would appreciate if you would order early. You will then be sure to get just what you want, your seeds will be sent out at once and if you order bulbs, plants or shrubs these will be reserved for you and sent out at the proper time for planting.

One of our most valued assets is our list of loyal customers, no small part of our growth is due to the kind words they have spoken to others in our behalf, to all of you we extend our sincere thanks.

You can send your orders to us with the full assurance that they will be filled with the best products that human effort and mother nature can provide.

Meet The People

These are the key personnel of our organization who exert every effort to supply you with better things for your farms and gardens. Most of these people have been with us for over 25 years.

2nd & 3rd Generation Customers

Mrs. Clara Corcoran, Wis.—Our family have been ordering your seeds and plants for 45 years and would not think of using any others.

Mrs. E. A. Alexander, Wis.—Jung's Seeds are "super" with us. "Once you try them, always you'll buy them". The 2nd generation of Alexander's are planting your seeds.

HEADQUARTERS OF THE J. W. JUNG SEED CO.

This building has over one acre of floor space and probably is the most complete mail-order nursery and seed house in America. It houses our offices, a complete printing plant, nursery and seed filling departments besides

storage for seeds, bulbs and nursery stock. During the shipping season a branch postoffice is maintained in this building. Mail is trucked direct to fast mail trains insuring quick delivery to our customers.

Jung's

GARDEN GUIDE

J. W. JUNG, Wisconsin, Randolph, Wis.

THE FIRST CATALOG. Printed by hand on the press shown below. 400 copies were issued.

THE FIRST SEED HOUSE. Erected in 1910 only a few miles from our present location.

CORN TRIALS. Hundreds of trials are made to insure that our customers get early maturing and high yielding Hybrid Corn.

FIRST PRINTING PRESS. Hand fed and operated at a speed of 300 small sheets per hour.

ONE OF OUR MODERN PRESSES. Prints two colors at one time and is automatically fed. Will print 175 of these pages in two colors per minute. Press weighs 12 tons.

AUTOMATIC PACKET FILLER. This machine opens, fills and seals 60 pkts. of seed per minute.

HARVESTING PEDIGREED SEED GRAIN. We grow hundreds of acres on our farm annually and use the most modern equipment available.

GLADIOLI FIELD. We grow Gladioli by the acre, a grand sight when in full bloom.

HYDRANGEAS AS GROWN IN OUR NURSERY

MIDAS HEAD LETTUCE

Midas Head Lettuce

A new long standing, butter head Lettuce especially suited for the home and market garden as it is slow to bolt or send up seed stalks. Heads are of good size, light green, and interior bleached creamy white. Sow the seed thinly, in good rich soil, as soon as the soil can be worked and when well started thin out so plants will stand 4 to 6 in. apart and you will have nice solid heads.

DROUGHT RESISTANT SWEET PEAS

Drought Resistant Sweet Peas

A new strain of Sweet Peas that will grow and bloom during hot, dry weather where the other varieties would fail. They grow strong vigorous vines that bloom right in the heat of summer and will produce flowers over a very long period of time. The beautiful blossoms are produced on long stems and are very fragrant.

Rainbow or Indian Corn

An item that is becoming very popular for fall and winter decorations, especially attractive when used with gourds. Both seed and ears are of different colors. Stalks grow 6 to 8 ft. tall and should be planted to one side or the back end of your garden. A profitable item to grow as the multi-colored ears are in good demand for fall decorations.

50th ANNIVERSARY GLADIOLI

Jung's Premium Seeds

The Vegetables and Flowers here are select varieties of more than ordinary merit. We know you will be delighted with them in your garden; they are offered as Premiums with your order. If your order amounts to \$1.00 or more one pkt. (your choice) will be sent for each \$1.00 worth of goods offered but not more than a total of four pkts. to a customer. Mark your choice of Premiums in space provided on back of order sheet.

BUTTERNUT SQUASH

The Popular Butternut Squash

A superb squash for late summer, fall and winter use being a very good keeper. Vines bear a heavy crop of squash 10 to 12 in. in length and 4 to 5 inches at the largest diameter, they are nearly all meat as the seed cavity is very small. Excellent for baking, cooking or making pies.

RAINBOW CORN

JUNG'S 50th Anniversary Gladioli

Grow 4 to 5 ft. Tall. Blossoms of Giant Size. Flowers of Exotic Beauty.

We grew these grand Gladioli on our own farms so that we could have something special to give our customers on our 50th Anniversary. These fields were a grand sight and visitors just stood and marveled at their beauty. Many were over 5 ft. tall with flowers 6 in. across and of the most beautiful colors imaginable. You too will marvel at their size and beauty when you have them in your own garden. These superb Gladioli are offered to our customers as premiums as stated below.

PREMIUM—If your order amounts to \$5.00 you may have 3 bulbs. If it amounts to \$8.00 or more you may have 6 bulbs and if it amounts to \$10.00 or more you may have 12 bulbs as a premium.

NOTE—As it takes many thousands of bulbs for these premiums they are put up in advance and named varieties cannot be selected as premiums.

Dwarf Apples

Take Little Space. Grow only 12 to 15 ft. Tall. Often Bear 2nd Year after Planting. Easy to Pick.

Now you can grow delicious apples in your own back yard by planting these dwarf varieties. Fruit is fully as large and equal in quality to any standard varieties. Trees grow short and stocky, rarely over 10 ft. tall and often start bearing the 2nd year after planting. They are easy to prune and spray and most of the fruit can be picked without a ladder. We can supply the following varieties.

T1370—CORTLAND—One of the best fall and winter apples. Large red fruit of excellent quality.

T1371—RED McINTOSH—One of the most popular and widely used varieties. Medium sized fruit, deep red color and of top quality.

T1372—YELLOW DELICIOUS—We consider this a superb yellow fall and winter apple. Handsome large fruit of deep

DWARF APPLE

Superfection

Everbearing Strawberry

Heavy Yields, Superb Quality, Large Berries.

A1334—This everbearing strawberry, surpasses all for yield, quality and size of berries. The strong vigorous plants will produce a good crop of fruit this year when planted on good soil and moisture is normal, they usually start ripening in August and will continue until frost. The berries are very large, rich red in color and remarkably sweet and delicious. One of the best of the everbearing strawberries. 25 for \$1.65; 50 for \$3.00; 100 for \$5.75; 500 for \$22.50.

A1332—20th CENTURY EVERBEARING

20th Century Everbearing Strawberry

Giant Sized Berries. Vigorous Plants. Superior Quality.

A1332—Another new Everbearing Strawberry that has proven to be one of the best as it will give you size, quality and yield. It grows an unusually strong vigorous plant with thick heavy foliage and the plants root very deep. On good soil and with proper care plants will start bearing in 60 days and will then keep bearing until frost. The berries are large in size, uniform in shape and have a rich red coloring throughout; they have a distinct honey-sweet flavor which is retained when frozen, unsurpassed for either canning, freezing or fresh table use. It has been tested out in many parts of the U.S. and has made remarkably high ratings for quality and yield. A bed of these fine everbearers will please and delight the planter beyond his fondest hopes. 25 for \$2.75; 50 for \$4.50; 100 for \$8.75.

Spring or June Bearing Strawberries

New Wisconsin 2-14

Excellent Freezer. Heavy Yields. Beautiful Appearance.

A1344—A new introduction from the University of Wisconsin, very vigorous and hardy and well suited for northern areas. Makes a sturdy plant and is an abundant bearer. Berries are of good size, deep red throughout, sweet and juicy. A top quality berry for the home garden, commercial grower and especially well suited for freezing. 25 for \$1.50; 50 for \$2.60; 100 for \$4.25; 500 for \$12.25.

A1340—SPARKLE—Exceptionally strong grower making vigorous plants well supplied with healthy foliage. A heavy yielder and midseason in ripening. Berries are medium to large, uniform in shape, deep rich red in color, with a shiny, sparkling skin, which makes them unusually attractive. An excellent berry for the home or market garden and well suited for fresh table use, canning or freezing. 25 for \$1.20; 50 for \$1.90; 100 for \$3.50; 500 for \$10.75.

A1342—WONDERBEARING or DUNLAP—A strawberry which will delight growers who want fine quality and yield, especially suited for heavy soils. The plants are vigorous growers and carry the fruit well up from the ground; it is medium early in ripening. The berries are of good size, deep red with no white core and well suited for table, canning or freezing. We consider this to be one of the best main-crop varieties. 25 for 95c; 50 for \$1.60; 100 for \$3.00; 500 for \$9.75.

Mrs. G. Peyer, Minn.—We are very well pleased with your strawberry plants. Ordering more this year.

SPECIAL ITEMS—See Page 39

SUPERFECTION

Jung's Special STRAWBERRY OFFER

100 Select Strawberry Plants for \$3.75.

A1350X—The following excellent varieties will give you a supply of luscious strawberries over a long period of time.

25 Superfection Everbearing
25 "Sparkle"

50 Wonderbearing or Dunlap

The above 100 plants, a \$4.45 value, for only \$3.75.

WONDERBEARING or DUNLAP

golden yellow color. A fine apple for eating, baking or cooking.

PRICE OF DWARF APPLES: 3 to 4 ft. size. Each \$2.75; 3 for \$7.50; 6 for \$13.50.

Dwarf Pears

These are true dwarf trees rarely growing over 3 to 10 ft. tall and are ideal for the small garden. They usually start bearing the year after setting out and in a few years time bear over 1 bu. per tree. It is advisable to plant two varieties so they can cross pollinate.

T1380—CLAPP'S FAVORITE—A fine large pear of high quality.

T1381—DUCHESS—Widely grown fall pear that combines size, quality and handsome appearance.

3 to 4 ft. trees: Each \$2.35; 2 for \$3.95; 6 for \$11.75 postpaid.

Standard Fruit Trees

You will find a select offering of Apple, Cherry, Pear and Plum Trees on page 12.

DWARF PEAR

G132—TOPCROP BUSH BEANS

Special Offer

Any 6 10c pkts. for 50c; any 4 15c pkts. for 50c. This applies to all garden and flower seeds listed in this catalog.

B185—TENDERCORE CARROT

CARROT Tendercore

Handsome Appearance.
Superb Quality.

G185—A superb new Carrot combining the fine qualities of its parents Nantes and Chantenay. They grow 5 to 6 in. long, about 2 in. in diameter at the shoulder and taper slightly to a blunt point. A highly attractive carrot and of excellent quality with practically no core; intense orange-red flesh, very crisp, tender and of Superb flavor. Pkt. 10c; 1/2 oz. 25c; oz. 40c; 1/4 lb. \$1.00; lb. \$3.25.

CUCUMBER Straight Eight

Unexcelled for Shipping,
Slicing or Pickling.

G220—(68 day)—All America Gold Medal Winner as an outstanding vegetable of the year. One of the finest shipping cucumbers as the fruit is deep green, free from objectionable light striping and is very uniform in size, usually about 8 in. long, 1 1/2 in. in diameter, well rounded but not tapered ends. Fine for either home or market garden, as it yields heavily and can be used for shipping, pickling or slicing. Pkt. 15c; oz. 25c; 1/4 lb. 60c; lb. \$2.00.

Jung's All Cream Lettuce

G246—This remarkable Lettuce does not head but makes a large loose bunch of leaves of superlative fine quality. The leaves grow upright, the upper part of the outer leaves turning outward very gracefully and are handsomely wrinkled. The inside leaves are almost white and wonderfully crisp and tender. It grows quickly, is ready for use early and remains for weeks. It is the cream of all sorts and should be grown in every garden. Pkt. 10c; 1/2 oz. 20c; oz. 30c; 1/4 lb. 95c.

Giant Tendersweet Peas Unexcelled for Freezing or Canning

Immense Pods, Heavy Yields, Superb Quality. G333—(74 day)—A new main-crop Pea that is in a class by itself. Vines are strong and thrifty, 24 to 30 in. tall require no brush and bear the giant sized pods in profusion. Pods are 5 to 5 1/2 in. in length and contain 8 to 12 large, bright green peas that are very tender and of the very highest quality. We are confident you will be more than pleased with the new size, yield and quality of this splendid new Pea. Pkt. 10c; 1/2 pt. 35c; pt. 55c; qt. 95c.

Growing Vegetables

is interesting, enjoyable and profitable. There is much satisfaction in being able to go into your own garden to pick beautiful flowers or gather vegetables at their best for quality. There is no comparison in quality between crisp, tender products fresh from the garden and those purchased on the market. Our booklet on growing Flowers and Vegetables, FREE, if requested, with all orders.

A1310—JUNE RASPBERRIES

Jung's Garden Specialties

On this page we list an assortment of garden seed specialties which are unusually good and of more than ordinary merit. Try some of them in your garden as we are sure you will be pleased and delighted with what they will produce for you.

Topcrop Green Pod Bush Bean

All America Gold Medal Winner. Superb Quality. Heavy Yields. G132—(50 day)—A new bush bean developed by the U. S. Dept. of Agriculture, that combines high disease resistance, excellent quality and large yields. Bushes are vigorous, 15 to 18 inches high and set a heavy crop of pods. Pods 6 to 7 in. long, round, straight meaty and free from string and fibre. Considered one of the best beans for canning, freezing or table use. Pkt. 12c; 1/2 pt. 35c; pt. 55c; qt. \$1.00.

G220—STRAIGHT EIGHT

G230—GROUND CHERRY

G246—JUNG'S ALL CREAM

Two Superb Raspberries

Thornless Red Raspberry "JUNE"

Ripens Early. Thornless Canes. Does Not Spread. Large Berries. A1310—A new red raspberry originated at the Univ. of Wis., which ripens fully 10 days earlier than Latham and is a remarkably good yielder of large, fine quality berries. However its great merits are that the canes are practically thornless and it will not spread like other varieties. It excels in earliness, yield, quality and hardiness. We have only a limited quantity of these plants to offer this year. Strong Select plants or our growing: 6 for \$1.25; 12 for \$2.35; 25 for \$4.25.

Mr. L. Kandler, Wis.—We had lots and lots of berries grown from your plants. Have good results from your seeds, been planting them over 25 years.

Everbearing Raspberry "SEPTEMBER"

A1312—The greatest fault with other everbearing Raspberries was that the fall crop came on too late and often did not mature before hard frosts. The new variety is fully two weeks earlier and usually starts bearing the second week in September and then continues until hard frosts. It is also a better yielder than the varieties now in general use. Fruits are very large in size, deep red, very firm, sweet and very well suited for eating fresh, canning or freezing. The canes are very robust and vigorous and after once becoming established will produce two crops each year. 6 for \$1.10; 12 for \$1.95; 25 for \$3.85; 100 for \$13.95.

H. Kandle, N.I.—More than pleased with your September Everbearing Raspberries. Never before have I seen such large berries, none of them under a half inch in diameter.

G466—JUNG'S IMPROVED WAYAHEAD

JUNG'S IMPROVED Wayahead OUR EARLIEST OF ALL TOMATOES

First to Produce Ripe Tomatoes. Good Sized Fruit. Smooth and Solid. Bright Red Color. Fine Quality.

G466—(63 day)—As its name indicates it is way ahead when it comes to early ripening of fruit, even ahead of our famous John Baer and Earliana. We know this is a strong claim to make but it is an actual fact and we know that after you give it a trial you will be more than satisfied. The fruits are of good size, bright scarlet color, almost round, very smooth and remarkably handsome in appearance. The flesh is solid and of the finest flavor. Although it is the first to ripen, vines continue bearing for a very long time. Every tomato grower knows that the first tomatoes always bring a big price and we are confident that this variety will more than please everyone who plants it. Our strain of this tomato has all been grown from single plant selections and is highly improved. Pkt. 15c; 2 pkts. 25c; 1/2 oz. 60c; oz. \$1.00.

JUNG'S SUPER SELECT WAY-AHEAD TOMATO

G467—Many planters want Super Select or stock seed Tomato even though the price is high. To supply this demand we offer you seed saved from the most select plants and first or crown-set fruits. Price of this super-select seed. Pkt. 25c; 1/4 oz. \$1.00; 1/2 oz. \$1.75; oz. \$3.25.

E. M. Halford, Okla.—Have been growing Tomatoes for several years. I find your Wayahead as early, if not the earliest, of any I have ever grown.

GROUND CHERRY

True Yellow

G230—These plants are low and spreading and produce their luscious fruits in great abundance. Excellent for pies and make delicious preserves as the fruit has a strawberry flavor. Of easy culture and will succeed in most any garden. Pkt. 10c; 3 pkts. 25c.

HYBRID SWEET CORN

Wisconsin "800"

Extra Early. Heavy Yields. Sweet and Luscious

G437—(70 day) — A new extra early hybrid sweet corn, developed at the University of Wis. It is one of the earliest varieties. Under normal conditions is ready to pick in 70 to 72 days. Ears are 6 to 8 1/2 in. long, usually 8 rowed, and are well filled with tender, delicious, deep golden kernels; flavor and quality are superb: A very profitable variety for the market grower as it comes on when prices for the first corn are always high. As the stalks are dwarf it does not require much space, making it well suited for the small garden. Pkt. 10c; 1/2 pt. 35c; pt. 60c; qt. \$1.00.

G437—WIS. "800"

A1312—SEPT. EVERBEARING RASPBERRY

G333—TENDERSWEET

Vegetables for Small Gardens

On this page we list vegetables especially suited for the small gardens where space is limited. They are dwarf and compact in growth and do not require as much space as many other varieties. While they are smaller in growth they will produce remarkable crops of high quality vegetables and are highly recommended for the small as well as large gardens.

G133—NEW WADE

New Wade Green Pod Bush Bean

"All America" Gold Medal Winner as the Outstanding Green-Pod Bush Bean.

G133—(63 day)—In order to win such an endorsement a vegetable must be superior to all others and Wade is just that. It has vigor, yield and quality. Grows a strong bush, heavily leaved and remarkably free from disease. Pods are 5½ to 6 in. long, round, fleshy, deep green and free from strings and fibre. Pkt. 12c; ½ pt. 35c; qt. 60c; qt. \$1.10.

G180—CHANTENAY CARROT

Red Cored Chantenay Carrot

G180—A very desirable Carrot at it has color, quality and size. They grow 5½ to 6 in. long, 2¼ in. thick and being stump rooted are very easy to dig. Flesh is deep orange with no light core, fine grained, sweet and tender. Pkt. 10c; ½ oz. 20c; oz. 35c; ¼ lb. 60c; lb. \$1.75; 5 lbs. \$8.55 postpaid.

G250—SALAD BOWL LETTUCE

Salad Bowl Lettuce

G250—All America Gold Medal for 1952 as one of the outstanding vegetables. A Lettuce of superb quality that will give you a superb salad over a longer period of time than any other lettuce. Will not become bitter even in hot weather. Leaves are beautifully curled and very tender. If leaves are cut so as not to injure the crown it will keep on growing for many weeks. Thin out so plants will stand 8 to 10 in. apart to get best results. Pkt. 12c; ½ oz. 30c; oz. 50c.

SPECIALS—See Page 39

G105—BEST OF ALL BEETS

Baby or Canning Beet "Best of All"

Unexcelled for Home or Market Gardens. Deep Red Throughout. No Light Zones.

G105—A new Beet that will please the most critical planter. Ready to use in 50 to 55 days. Beets are deep red in color with no white rings or zones, globe-shaped and very tender and sweet. A splendid variety for pickling, bunching or canning as they are always smooth and uniform. We consider this one of the finest Beets for either the home or market garden. Pkt. 10c; oz. 25c; ¼ lb. 60c; lb. \$1.75.

G434—JUNG'S HONEY CREAM

Jung's Extra Early Honey Cream Sweet Corn

Dwarf in Growth, Requires Little Space, Deliciously Sweet and Tender.

G434—(60 day)—Until you grow some of this superb Sweet Corn you have not tasted really delicious sweet corn. It is by far the most tender and delicious variety and does not become tough and "mealy" like most varieties. It is very early, (60 days) the stalks are dwarf and can be planted closer than larger varieties so is well suited for small gardens. The ears are 6 to 7 in. long and have 10 to 12 rows of silvery white kernels that have practically no skin or hull. The quality is superb, very tender, unusually sweet and of delicious flavor. One of the best varieties for canning, freezing or fresh table use. Pkt. 12c; ½ pt. 35c; qt. \$1.00.

G380—RAPID RED RADISH

RADISH

Jung's Rapid Red

G380—(22 day) — Our special strain of high quality maturing Radishes having been grown in the short period of 20 days. Its attractive color and small tops make it especially desirable for forcing, very uniform in size, shape and appearance. The flesh is pure white, mild, crisp and tender. If you wish to be first on the market with Radishes that will command fancy prices then plant "Rapid Reds." Pkt. 10c; oz. 25c; ¼ lb. 55c; lb. \$1.40; 5 lbs. \$6.00.

G332—EARLY BIRD PEAS

Extra Early Dwarf Peas

G332—EARLY BIRD or SUPERB—(61 day)—A very fine extra early Pea as early as Alaska with pods one-fourth larger and of much better quality. Vines dwarf in growth, very robust and productive. Pods contain 9 to 10 peas of fine quality. As the seed is semi-wrinkled it can be sown as early in the spring as the soil can be worked. Pkt. 12c; ½ pt. 35c; qt. 60c; qt. 95c.

Extra Early WATERMELON New Hamp. Midget

1951 All America Gold Medal Winner.

G488—(70 day)—A new extra early melon especially suited for small gardens as it does not require much space and may be grown on a trellis. Fruits are 7 to 8 in. across, just right for individual serving or placing in a refrigerator. The rind is very thin, flesh rich red, juicy crisp with extra high sugar content. Unlike most early melons it excels in quality and flavor. Pkt. 12c; oz. 35c; ¼ lb. \$1.00.

G463—SUGAR LUMP TOMATO

Extra Early Tomato

JUNG'S SUGAR LUMP — A remarkably fine tomato that ripens very early and bears a heavy crop of smooth deep red fruits from early summer until frost. Fruits are 1½ to 2 inches in diameter, always smooth, deep red and very sweet, unexcelled for canning whole, salads and making tomato juice. Fruits are borne in clusters, often 12 to 15 in a bunch and are so productive that 12 to 15 plants will supply enough fruit for an average family. Select seed of our own growing. Pkt. 12c; ½ oz. 40c; oz. 75c.

SQUASH

Bush Buttercup

G409—"Buttercup" is probably one of our top-quality fall and winter squash but due to its long vines is not suitable for the small garden. We now have a "bush" type of this fine squash and you can grow the finest fall and winter squash in your small gardens. Fruits are the same size and same high quality as the popular "Buttercup." Pkt. 15c; oz. 45c; ¼ lb. \$1.00.

G409—BUSH BUTTERCUP

LAWN GRASS

See Page 39

G488—NEW HAMPSHIRE MIDGET

Dwarf or Bush Muskmelon

The Melon for Small Gardens; Requires Little Space.

G267—The vineless character of growth or "bush" habit of this fine melon is a distinct advantage as it can be grown even in small gardens where room is limited. The plants are very sturdy and vigorous, growing 18 to 24 inches long. The fruits average 4 to 5 inches in diameter and are produced in abundance. The flesh is very deep, edible to the rind, light green in color, lusciously sweet and juicy and of most gratifying flavor. Pkt. 10c; 3 pkts. 25c.

New "Wisconsin Chief" Tomato

New Release in 1957 by the University of Wisconsin.

G471—This fine new tomato is outstanding for its ability to produce a uniformly heavy first set of fruit, with heavy later clusters over a long period. The large bright red tomatoes are also noted for their smoothness, and they are selected for firmness, meatiness, and freedom from fiber. The fruit shape is a slightly flattened globe, and they resist scarring and cracking. The vines are semi-dwarf to allow closer planting, and the abundant foliage protects the fruit from sun scald. This tomato was developed by Dr. Gabelman of the University of Wisconsin, and we think it will prove to be one of our leading home garden varieties. Since the seed is extremely limited this year we can offer it only by package, with only one to a customer. Pkt. (75-100 seeds), 25c.

G267—BUSH MUSKMELON

G471—WIS. CHIEF TOMATO

G123—PUREGOLD WAX BEANS

Puregold Wax Bush Bean

Heavy Yielder. Top Quality. Unsurpassed for Freezing or Canning.

G123—A bush bean that combines vigor, yield and quality. The bushes grow 18 to 24 in. tall, are covered with heavy foliage and bear a tremendous crop of round meaty pods. Pods are 5½ to 6 in. long, a deep golden color, tender, stringless and of excellent flavor. In season it comes on when the earliest varieties are through bearing. A superb variety for freezing as the pods are fleshy, stringless and free from fibre. Pkt. 12c; ½ pt. 35c; pt. 60c; qt. \$1.10.

G172—WISCONSIN BALLHEAD

CABBAGE

Wisconsin Ballhead

G172—Disease Resistant—(100 day)—This variety has proved to be very resistant to the cabbage disease known as "yellows" which destroys the crop in many sections. A splendid variety for shipping as heads are solid as a rock, also an unusually good keeper. If you grow cabbage for shipping or want something that will keep through the winter, plant this variety. Pkt. 15c; ½ oz. 30c; oz. 50c; ¼ lb. \$1.60; lb. \$5.90.

Cornell "51" Muskmelon

Extra Early. Delicious and Sweet
Fusarium Resistant.

G276—A new early cantaloupe or melon developed by Dr. Munger of Cornell. It is the earliest fusarium-resistant muskmelon and in addition is of very high quality. The melons are almost round, well netted and moderately ribbed, ripen in about 85 days. Flesh is deep orange, very thick, crisp, juicy and of delightful sweet flavor. A grand melon for home gardens, roadside stand and local markets as the attractive melons always command top prices. Pkt. 15c; oz. 35c; ¼ lb. \$1.25; lb. \$3.50;

New "CHAMPION" Radish

1957 "All America" Medal Winner
Brilliant Color. Superb Quality. Does Not Become Pithy.

G369—A new Radish of high quality and attractive appearance. Under normal conditions they can be pulled in 25 to 28 days but will stand a longer time, without becoming pithy or spongy, than any other radish as they will be crisp, juicy and tender even when they have reached a diameter of a silver dollar. The radishes are perfectly round with a small tap root and a brilliant scarlet color, which does not become dull after being pulled. Pkt. 25c; oz. 50c.

G369--NEW CHAMPION RADISH

G410—BANANA SQUASH

The Great Banana Squash

Resistant to Bugs. Good Keepers. Superb Quality.

G410—This squash keeps equal to Hubbard, is fully as good in quality, more prolific and ripens earlier. The color is grayish green, shell soft so that it can be cut with a knife. It grows 18 to 30 in. long and 6 to 8 in. in diameter, many weighing 25 to 30 lbs. The flesh is very thick, deep orange in color and entirely free from fibre and stringiness. Cooks up perfectly smooth and of the most delicious flavor. Vines are very vigorous growers and more resistant to squash bugs than any other variety. Pkt. 10c; oz. 30c; ¼ lb. 65c; lb. \$1.90; 5 lbs. \$9.25.

Top Rated Vegetable Specialties

On this page we are listing some of the very best vegetables that are widely used for market but are equally as good for the home garden. Our seeds of these are grown from very select strains and can be depended upon to produce large crops of high quality vegetables.

Commercial Growers

Send us a list of the varieties in which you are interested and quantities wanted. We will quote you prices that will mean savings to you. Our seeds are all of the very highest quality.

Wisconsin "950" Hybrid Sweet Corn

G438—(80 day)—A new and better Hybrid Sweet Corn developed by Prof. Andrew of the Wis. College of Agriculture. We consider it one of the very best as it excels in vigor, yield and quality. Grows a vigorous stalk, 5 to 6 ft. tall which often bear 2 ears to a stalk. Ears 7 to 8 in. long, 12 to 14 rows of bright golden kernels which are remarkably sweet and tender. A superb Sweet Corn for either the home or market garden and unsurpassed for using fresh, canning or freezing. Pkt. 12c; ½ pt. 35c; pt. 60c; qt. \$1.10.

G438—WIS. "950"

G465—STOKESCROSS F-2 TOMATO

F-2 Hybrid Tomato

G465—STOKESCROSS NO. 4—(70 day)—The hybrid vigor bred into this tomato shows up in the healthy, deep rooted, heavy yielding plants. The large, smooth, deep red fruits are borne in abundance, and over a long period as the vines set fruit and just keep on bearing. Flesh is firm, rosy-red in color and of superb quality and flavor. Well suited for home gardens and market growers. Pkt. 15c; ½ oz. 85c; oz. \$1.50; ¼ lb. \$4.50.

Rhode Island Red Watermelon

Extra Early. Superb Quality. Attractive Appearance.

G491—(88 day)—Delicious sweetness, delightful flavor, earliness and ideal size are combined in this outstanding melon developed by Dr. Dolan of Rhode Island. It is the result of a cross between Dixie Queen and Honey Cream, very early and highly productive. Melons are striped, medium size (8 to 12 lbs.) and have a firm rind. Flesh bright red, free from stringiness with few seeds. Probably the sweetest and best extra early watermelon. Pkt. 15c; oz. 40c; ¼ lb. \$1.25; lb. \$3.50.

G491—RHODE ISLAND WATERMELON

Giant Hybrid Sweet Spanish Onion

Giant in Size. Heavy Yielder. Sweet Mild Flavor.

G300—(115 day)—Why buy the large sweet onions at fruit stores when you can grow them in your own garden? This new variety was developed especially for this country and anyone having reasonably good garden soil can grow these fine large onions. Seed sown early in the spring will produce magnificent large globe shaped onions often weighing a pound or more. It has a beautiful straw colored skin, flesh pure white, tender and of mild sweet flavor. A good keeper for such a large onion. We offer our special strain of seed which was grown from only carefully selected bulbs. Pkt. 15c; ½ oz. 45c; oz. 85c; ¼ lb. \$2.50; lb. \$8.50.

HYBRID ONION PLANTS.
See Page 20.

G300—HYBRID SWEET SPANISH ONION

M. L. Stress, Wis.—This is the 18th year we have planted your seeds, always have good crops from them.

Commercial Onion Growers

We make a specialty of Hybrid Onion seed and can supply you with the newer as well as standard varieties such as Abundance, Aristocrat, Autumn Spice, Brown Beauty, Bonanza, Elife, Epoch, Magnifico, etc.

If you are in need of any of these write for our special commercial growers prices. We can save you money on these.

New Wisconsin Lakes Pepper

G350—(68 day)—A new early, heavy yielding pepper developed by Prof. Combs at the Wis. Exp. Station. Grows a very sturdy bush or plant 18 to 24 in. tall which are well supplied with ample foliage to prevent sun scald. Compared to California Wonder it ripens about one week earlier, fruits are fully as large but it sets more fruits so has always outyielded that popular variety. It has quality, uniformity, appearance and yield; equally desirable for the home or market garden. Pkt. 15c; ½ oz. 75c; oz. \$1.25.

G350—WISCONSIN LAKES

Jung's Golden Anniversary Flowers

F505—AMERICAN BEAUTY ASTERS

Giant American Beauty Asters

F505—This is a superb strain of truly giant flowered Asters that will produce flowers rivaling Chrysanthemums in size and beauty. The vigorous plants produce flowers 4 to 5 in. across and are borne on stems 2 to 3 ft. tall. Will last for 10 days when cut and bloom until hard frosts. White, Rose, Lavender, Shell-pink, Purple and Mixed Colors. Pkt 12c; 1/8 oz. 35c; 1 Pkt of each color for 40c.

F538—BELLS OF IRELAND

Bells of Ireland

F538—An unusual flower widely used in floral bouquets and becoming popular in flower gardens. Graceful, 2 ft. flower stems are covered with 2 in. flowers leaving little room for foliage. Beautiful when used with bouquets of Gladioli, also can be cut and used in winter bouquets, dry the same as Everlasting flowers. Easily grown from seed. Pkt. 15c; 2 pkts. 25c.

Super Majestic Double Larkspur

F607—A new and improved strain of Larkspur which for size and doubleness of flowers, long stems and wide range of color is unexcelled. Plants will grow 3 to 4 ft. tall and produce long spikes of the beautiful double flowers. Remain in flower for a long time if kept picked. Pkt. 10c; 1/8 oz. 25c.

Dwarf Double Hybrid Nasturtiums

F641—Now you may have these wonderful scented double Nasturtiums in a wide range of color in true bush form. The plant will grow 12 to 15 in. tall and when in full bloom are a mass of color. The flowers are double, large, well formed and delightfully sweet scented. Colors range from lemon through orange to flaming scarlet. Pkt. 10c; 1/4 oz. 20c; oz. 35c.

EXTRA SPECIAL

Any six 10c pkts. your choice for 50c; any four 15c pkts. for 50c. This applies to both garden and flower seeds in any part of this catalog. It applies to seeds in pkts. only and not to bulbs, plants and shrubs.

Mammoth Pansies

F650—JUNG'S GIANT FANCY MIXED—This "Fancy" Mixture contains seeds of the largest, richest and handsomest pansies known to the horticulture world. The well formed expanded flowers are uniformly of the largest size and of fine substance; they are borne on long stiff stems well above the heavy deep green foliage. The colors are rich and varied such as white, yellow, deep orange, mahogany, claret, reddish bronze rose; all are distinctly blotched. Pkt. 20c; 1/8 oz. 95c.

Giant Hybrid Zinnias

F772—The exquisite beauty of these lovely Zinnias is hard to describe. The immense ruffled and fluffy flowers grow up to 6 in. across, and very much resemble chrysanthemums. They come in a gorgeous blend of color and will bloom from early summer until frost. The sturdy plants grow to a height of 2 1/2 to 3 ft. and bear the giant blooms in great profusion. Pkt. 15c; 1/8 oz. 35c.

Cuthbertson Floribunda Sweet Peas

Resistant to Heat and Drought. Tall Vigorous Vines. Five to Eight Flowers on a Stem. Bloom from Early Summer until Frost.

A highly improved strain of the popular Cuthbertson Sweet Peas developed under the direction of Frank G. Cuthbertson. Retains the vigor of the original stock and in addition it has longer stems and often as many as six or more large flowers on a stem. They are remarkably resistant to heat and drought and will bloom over a long period.

F900—DAISY—Pure, glistening white. Hard to beat.

F901—EVELYN—Salmon cream pink. A real beauty.

F902—FLORA—Rose carmine. A real winner for color and size.

F903—FRANK G—Rosy lavender. A color you will like.

F904—KENNETH—Rich oxblood crimson. Large flowers and a rich color.

Cuthbertson Floribunda Mixed Sweet Peas

F719—A superb mixture of the above and many other new colors. Due to their great vigor they will grow and bloom in those areas where other sweet peas fail due to hot weather. As the vines are such vigorous growers, do not plant them too thick, plants should stand 6 to 8 in. apart in the rows, sow as early in the spring as the soil can be worked. For vigor, large flowers, long stems and profuse bloomers you will find these Sweet Peas to be "tops." Pkt. 12c; 1/2 oz. 30c; 1 oz. 50c; 1/4 lb. \$1.25.

F635—BUSH MORNING GLORY

Midget Bush Morning Glory

F635—ROYAL ENSIGN—One of the deepest bright-blue annuals and excellent for edging or borders as the plants are dwarf and bloom for a long period. Flowers are deep ultramarine blue with a white halo and gold throat. Profuse bloomer. Pkt. 10c; 1/8 oz. 25c.

F607—SUPER MAJESTIC LARKSPUR

F650—GIANT FANCY PANSIES

F719—CUTHBERTSON SWEET PEAS

Jung's Giant Red Gladioli

B1562—There are so many beautiful Gladioli that it is hard to pick a single variety as being the best. However, the red ones seem to be the most popular and if you wish something out of the ordinary order some of these bulbs, they will produce flowers of giant size and beauty in many shades of "red." Large Select Bulbs: 6 for 60c; 12 for \$1.00.

Mrs. Robert Molkenton, Mich.—We never had more beautiful glads than those we received from you. Every one of them was a prize winner.

Blue and Purple Gladioli

B1564—There is always a great demand for gladioli in blue and purple shades. To meet this demand we grew a nice lot of these colors the past year and are able to supply a very fine selection of these popular colors. Select bulbs: 6 for 65c; doz. \$1.10. Order early as our supply is limited.

SAL. SENSATION

PAUL BUNYAN

ROYAL MONARCH

Giant Exhibition Gladioli

Here are some of the newest Gladioli originations that will thrill and delight you with their exotic beauty and charm.

B1525—ABU HUSSAN—A new deep violet-blue that has size and beauty. Large flowers borne on straight, tall, strong stems.

B1546—BEAUTY'S BLUSH—Delicate blush pink flowers of large size and exquisite beauty. Tall willowy stems with 18 to 20 buds.

B1527—BURMA—Deep rich rosy red with wide open heavily ruffled flowers. A prize winner wherever shown.

B1529—ELIZABETH THE QUEEN—*"The Jewel among Glads"*—Beautiful clear lavender pink with darker markings in the throat. The large flowers are heavily ruffled and borne on stiff straight spikes. (See cut page 7)

B1531—FRIENDSHIP—Most beautiful gorgeous pink. Large ruffled blooms on strong straight spikes. A rare beauty.

B1532—GREAT LAKES—The nearest to a sky-line gladioli thus far produced. Large flowers freely produced on long straight stems.

B1533—LAVENDER PRINCE—A vigorous tall grower. Flowers well ruffled, of large size and a deep rich lavender color.

B-1517—SANS SOUCI—A new true scarlet which now ranks as one of the best florist reds. Large well placed flowers are borne on unusually stiff, tall spikes.

B1534—SHERWOOD—Lustrously ruffled deep purple and rates as one of the best in this color. Tall straight spikes with 5 to 6 flowers open.

B1535—SPIC & SPAN—Another top-rated "glad." Large, ruffled flowers of an unusual deep pink. Tall straight spikes with many open.

B1536—SPOTLIGHT—One of the finest glads grown. Tall, sturdy spikes, often 5 ft. tall bearing the immense blooms which are a rich canary yellow with a bright red blotch in the throat.

B1577—WHITE GODDESS—The outstanding white, a truly exotic beauty. The lovely ruffled white florets are produced on heavy straight spikes, often 6 to 7 open at one time. Will grow 5 to 6 ft. tall with flower heads often 2 ft. long.

Price of above: Each 20c; 3 for 50c; 12 for \$1.65.

GLADIOLI COLLECTION NO. 2
B1540X—One large select bulb of each of the above 12 Giant Exhibition Gladioli for \$1.65; 5 of each for \$7.85.

SAN SOUCI

WHITE GODDESS

BEAUTY'S BLUSH

Four Grand SUPER "GLADS"

The Gladioli listed below are "super" in every way and are something special we wanted for our 50th Anniversary offering. Plant some of these bulbs and you will grow glads that will amaze you with their size and beauty.

B-1557—SALMAN'S SENSATION—The outstanding deep blue and the leader in this color class. The largest and tallest of all the blues, many 5½ ft. stalks in our fields the past season.

B-1583—ROYAL MONARCH—A true monarch for size and beauty. Deep red flowers of giant size on plants 5 ft. tall and as many as 24 buds on a spike. A truly giant red.

B1519—PAUL BUNYAN—Truly named as it is a giant for size and beauty. Flowers are a rich salmon-pink with deep rose throat, heavily ruffled and often 6 to 7 in. across. As many as 8 to 10 flowers are open at one time and grows to a height of 5 ft. A sure winner at all glad shows.

B1520—HEIRLOOM—One of the most beautiful orchid or lavender-pink glads. Heavily ruffled flowers that rival orchids for beauty.

PRICE OF ABOVE GLADIOLI: Each 35c; 3 for \$1.00; 12 for \$3.50.

GLADIOLI COLLECTION NO. 10
One select bulb of each of the above Gladioli for \$1.25; 3 of each for \$3.50.

HEIRLOOM

Mrs. Carl Meyer, Wis.—Have planted your seeds and bulbs for many years and find them to be all you claim. My Glads were exceptionally good, some grew to a height of 71 inches and bloomed for several weeks.

James M. Flynn, Lackawanna Institutions, Pa.—The Giant Gladioli bulbs you sent us are beautiful and greatly admired by our patients and visitors.

ABU HUSSAN

FRIENDSHIP

SPOTLIGHT

Jung's Prizewinner Gladioli

The grand new Gladioli listed below are some of the very best of the new introduction and for size, beauty and color are really superb. If you wish something extra fine you will order this collection.

B1505—AUREOLE—Wonderfully beautiful heavily ruffled rich canary yellow. Open 6 to 7 large well placed blooms on a tall willowy spike. One of the best yellow glads.

B1501—BARCAROLE—Gorgeous large heavily ruffled flowers of rich, clear orange. A superb beauty.

B1502—BLUE BEAUTY—Large flowers of medium blue shading deeper toward the edges. Considered one of the best in this color.

B1504—CHARMAINE—A new shade of clear rich medium rose, 5 to 6 flowers open at one time with as many more buds showing color. Large flowers well placed on sturdy stalks.

B-1503—EDGEWOOD—Tall, rich deep rose, large ruffled flowers on tall 20-bud spikes. A superb "glad" in every way.

B1530—FLORENCE NIGHTINGALE—A top-notch white, has size, beauty and stamina. Will grow 5 ft. tall with blooms 5 to 6 in. across.

B1510—MISS WISCONSIN—A glad of size and rare beauty. Rich, deep rose, large blooms, tall spikes.

B1506—ORANGE GOLD—Immense flowers of dazzling true orange-gold produced on stalks 4 to 5 ft. tall. A truly wonderful variety.

B-1573—REGAL RED—A fine glad having color, beauty and size. Large, deep red ruffled flowers, well placed, on spikes 4 to 5 ft. tall. Vigorous grower.

B1507—RUFFLED PRINCESS—A gorgeous live rose-pink so heavily ruffled that half open flowers resemble roses.

B-1511—SILCHERLEID—Lovely La France pink with deep red throat. Tall, vigorous spikes, always straight.

B1512—VULCAN—Rich magenta-purple, a color well liked by most Ladies. Opens up to 7 well placed blooms on a tall straight spike.

Price of above select bulbs: 3 for 45c; 12 for \$1.50; 100 for \$8.25. When ordering name varieties wanted.

B1522X—SPECIAL GLADIOLI COLLECTION NO. 1

POINSETTIA COLUMBIA ST. PEACH GORGEOUS DEB M. FISHER KING DAVID GOLD NOWETA ROSE

Jung's Top Notch Gladioli

The Gladioli listed below are the newer and highly improved varieties, only a few years ago, many of these were priced at \$1.00 or more per bulb. You will be amazed by the size, beauty and colors of these grand varieties.

B-1518 — ALIECHIN — Deep, rich, purple flowers of good size. Good grower and early bloomer.

B-1578 — BENJ. BRITTEN — A grand deep toned lavender. Flowers 5 to 6 in. across produced on 4 to 5 ft. stalks. An early and profuse bloomer.

B-1579 — COLUMBIA — Large blooms of clear creamy white heavily edged with rose. A great improvement on the old popular Corona as it is a more vigorous grower. Tall straight spikes.

B-1580 — COVER GIRL — A giant flowered salmon-pink, opens 8 to 10 flowers on 5 ft. spikes. You will like this superb "glad."

B-1572 — EVANGELINE — A gorgeous light pink that has size and beauty. Under normal conditions will grow spikes 5 ft. tall with 8 to 9 huge heavily ruffled flowers open at one time. A regal beauty in every way.

B-1575 — GOLD — One of the outstanding "glads." Clear rich deep golden yellow. Large well ruffled flowers, well placed on strong spikes. With good care will grow 4 to 5 ft. tall.

B-1581 — GORGEOUS DEB — A grand combination of gold, pink and salmon. Opens 8 to 9 heavily ruffled blooms on strong straight spikes. Truly a "gorgeous glad."

B-1582 — KING DAVID — Probably the best deep purple. Flowers heavily ruffled and fluted with a satin-like sheen. Vigorous grower with 18 to 24 buds on a spike.

B-1508 — MOTHER FISHER — The most nearly perfect white as it combines beauty, size and vigor. Tall spikes, large ruffled flowers of glistening white.

B-1576 — NOWETA ROSE — One of the most beautiful and popular new glads. Clear, rich lavender rose, nicely ruffled and well placed on tall, straight spikes. A splendid variety for any purpose.

B-1584 — POINSETTIA — Has that bright "Christmas red" color so much sought in flowers. Large ruffled flowers open 6 to 8 on long straight spikes.

B-1574 — STRAWBERRY PEACH — This royal beauty is gorgeously ruffled, of rare buff-pink with a soft red in the throat. For rare beauty it is a class by itself.

PRICE OF ABOVE GLADIOLI — Each 30c; 3 for 75c; 12 for \$2.50; 100 for \$16.50.

GLADIOLI COLLECTION NO. 12
B-1590X — One select bulb of each of the above 12 Top Notch Gladioli for \$2.45; 5 of each for \$11.50.

B-1551 — MARGARET BEATON

B-1568 — JUNG'S RUFFLED GIANT GLADIOLI

Jung's Ruffled Giant Gladioli

Immense Ruffled Flowers. Giant Tall Spikes of Flowers. Gorgeous Colors. Easy to Grow. Sure to Bloom.

B-1568 — These bulbs are put out for people who want the very best of the new giant flowered "glads." Only the newer varieties are used and each package is put up separately so if you order six or a dozen bulbs no two will be alike. If you wish to surprise your friends with gladioli that are giant in size and the most rare and beautiful colors plant some of these bulbs. Many of them will grow 4 to 5 ft. tall and produce flowers 4 to 5 in. across. Large Select Bulbs: 6 for 50c; 12 for 95c; 50 for \$3.50.

GIANT RAINBOW GLADIOLI

Jung's Giant Rainbow Gladioli

Easy to Grow. Sure to Bloom. Giant Flowers.
B-1570 — We grow these grand flowers by the acre and want all of our customers to share their beauty. You will be delighted with the size, beauty and gorgeous color of the flowers. Many of them will grow 4 to 5 in. across with 6 to 8 flowers open at one time. If cut when first flowers open will last for 10 days. In this mixture you get a grand assortment at a very reasonable price. 6 for 35c; 12 for 60c; 50 for \$2.00.

Acidanthera "The Fragrant Gladioli"

B-850 — A new summer flowering bulb of unusual and distinct beauty; showy in the garden and fine for cutting. Six or more of the graceful flowers are produced on graceful arching stems 2 ft. long, remain in flower for several weeks. Easy to grow and sure to bloom, handle the same as you would gladioli. Large Select bulbs: 3 for 30c; 6 for 50c; 12 for 85c.

Liatris or Kansas Gayfeather

P-1752 — Not many flowers will attract more attention on account of their unusual appearance, they are beautiful as well as odd. Blooms in mid-summer and flowers last a long time and make excellent cut flowers of deep rich purple color. Very hardy and easy to grow. Each 35c; 3 for 80c.

LIATRIS

B-1566 — JUNG'S COLOSSAL GLADIOLI

Jung's Colossal Gladioli

B-1566 — These are mammoth sized bulbs, 2 1/2 in. and over, and are of really superb varieties, they are for those people who want something extra special and out of the ordinary. These bulbs will grow spikes 4 to 6 ft. tall and the flowers will be truly giant in size, many of the bulbs will grow 2 and sometimes 3 spikes of flowers. These husky bulbs will produce very vigorous plants that usually bloom quite a bit sooner than smaller bulbs. Only the choicest varieties are used in this assortment and whether you order 6 or a dozen bulbs no two will be alike. 6 for 75c; 12 for \$1.40; 25 for \$2.75.

Jung's WONDER GLADS

B-1528 — BLESSED DAMOSEL — A beautiful shade of glowing salmon-pink. Large heavily ruffled blooms, as many as 8 flowers open.

B-1550 — CORAL GIANT — Deep coral pink, 6 in. florets on stalks 4 to 5 ft. tall, really immense.

B-1515 — FIRELIGHT — A new red which we can highly recommend, large fiery-red with 5 to 7 open at one time.

B-1547 — HIGH FINANCE — Different but beautiful. Smoky orange-gray with cream throat. Vigorous grower, spikes straight and flowers well placed.

B-1548 — KING LEAR — One of the best purple "glads." Large ruffled flowers, very rich and velvety. One of the best "glads" to be had.

B-1551 — MARGARET BEATON — Heavily ruffled snow white with small scarlet blotch.

B-1553 — PURPLE SUPREME — Very large clear deep purple; you will be delighted with its size and beauty.

B-1516 — PINK RADIANCE — An outstanding rose-pink, grows a strong tall spike with many beautiful flowers open at one time.

B-1554 — RED CHARM — An easily grown cherry-red. Opens 6 to 7 well placed blooms on a tall straight stem.

B-1552 — RUFFLED BEAUTY — Very large heavily ruffled, soft canary yellow. Vigorous growers, tall straight spikes.

B-1556 — SNOW PRINCESS — One of the best whites. Very large ivory white flowers well placed on long straight spikes.

B-1549 — WEDGEWOOD — A rare combination of beauty, charm and grace. Clear live lavender-pink, rivals orchids for beauty.

Price of above: Each 15c; 3 for 40c; 12 for \$1.35.

B-1560X — GLADIOLI OFFER NO. 5
One select bulb of each of the above for \$1.35.

RUFFLED BEAUTY

FIRELIGHT

Edwin Sternitzky, Wis. — Have planted your Gladioli for many years and have found no others that were better.

Mary E. Kelley, Mass. — We have always had grand results from your bulbs and seeds. The blooms from your "glad" bulbs have been the talk of the town.

Mrs. Otto Marquardt, Tex. — The flowers grown from your gladioli bulbs were grand, everyone admired the beautiful colors.

"PEACE" America's Most Popular Rose

Vigorous Grower. Profuse Bloomer. Blooms All Summer.

S1215—(Plant Patent No. 591)—One of the most beautiful and probably the most popular of all Roses. Grows a strong vigorous bush and produces the exquisite blooms throughout the season. Blooms are of large size, very double, they open up a glowing yellow and turn to creamy white and each petal is edged with a light pink. The size and beauty of the flowers and the profusion in which they are produced will give you unbounded satisfaction. Select No. 1 field-grown bushes: Each \$2.50; 3 for \$6.50.

S1215—PEACE

Dwight K. Smith, Mont.—The roses I received from you are about the nicest I have ever seen. I am well pleased with them.

Everblooming Hybrid Tea Roses

Jung's Top-Rated Hybrid Tea Roses

Everblooming Panorama of Colors

These fine roses were selected after testing in our own trial gardens. The American Rose Society, acknowledged to be the foremost rosarians in the country, has selected these roses as some of the best among hundreds tested throughout the country. They are well worth the small extra cost.

S1217—CHRYSLER IMPERIAL—Vivid crimson red with long tapering buds and large double blooms. Very fragrant. All-America winner of '53. (Plant Patent 1167) Each \$2.50; 3 for \$6.60.

S1218—FRAU KARL DRUSCHKI—A Hybrid perpetual rose which opens pure white. A strong tall grower that is more hardy, is more disease resistant and longer lived than most hybrids. Each \$1.00; 3 for \$2.85.

S1219—HELEN TRAUBEL—Delicate blending of sparkling pink to warm apricot. Large perfectly shaped blooms. Vigorous upright bushes. AARS '52 (Plant Pat. 1082) Each \$2.50; 3 for \$6.60.

S1220—SUTTERS GOLD—Long pointed buds of deep yellow shaded with red and orange, 24 petal flowers with rich tea fragrance. Foliage is mildew resistant. AARS '50 (Plant Pat. 885) Each \$2.25; 3 for \$6.60

Selected Grandiflora and Floribunda Roses

S1222—QUEEN ELIZABETH—Pure pink blooms, has quantity of bloom of a Floribunda with size of Hybrid Tea. Glossy deep green foliage. AARS '55. (Plant Pat. 1259) Each \$2.50; 3 for \$6.60.

S1223—CAROUSEL—Grandiflora with deep red, double flowers. Blooms continuously regardless of weather. Mildew resistant. (Plant Pat. 1066) Each \$2.00; 3 for \$5.25.

S1224—FASHION—Rich lively coral peach with large 25 petal flowers. Vigorous grower, 2 to 2½ ft. tall. AARS '50. (Plant Pat. 789) Each \$2.00.

S1225—GOLDEN LOCKS—Clear bright yellow very double flowers. Free flowering and fragrant. (Plant Pat. 672) Each \$1.75; 3 for \$4.65.

S1221—CIRCUS—Vigorous bushy compact plants. Perfectly formed yellow buds change to orange, pink and scarlet, depending on weather. Very fragrant. AARS '56. (Plant Pat. 1382) Each \$2.50; 3 for \$6.60.

S1202—PRES. HOOVER

Antrol Aerosol Rose Spray

M53—Effectively controls insects on Roses, Shrubs, Gladioli and other flowers. Simply press the button and spray. 12 oz. can \$1.49; 3 for \$4.25. See also Page 2.

Top K. A. VICTORIA
Bottom THE DOCTOR

Everblooming Hedge Rose F. J. Grootendorst

S1178—A cross between Rugosa and Baby Rambler that blossoms profusely from early summer until fall. It forms a stocky bush, 2 to 3 ft. tall on which the blossoms are borne in clusters resembling bouquets of red carnations. Flowers are bright red. The finest rose for a hedge or massing with other shrubs as it is both hardy and everblooming. Select plants: Each 95c; 3 for \$2.75; 12 for \$10.50.

The Brilliant Skyrocket Rose

S1177—A hardy Rugosa Rose and one of the most profuse bloomers, plants set out in the spring are often completely covered with flowers in 6 to 8 weeks after planting. Flowers are produced in large clusters, especially beautiful when in bud as they are long and pointed, later opening into beautiful flowers. By keeping the plants lightly pruned they will flower all summer. Select 2-yr. field grown plants: Each 95c; 3 for \$2.75; 6 for \$5.25.

To meet a growing demand we are now offering a select list of especially fine hybrid roses. These are all strong 2-yr. field-grown plants that will commence to bloom early in the summer and will continue to produce flowers until frost. Detailed instructions on how they should be planted and cared for will be sent with each order.

CRIMSON GLORY

Profuse Bloomer. Vigorous Grower. In Blossom all Summer.

S1205—This grand everblooming rose is now offered at reasonable prices and is one of the best deep "reds." The beautifully formed blooms of deep vivid crimson are held proudly erect on strong vigorous plants. Blooms freely from early summer until heavy frosts. One of the most fragrant of all roses. Strong 2-yr. field-grown plants: Each \$1.10; 3 for \$2.95; 12 for \$11.25.

S1205—CRIMSON GLORY

S1200—THE DOCTOR—A very popular rose, large silvery pink blooms of superb beauty. The long pointed buds expand to mammoth flowers which are very fragrant.

S1201—K. A. VICTORIA—One of the best and also most profuse flowering white tea rose. The exquisite blooms are soft pearly white, very double, delightfully fragrant and beautifully formed.

S1204—S. THERESA—One of the best yellow roses. Flowers are very fragrant, color bright yellow with some of the petals edged with carmine. Grows a healthy, vigorous, free flowering bush.

S1202—PRES. HOOVER—One of the better two-toned roses being a fine combination of rich red and orange. Beautiful formed blooms are freely produced on vigorous, upright bushes.

PRICE OF ABOVE ROSES
Select 2-yr. field-grown plants:
Each \$1.00; 3 for \$2.85; 6 for \$5.40.

ROSE OFFER NO. 1
S1210X—One select 2-yr. plant of each of the above 5 Hybrid Roses for \$4.45.

S1204—S. THERESA

Please Notice

When comparing prices please bear in mind that we sell only 2-yr. strong field-grown Rose Bushes. We do not offer small 1-yr. grafts such as are often offered at low prices.

S1172—HARRISON'S YELLOW

Hardy Rugosa Roses

These roses are very hardy and can be grown in any part of the U. S. They were produced by crossing the hardy Rugosa Rose with some of the best double everblooming varieties. They have perfectly double flowers, bloom at frequent intervals throughout the season and are highly fragrant. They are absolutely hardy and are not susceptible to many diseases and insects that attack other roses.

S1172—HARRISON'S YELLOW—One of the hardiest yellow Roses. When in full bloom the plant is simply a mass of gold. Foliage is fern-like and very attractive. Strong 2-yr. plants: Each 95c; 3 for \$2.75.

S1178—GROOTENDORST

S1177—SKYROCKET

Floribunda Roses

S1193—EUTIN

S1216—BABY BLAZE ROSE

The Glorious "BABY BLAZE" Rose A Rose of Striking Beauty. Blooms from Early Summer Until Fall.

S1216—A dwarf or bush rose having the same flowers as the popular Blaze climber. Bushes grow 18 to 24 in. tall and are profuse bloomers. The vivid red flowers are borne in clusters of 3 to 4 and are about the same size and color as the popular Blaze climber. A bush of these roses on your lawn or in your garden will be sure to attract attention and please you with their beauty and profusion of bloom. Select 2-yr. plants: Each \$2.00; 3 for \$5.25.

These superb dwarf bush roses produce their exquisite blooms in clusters and are a mass of flowers from early summer until fall. Being of dwarf growth they can be used for beds, borders, among evergreens or as a hedge.

S1193—EUTIN—Great clusters (often 25 or more flowers) are produced all summer, very double and glistening deep red. A healthy, hardy, vigorous, free-blooming rose. Foliage dark green and glossy.

S1191—DAGMAR SPATH—Pure white double flowers produced in great abundance on vigorous bushes.

S1192—GOLDEN SALMON—The bright salmon-orange blooms are produced in clusters on well shaped bushes. Profuse bloomer from early summer until fall.

PRICE OF ABOVE ROSES—Select 2-yr. field grown plants: Each \$1.00; 3 for \$2.85; 12 for \$10.85.

ROSE OFFER NO. 2

One select 2-yr. plant of each of the above 3 Floribunda Roses for \$2.85; 3 of each (9 in all) for \$8.50.

S1180—RED DOROTHY PERKINS

S1182—BLAZE CLIMBER

CLIMBING ROSES

The Famous "Blaze" Climber

S1182 — Probably the most popular and widely grown climbing rose. Clusters of 3 to 5 blazing scarlet flowers come out in June and intermittently all summer. The size of flowers, brilliant red color and profusion of blooms makes this one of the most gorgeous climbing roses. Plant in good rich soil as the more it grows the more it blooms. Select 2-yr. plants: Each \$1.00; 3 for \$2.85.

Red Dorothy Perkins

S1180 — A splendid climbing rose remarkable for its brilliant fiery red flowers and the great masses of blossoms that are produced in clusters of 6 to 8 flowers each. The flowers are very double and much larger in size than the ordinary Rambler Roses. The vines are vigorous growers, leaves glossy and deep green and are practically immune from disease and insect attack. Select 2-yr. plants: Each 80c; 3 for \$2.25.

New Everblooming Climbing Rose

S1226—DR. J. H. NICOLAS—Climber producing double deep rose-pink flowers 5 to 6 in. across. Grows 8 to 10 ft. high and is everblooming. (Plant Pat. 457) Each \$2.00; 3 for \$5.25.

Dictamnus or Gas Plant

P-1740—A very desirable hardy perennial that deserves a place in every flower garden. It grows to a height of 2½ ft. and is well supplied with attractive fragrant foliage. During June and July the showy spikes of heavily scented flowers are borne in great profusion. Should be planted in heavy soil and a sunny position and after once established they should not be moved. We have only mixed colors, mostly pink. Select plants: Each 45c; 3 for \$1.25

DICTAMNUS OR GAS PLANT

S1115—SCARLET BEAUTY HONEYSUCKLE

Hardy Climbers

Our Best Hardy Climber Scarlet Beauty Honeysuckle

Very Hardy. Blooms from June to October. Will Bloom Same Year Planted. No Insects or Disease. S1115—We consider this to be one of our very best hardy climbers, also never bothered by insects or disease. Early in June the large fragrant flowers cover the vines and are then produced until late in the fall. If you wish a hardy and beautiful vine that will not disappoint you let it be Scarlet Beauty. Select plants that will bloom this year. Each 80c; 3 for \$2.25.

Hardy Ivy

S-1066—BOSTON IVY—For a beautiful, tightly clinging vine, we recommend this hardy Ivy, especially suited for north and east sides of buildings. Its fine glossy dark green foliage resists invasions by sparrows, it makes a rapid growth and thrives even under smoky city conditions. In the autumn the foliage turns to a deep rich red color. Select 2-yr. field-grown plants: Each 70c; 3 for \$2.00.

S-1085—ENGELMAN IVY—A very desirable hardy variety withstanding severe cold and drought where other climbers fail. Will cover walls completely with its abundant foliage and well supplied with tendrils that cling to walls of stone, brick or cement. Colors up beautifully in the fall. Each 50c; 3 for \$1.35; 12 for \$4.25.

Silver Lace Vine

S1254 — This is the newest and most fascinating hardy vine and has proved highly satisfactory wherever it was planted. It is perfectly hardy, very fast growing and will cover a lattice, trellis, arbor or porch and provide both shade and beauty with its wealth of fine blossoms. It is provided with fine plentiful foliage and during August and September the vines are a fleecy cloud of bloom of white color. Select 2-yr. plants. Each 75c; 3 for \$2.10.

S1262—TRUMPET VINE

Wisteria

S1270—HARDY PURPLE—A rapid growing vine unsurpassed for beauty, excellent for pergolas, porches or trellises as it has a tightly clinging habit. It is very hardy and lives to a great age. They are especially ornamental in the early summer when the vines are covered with the large drooping blossoms. Strong 2-yr. old plants. Each 75c; 3 for \$2.10.

Trumpet Vine

S1262—A vigorous growing, hardy vine, well supplied with heavy fern-like foliage and remains in bloom all summer. The large trumpet-shaped flowers of orange scarlet are borne in clusters at the tips of the branches and bend the branches gently with their weight. Strong plants. Each 70c; 3 for \$2.00.

S1079—CLEMATIS JACKMANNI

Jackmanni Clematis

S1079—One of our most popular and beautiful climbers. Flowers when fully open are 4 to 5 inches in diameter, deep violet purple with rich velvety appearance. When in full bloom the entire plant is a mass of solid color; they remain in flower over a long period. Strong 2-yr. field grown plants. Each \$1.45; 3 for \$4.25.

S1085—ENGELMAN'S IVY

S1254—SILVER LACE VINE

S1270—HARDY PURPLE

CANNAS

For mass color and real beauty a Canna bed is hard to beat. They stand lots of heat and bloom profusely from July until frost. Whether planted in beds, as borders or background Cannas are always satisfactory and they are easy to grow and not bothered by any insects. For a real show plant a dozen Cannas in the center of the bed, then a row of Salvia

and other Dwarf Marigolds, Royal Carpet or White Alyssum, this will give you a bed of flowers of exotic beauty all summer.

P1712—CITY OF PORTLAND—The finest large flowered bright pink Canna, especially showy when planted with other Cannas. Grows 4 to 5 ft. tall, green foliage, large flowers for many weeks.

P1711—PRESIDENT—Huge, glowing scarlet flowers, vigorous plants 4 ft. tall. Profuse bloomer and the most popular and showy variety. Green foliage.

P1713—YELLOW KING HUBERT—Beautiful deep yellow flowers spotted with red. Grows 4 ft. tall and blooms profusely over a long time.

PRICE OF CANNAS: Each 25c; 3 for 65c; 12 for \$2.00.

to report how well
the bulbs you sent me last
year bloomed and such beauty

Inner Patterson, Ark.—Your seeds, shrubs and
bulbs are superior quality. Cannot praise your
company enough.

DWARF EVERBLOOMING BLEEDING HEART

Dwarf Everblooming Bleeding Heart

P1714—LYTHRUM—Grows a beautiful dwarf plant 12 to 15 in. tall and is well suited for borders, beds or planted in front of taller plants or shrubs. The fine feathery foliage makes it a beautiful plant even when not in bloom. Blooms from early summer until fall. Each 50c; 3 for \$1.25; 12 for \$4.00.

P1715—CARNATION

HARDY CARNATIONS

By planting these you can grow carnations right in your garden that rival greenhouse grown flowers. Flowers are very fragrant and grow 13 to 20 in. tall. They are hardy in most parts of the country but in areas where it is abnormally a severe winter, mulch is advisable. **P-1715—Red;** **P-1716—Yellow;** **P-1717—Rose.** Each 45c; 3 for \$1.25; 6 for \$2.35.

P1770—CREEPING PHLOX

P1754—LYTHRUM

Morden Pink Lythrum

Withstands Heat and Drought. Hard as an Oak. Not Bothered by Insects or Disease. Blooms from June into September.

P1754—A grand hardy perennial producing tall spires of warm, rosy-pink flowers for a long period of time. They grow to a height of 3 ft., do well in dry sunny spots or in partial shade, will even grow in poorly drained spots. Once planted lasts for years and will not spread. Select blooming size plants: Each 50c; 3 for \$1.25.

P1755—SIR JOHN FALSTAFF

New Giant Phlox

P1755—SIR JOHN FALSTAFF—The outstanding hardy Phlox for size and beauty. Individual flowers large as a 50c piece and flower heads 6 to 8 in. across, the giant among hardy Phlox. Flowers are a luminous salmon-pink, a really live color, and being freely produced on 24 to 36 in. plants makes this one of the outstanding hardy perennials. Each 60c; 3 for \$1.50.

Hardy Creeping Phlox

S-1770—The ideal plant for low beds, borders or edgings. Rarely grows over 4 in. tall and moss-like green foliage stays green all winter. Early in the spring plants are a solid mass of color. Suitable for full sun or partial shade. Our plants are a well balanced mixture of red, rose and white. 3 for \$1.00; 6 for \$1.75; 25 for \$6.50.

Jung's DeLuxe Dahlias

It is a source of deep satisfaction to grow truly giant flowered dahlias in your garden. It is not difficult to do this if you plant some of the excellent varieties below and follow the simple instructions sent with each order. The dahlias listed below are outstanding kinds, not only are they of giant size and fine colors but they are also vigorous growers and free flowering.

B862—BASHFUL GIANT—One of the better bronze or golden tan varieties. Its large shaggy blooms of copper and gold are very attractive. Each 45c; 3 for \$1.10.

B864—COMMANDO—A superb deep lavender. The large flowers are produced profusely on tall vigorous plants. Each 45c; 3 for \$1.15. See cut K.

B-864—D DAY—A new Dahlia in a color almost everyone likes, being a pleasing rich salmon-pink. Good sized flowers, profuse bloomer and good grower. Each 45c; 3 for \$1.25. See cut L.

Dwarf or Bedding Dahlias

B872—These grand dwarf Dahlias are very desirable for either beds or borders. They will start blooming in 6 to 8 weeks after planting and will then be a mass of flowers until frost; a bed or row of these Dahlias are a grand sight when in flower. They grow 18 to 24 inches tall and branch very freely, bearing flowers on each branch, also excellent for bouquets. Flowers will be single, semi-double and double but all very beautiful. Select bulbs: 3 for 70c; 6 for \$1.35; 12 for \$2.50; 25 for \$5.00.

Mrs. W. R. Simpson, Md.—The Dahlias received from you were outstanding.

Mrs. A. Lucas, Wis.—Was well pleased with your seeds and Dahlias.

Jung's Hardy Phlox

P-1756—AMERICAN BEAUTY—A profuse bloomer with large flowers of deep rich rose like the famous American Beauty rose. See cut U.

P-1757—CECIL HANBURY—Large trusses of deep, but brilliant, salmon-pink with carmine eye. An outstanding phlox for beauty and color.

P-1764—MARY LOUISE—Pure white, flower heads unusually large, individual flowers twice the size of most other whites. A good grower with clean foliage, profuse bloomer. See cut T.

P-1758—PROGRESS—Probably the best two-tone blue, a color combination that is rare and beautiful. A superb variety. See cut R.

P-1759—TANAGER—Rivals the popular Scarlet Tanager for beauty and showiness. Bright orange-scarlet flowers, good grower, profuse bloomer. See cut V.

Any of above: 35c each; 3 for \$1.00; doz. \$3.50

Special Hardy Phlox Offer

P1767X-1 Select plant of each of above for \$1.50

Fancy Mixed Hardy Phlox

These may be classed as one of our best summer flowering perennials. They are very hardy, easy to grow and suitable for a wide variety of soils. All of our plants are strong field-grown and not small rooted cuttings. **P1765**—Anyone wanting a fine assortment of Hardy Phlox at small cost will find our mixed phlox to be extra good. Whether you buy 3 or 6 plants no two will be alike. 3 for 85c; 6 for \$1.50.

B861—KING MIDAS—One of the most popular and widely grown yellow Dahlias. Many flowers 10 in. in diameter and produced on strong heavy stems. Each 50c; 3 for \$1.25. See cut N.

B863—MRS. GEO. L. BOUTILLIER—One of best carmine red dahlias. A true giant as many flowers are 12 in. in diameter. Easy and vigorous grower, profuse bloomer. Each 45c; 3 for \$1.10. See cut M.

B860—THOS. EDISON—A grand and striking variety, giant attractive flowers of deep royal purple. Will make a show in any garden. Each 50c; 3 for \$1.25. See cut P.

B865—WHITE WONDER—Pure white flowers 8 to 10 in. across are not uncommon. A beautiful flower with long curled petals. Each 45c; 3 for \$1.10.

SPECIAL DAHLIA OFFER

B870X—One select root of each of the above seven grand Dahlias for \$2.25.

B872—DWARF BEDDING DAHLIAS

P1730X—CHRYSANTHEMUM COLLECTION

Jung's Fancy Outdoor Chrysanthemums

Easy to Grow. Sure to Bloom. A Mass of Color and Beauty

When all other Flowers are gone.

The varieties listed below have been selected for size of flowers, beauty of color and profusion of bloom. We send out strong field-grown plants which will bloom from August until heavy frosts. These will provide you with an abundance of beautiful flowers at a time of the year when most other flowers are scarce. Our select plants will produce an abundance of flowers for either beds or bouquets.

P1720—ALGONQUIN—One of the best yellow "Mums," producing pure, bright yellow flowers 3 in. across. Tall and vigorous.

P1725—CHRIS. COLUMBUS—A vigorous grower and profuse bloomer. The large double flowers are ivory white and excellent for cutting.

P1722—HARBINGER—A grand and glorious bronze with the rich coloring of fall Maples. The large flowers make beautiful bouquets.

P1721—REDCOAT—Very hardy, a vigorous grower and profuse bloomer. Flowers double and rich vermilion red.

P1723—KRISTINA—Full double flowers of rich rose or pink with a dazzling sheen. Good grower and profuse bloomer.

P1724—OLIVE LONGLAND—Large double blooms combining apricot and pink shade. Vigorous plants are a mass of bloom over a long period of time.

PRICE OF ABOVE CHRYSANTHEMUMS

Select Field-Grown Plants, not rooted cuttings.

Each 50c; 3 for \$1.40; 12 for \$4.95.

CHRYSANTHEMUM COLLECTION

P1730X—One select plant of each of the above six fancy Chrysanthemums for \$2.50.

FANCY MIXED CHRYSANTHEMUMS

P1731—Select field-grown plants, no two alike; 3 for \$1.10; 6 for \$2.00.

P1746—HIBISCUS

TRITOMA

Tritoma

P1794—PFITZER-RED HOT POKER—Strikingly handsome and showy plants surpassing all others in brilliancy of color which is a rich orange scarlet. They grow 2½ to 3 ft. tall and bloom from August to October. A fine plant for beds or borders and also well suited for cutting or bouquets as they last a week to ten days after cutting. Extra strong plants: 3 for 75c; 6 for \$1.35; doz. \$2.25; 100 for \$9.75.

Hibiscus

P1746—AVALON HYBRIDS—A new strain of these hardy perennials of spectacular beauty and differing from the ordinary varieties in flower form, distinctive foliage, and range and tone of colors. Plants grow 3 to 4 ft. tall and bloom from July to Oct. Flowers are 4 to 5 in. across and colors range from palest blush through varied shades of pink, rose and reds of a vividness not before known. Mixed colors: Each 45c; 3 for \$1.25; 6 for \$2.25.

Raymond Waltermann, Mo.—Have had wonderful growth on the shrubs purchased from you this spring, will continue ordering from you.

Jim Payne, Nebr.—There are no other seeds like Jung's, also always well satisfied with all of your nursery stock.

P1748—HEUCHERA

Heuchera or Coral Bells

P-1748—Neat growing hardy perennial forming handsome tufts of dense foliage from which spring the flower stalks. The stems grow 15 to 18 in. tall and bear the dainty, graceful, bell-shaped flowers profusely over a long period. Well suited for edgings along walks, flower beds, rock gardens or planting among other perennials. Very good for cutting or bouquets. Various shades of coral-red. Select plants: Each 50c; 3 for \$1.25; 12 for \$4.00.

Pussy Willow

S1164—A highly improved variety that has created a sensation wherever shown. Branches of it have sold during winter months for \$1.50 per doz. You can grow them on your lawn or back yard very easily; excellent for screens or back-grounds. Cut off the end of the branches in February or March, place them indoors in a vase of water and soon the large silvery pink catkins, 1 to 2 in. long, will unfold. Will grow to a height of 8 to 10 ft. Very hardy and plants well supplied with attractive foliage. Select 2-3 ft. plants: Each 65c; 3 for \$1.75.

S1164—PUSSY WILLOW

B936—HYACINTHS

B950—GIANT RAINBOW TULIPS

B920—CROCUS

CROCUS

B920—These beautiful flowers are in bloom almost before all the snow is gone and are one of the first harbingers of spring. For best effect plant them in groups or masses of 6 to 8 bulbs. The bulbs we offer are top-size and will produce several blooms from each bulb the first year. Very fine for borders or edges as they grow only 4 to 6 in. tall. 10 for 70c; 25 for \$1.50; 100 for \$4.40 postpaid.

Bulbs for Summer & Fall Planting

The bulbs listed here are for planting in the late summer or fall. They are all hardy and once planted will last for several years. These are all select bulbs and will delight you with bloom almost as soon as the snow is gone and the frost is out of the ground. You may order these at any time and the bulbs together with planting instructions will be sent out at the proper time for planting.

Jung's Selected Hyacinths

B936—One of the most popular and widely planted fall bulbs being suited for beds and borders outside but especially for blooming indoors. The large showy flower spikes last for many days and have a delightful fragrance. We offer select bulbs that are sure to bloom. 5 bulbs, (all different colors) for \$1.20; 10 bulbs for \$2.00; 25 for \$4.50.

The Hardy Mystery Lily

B894—(Lycoris Squamigera.) This is sometimes referred to as the Hardy Amaryllis and is one of the most unusual and beautiful hardy flowers. The attractive green foliage starts early in the spring and grows until July, then it matures and dries up. Suddenly in a few weeks a stalk appears, grows rapidly to a height of 2 to 3 ft. and bursts open in a lovely head of rosy-pink flowers. Grows well either in full sun or partial shade. They are perfectly hardy and increase in size and beauty from year to year. To make a proper showing plant at least 3 bulbs in a clump 6 to 8 in. apart each way. Large select bulbs: 3 for \$1.10; 6 for \$2.00; 12 for \$3.85.

B894—MYSTERY LILY

Jung's Fancy Rainbow Tulips

B950—By planting these Tulips you can have a row or bed of beauty and splendor for very little cost. This mixture is made up from named varieties and well balanced for color and height. They bloom early in the spring before hot weather and remain in bloom for several weeks. Few things will give you more pleasure for what it costs than a bed of these fine Tulips. Extra Select Bulbs: 10 for 85c; 25 for \$1.90; 100 for \$6.90.

Daffodils or Narcissus

B925 — KING ALFRED—The largest and most popular of all Daffodils. Blooms rich golden-yellow often 4 in. across with 2 in. trumpets. Large select bulbs: 3 for 50c; 6 for 90c; 12 for \$1.60.

B926 — CHEERFULNESS—Double creamy-white flowers borne 3 to 4 on tall stems. Vigorous grower, profuse bloomer and very fragrant. Large select bulbs: 3 for 40c; 6 for 70c; 12 for \$1.25.

Fancy Mixed Daffodils

B927—An assortment of many different types and colors offered at a price that you can have a grand collection of these popular flowers at little cost. Well suited for planting indoors or making a showy bed outdoors early in the spring. Select, Sure to Bloom Bulbs: 6 for 75c; 12 for \$1.40; 25 for \$2.50.

Mrs. F. D. Wood, Wis.—Just wish to report that the flowers and seeds purchased from you were very nice.

KING ALFRED

CHEERFULNESS

T1362—HARALSON

T1384—PARKER PEAR

T1360—BEACON

Jung's Selected Fruit Trees

HARDY APPLES

T-1360—BEACON SUMMER APPLE—An excellent hardy early apple, ripens as early as Duchess and a good keeper. Apples are of good size, bright red in color and of excellent quality for eating, sauce and pies. Trees often bear 2nd year after setting out.

T-1361—FIRESIDE—This "Super Delicious," developed by the University of Minnesota grows and fruits well in the north where the popular Delicious does not thrive. An excellent dessert apple, quality is even better than the Delicious. The large fruit, crisp, juicy and rich flavored, is a bright red over a green-yellow background, and keeps all winter.

T-1362—HARALSON—One of the best hardy winter apples for the north. Trees commence to bear within a few years after planting. Fruit large in size, bright red, very good quality and excellent winter keeper.

T-1363—MCINTOSH—One of the most popular and widely grown winter apples. Fruit is deep red, good size; flesh snow-white and of very high quality.

PRICE OF ABOVE APPLES 3 to 4 ft. branched trees: Each \$1.15; 5 for \$5.25.

HARDY PEARS

T-1384—PARKER—An excellent hardy pear developed by the Minn. State Fruit Farm, especially suited for the southern half of Wis., Minn. and similar areas. Fruit is medium to large size, attractive in appearance and ripens in Sept. Flesh is fine grained, tender, sweet and juicy. 3 to 4 ft. trees: Each \$1.50; 5 for \$7.00.

T-1385—LINCOLN—A desirable and dependable pear for the midwest. Large fruit of good quality, similar to Bartlett, but trees are more resistant to blight and can withstand more heat and drought and cold. Gaining in popularity as its good qualities become better known. 3 to 4 ft. trees: Each \$1.50; 5 for \$7.00.

NOTE—Pears do not pollinate too well unless two varieties are planted to insure cross pollination.

HARDY PLUM

T-1388—PIPESTONE—A new "Jumbo" plum from the Minn. Fruit Breeding Farm. The fruit is immense, probably the largest now grown. Very attractive color being red with a golden blush. Flesh golden-yellow, sweet, juicy and of excellent quality. Very hardy, ripens early and a heavy yielder. Select 3 to 4 ft. trees: Each \$1.20; 3 for \$3.25.

S1111—CACO

S1110—CONCORD

S1112—NIAGARA

Jung's Select Grapes

S1110 — THE FAMOUS CONCORD GRAPE—Concord is the most popular grape. It is the one variety that is supreme for every purpose where Grapes are wanted. It grows on all soils, in all climates, is perfectly hardy and extremely productive. The bunches are large and compact, berries large, bluish black over-spread with bloom. Flavor rich and superb, sweet and juicy. Fruit is produced annually in great abundance. Strong 2-yr. plants. Each 45c; 3 for \$1.20; doz. \$4.00

S1111—CACO—Considered as one of the best red Grapes and also very hardy. Fruit is rich, tender and juicy,

rich flavored and of finest quality. Equally fine for eating fresh or to be used for jellies, juice or wine. Strong 2-yr. plants: Each 45c; 3 for \$1.25; 12 for \$4.25.

S1112—NIAGARA—Occupies the same position among white grapes as Concord does among the black. Produces fine branches of large white berries of yellowish white color. Tangy, muscatine flavor and excellent for all purposes. Strong 2-yr. plants. Each: 40c; 3 for \$1.10; 12 for \$4.00

SPECIAL OFFER

S1114X—One select plant of each of these 3 fine Grapes for \$1.20; 3 of each for \$3.25.

DuPont Fruit Tree Spray

M27—The ideal spray for the small grower as it is not necessary to have several different sprays. Especially suitable for fruit trees, currants, berries, etc. Now, by following the simple spray schedule on the package you can protect your fruit crop with one spray. 1 lb. can \$1.35; 3 lb. bag \$2.70 postpaid.

METEOR CHERRY

NEW DWARF CHERRY Minnesota No. 66 or Meteor

T1074—A new hardy Cherry of high quality developed at the Minn. Fruit Breeding Farm. Grows a strong vigorous tree, 8 to 10 ft. tall, with an upright, moderately spreading habit. Foliage is dense and luxuriant and is resistant to leaf spot. The cherries are large to extra large, and an attractive light red color; skin thin and tender. Of superb quality and equally good for eating raw, canning or pies. Strong sturdy 3-4 ft. trees: Each \$1.65; 3 for \$4.75 postpaid.

S1050—ALMEY CRAB

Ornamental Flowering Trees

Almey Flowering Crab

S1050—One of the most beautiful and dazzling flowering trees, like a ball of fire when in full bloom. Very hardy and comes into flower early, sometimes will bloom the same year if set out early. Will attain its normal height of 10 to 12 ft. in only a few years after planting. Select 2-3 ft. trees: Each \$1.50; 3 for \$4.00.

The Glorious Hopa Crab

S1118—Probably the most beautiful of the flowering crabs and is very hardy. It develops into a medium sized graceful tree and is an ornament wherever planted. When in full bloom the trees are covered with the deep rose colored blossoms which remain for quite a few days. Strong 2-3 ft. trees. Each: \$1.00; 3 for \$2.85.

The Grand May Day Tree

S1142—A flowering tree of superb beauty useful for either the lawn or boulevard as it will grow to good size, 20-25 ft., and is perfectly hardy. Early in the spring the profusion of fragrant white flowers makes the trees massive bouquets of loveliness. One of the first trees to leaf out in the spring. Select 2-3 ft. trees: Each 90c; 3 for \$2.50.

Red Leaved Plum

S1158—This may be classed as one of the best red leaved shrubs, especially fine for planting among other shrubs as the deep red foliage shows up in contrast. If kept cut back new shoots will form on which the foliage is always the brightest, is very hardy and will grow 6 to 8 ft. tall, strong 2-3 ft. plants. Each: \$1.00; 3 for \$2.85.

S1158—RED LEAVED PLUM

China Rose Tree

S1075—A very hardy, handsome ornamental tree that grows to a height of 6 to 8 ft. and is ideal for planting on a lawn as a specimen or in the rear of a shrub planting. It is a wealth of double delicate pink flowers very much like roses. Comes into bloom very early even before the leaves appear. Strong 2 to 3 ft. trees. Each: \$1.25; 3 for \$3.25.

SPECIAL OFFER NO. 87

SPECIAL OFFER No. 87
S1290X—One sturdy 2-3 ft. plant of each of the above Five Flowering Ornamental Trees for \$4.25 postpaid.

S1118—HOPA CRAB

S1142—MAY DAY TREE

CHINA ROSE TREE

Jung's Quality Garden Seeds

In the following pages you will find a complete but select list of both new and standard garden seeds, varieties that have been carefully tried out and which we can fully recommend. All of these seeds have been grown from carefully selected stocks and every care used to see that they are pure and of high germination. With us "QUALITY" is always the first consideration and when you compare our prices with other firms you will find them very reasonable. Always remember that from good seeds only can good crops be grown.

G131—GIANT TENDERGREEN

Giant Tendergreen Bush Bean

G131—(52 day)—A new green podded bush bean, very productive. Absolutely stringless and bears heavy crops of the long handsome pods that are more tender and brittle than any other variety. The pods are 5 to 6 in. long, round and thick, very meaty, stringless, and of finest flavor. Bushes are unusually strong and vigorous. This variety easily ranks as the most desirable green bush bean. Pkt. 10c ½ pt. 35c; pt. 50c; qt. 95c.

Pencil Pod Wax Bean

G122—(52 day)—We consider this one of the best Wax Beans yet introduced. It is very productive and of most excellent flavor. The pods are long, straight and round like a pencil, fleshy and of a bright yellow color; tender, brittle and absolutely stringless. The plants are of true bush growth, 16 in. high with abundant foliage. The magnificent pods are from 5 to 7 inches long. Pkt. 10c; ½ pt. 35c; pt. 50c; qt. 95c.

G140—(72 day)—EVERGREEN BUSH LIMA—The earliest of all Lima Beans. By planting this variety gardeners in the northern States can enjoy Limas from their own gardens. It is at least two weeks earlier than any of the climbing Limas and can be had ready for use by July 20, from then until frost they will yield enormous crops of pods. Bushes grow about 18 inches high and require no stakes; so productive that a small patch will keep a family supplied throughout the season. Pkt. 10c; ½ pt. 35c; pt. 50c; qt. 95c.

G141—FORDHOOK BUSH LIMA No. 242—(75 day)—This new strain has all of the good qualities of the old variety and in addition is much more productive. Each pod contains 3 to 5 closely packed beans of superb quality. Of true bush type, the plants grow 16 to 20 in. tall, very sturdy and bear an abundant crop of the well filled pods. Pkt. 10c; ½ pt. 35c; pt. 50c; qt. 95c.

Mrs. E. Shinault, Ind. — Everything I got from you was wonderful. Green Beans best I ever ate.

FIELD BEANS

Snowflake or 1200 to 1

Ripens Early. Immense Yields. Handsome Appearance. Unequalled for Soups or Baking. G139—(95 day)—We again sent out many hundreds of packets of this wonderful bean the past season and are delighted to hear of the excellent results our customers are having with it. This is decidedly one of the best Pea Beans to grow either for market or home use both on account of its great yield and handsome appearance. Its cooking and baking qualities are unsurpassed. Vines are very healthy, dwarf or bushy in growth and bear an immense number of pods which are well filled with the pearly white beans. Get at least a pint of these wonderful beans and grow enough for your winter use. Pkt. 10c; ½ pt. 30c; pt. 55c; qt. 85c; Not prepaid. Pk. \$2.65; Bu. \$9.25.

G139—SNOWFLAKE OR 1200 TO 1

—KY. WONDER WAX

G120—BRITTLE WAX

Brittle Wax Bush Bean

The Earliest of ALL BUSH BEANS. Of such excellent quality that it might be termed "Best of All".

G120—(50 day)—The plants are very hardy and vigorous, of true bush growth, about 15 inches high and heavily laden with the long, straight, round and very solid pods from 5 to 7 inches long. The pods are of a rich golden color, very tender and entirely free from strings at all stages of growth. It will stand longer than any other bean without becoming hard. Pkt. 12c; ½ pt. 35c; pt. 55c; qt. \$1.00.

Fairfield Wonder Wax Bush Bean

G121—(52 day)—Without a Doubt the Finest Wax Bean Ever Introduced. It is with pleasure that we offer our customers this grand new Butter Bean, as we are sure it will please the most critical planters. This variety originated on our Fairfield Farm and is by far the finest wax bush bean we have ever seen. The bushes are unusually vigorous and free from disease. They grow from 15 to 20 inches high, have large foliage and bear an immense load of pods which are from 6 to 9 inches long, ½ inch broad and have absolutely no strings whatever. The color is a rich lemon yellow. If you want the very best Butter Bean of them all try Jung's Fairfield Wonder Wax. Pkt. 12c; ½ pt. 35c; pt. 55c; qt. \$1.00.

Bush Lima Beans

G142—(75 day) — WONDER BUSH LIMA A great improvement on Burpee's Bush Lima as it is earlier and more productive; the pods are borne much to the center of the plant. This is a great advantage as the pods are held up from the ground. The bushes grow 18 to 24 inches tall and require no stakes or poles. Pods are truly mammoth in size and are borne in clusters of from 5 to 8 pods and contain from 4 to 6 of the large luscious beans. There is nothing quite so delicious in the vegetable line as nice fresh Lima Beans. Pkt. 10c; ½ pt. 35c; pt. 50c; qt. 95c.

—BLUE LAKES

Pole Beans

G148—BLUE LAKES—(58 day) — A great improvement over the old Kentucky Wonder as it is stringless, ready to use earlier and bears a tremendous crop. Pods 6 to 7 in. long, round, stringless, bright dark green and very fleshy. Until you have tasted some of these superb beans you do not know how truly delicious beans can be. A superb bean for freezing or canning. Pkt. 10c; ½ pt. 30c; pt. 50c; qt. 95c.

G149—(65 day)—KENTUCKY WONDER WAX—The merits of the old Kentucky Wonder Pole Bean are well known. This variety has all its superb qualities with the addition of a beautiful transparent yellow pod. It is a rampant grower, one plant filling a pole with vines densely loaded with a solid mass of pods, being from 6 to 8 inches in length, exceedingly tender and very fleshy. The pods are so plump and fleshy that frequently they are of greater thickness than width. Deliciously rich and buttery when cooked. Pkt. 12c; ½ pt. 35c; pt. 55c; qt. \$1.00.

G145—(70 day) — HENDERSON'S EARLY LEVIATHAN LIMA—This is the very earliest. It will not only give pods earlier than any other strain but it is also much more productive, both early and throughout the season. It is a strong grower, clinging well to the poles and is a sure cropper. The pods hang out from the foliage in large clusters and contain 3 to 5 large beans to a pod. It bears until frost. Pkt. 10c; ½ pt. 35c; pt. 50c; qt. 95c.

G145—EARLY LEVIATHAN

G100—ASPARAGUS

ASPARAGUS

Giant Washington

This new Asparagus has taken the country by storm as it is rust-proof and produces bigger stalks and larger crops than any other variety. G100—This variety is the result of many years work by the U.S. Dept. of Agriculture and fortunate indeed is the gardener who will get started with it as it will surely displace all other varieties. The stalks grow to a very large size yet they remain so crisp and tender they may be eaten raw. Pkt. 10c; oz. 20c; ¼ lb. 60c; lb. \$2.25. Extra Select Roots: 25 for \$1.10; 50 for \$2.00; 100 for \$3.75.

W. T. Brown, N. Car.—I find your seeds to be the best of any I have ever planted. Can highly recommend them.

G115—BRUSSEL SPROUTS

BRUSSEL SPROUTS

G115—LONG ISLAND IMPROVED—The Sprouts resemble miniature cabbages growing closely on the stalk of the plant. They are more tender and delicious than any cabbage; hard frosts do not injure them and they are left in the garden until desired for cooking. Strip off the outer covering of the Sprouts and cook them whole. They are a delicacy not surpassed by the finest cauliflower. Pkt. 10c; ½ oz. 25c; oz. 45c.

G110—BORECOLE OR KALE

BORECOLE or KALE

G110—DWARF CURLED—Useful for furnishing greens for boiling during the early fall, winter and spring months. The leaves are very curly, bright green, tender and delicate in flavor. The plants are hardy and the flavor is improved by freezing. Pkt. 10c; ½ oz. 15c; oz. 25c.

BROCCOLI

G112—ITALIAN GREEN SPROUTING—One of the new vegetables that is rapidly gaining in popularity. It is grown the same as cabbage or cauliflower and is ready to use in about 90 days after sowing. When the main head is cut numerous sprouts develop along the main stalk which later form into smaller heads thus producing throughout the season. The heads should be cut before the flowers open and may be cooked like cauliflower or asparagus. The heads should have 3 to 5 inches of the branch or stem attached as this is fully as good as the head itself. Pkt. 10c; ½ oz. 25c; oz. 45c.

BROCCOLI

CELERY CABBAGE

Micheli Celery Cabbage

G175—Until recently this new vegetable was unknown but as its good quality became known it is rapidly gaining popular favor. For best results the seed should be sown the latter part of July in rows 2 feet apart and thinned to stand 15 inches apart in the rows; then a most excellent vegetable can be grown. Develops quickly and as the weather gets colder it heads up nicely producing crisp celery-like stalks beautifully blanched. It can be eaten raw, made into salads or cooked as cabbage or greens. Pkt. 10c; ½ oz. 25c; oz. 40c.

SWISS CHARD

G448—LUCULLUS—Plants grow 2 feet high and consist when fully developed of about a dozen creamy white, attractive curled leaves. The leaves are carried on broad thick stalks about 12 inches long. The leaves may be cooked in the same manner as Spinach. Pkt. 10c; oz. 25c ¼ lb. 60c.

ENDIVE

G229—GREEN CURLED—Mostly sown in June or July for fall use plant in rows about 1 foot apart, thin out to 8 inches apart and when well along bunch by tying the tops together. Green Curled is a hardy variety, the most desirable for home use or market garden. Deep green leaves beautifully cut and curled, easily blanched and becomes crisp, tender and very fine flavored. Pkt. 10c; oz. 25c; ¼ lb. 60c.

SWISS CHARD

ENDIVE

Select Beets

G108—FIREBALL BEET—This early globe-shaped beet of excellent quality is especially esteemed on account of its dark red color, which extends entirely through the beet and without the light colored ring seen in some varieties. The medium sized beets are smooth and handsome and are now being largely used for canning as well as for the home garden or market. It retains its good quality even after it gets large. Matures in about 50 days. Pkt. 8c; oz. 20c; ¼ lb. 50c; lb. \$1.75.

G108—FIREBALL BEET

G107—EARLY WONDER—This splendid variety is extremely early, of perfect globe shape and of finest quality. It is a fine selection of blood red beet, extremely smooth and of symmetrical growth, fine rich color and desirable shape. In quality and color it is peerless, very fine grained, tender and sweet, never woody or stringy. The tops are small, making it a good strong forcing variety. Pkt. 10c; ½ oz. 15c; oz. 25c; ¼ lb. 60c.

G107—EARLY WONDER

G106—SELECT DETROIT DARK RED

G106—SELECT DETROIT DARK RED BEET—This Beet is regarded as the standard of excellence and you will find Jung's Select Strain to be as fine a Beet as it is possible to grow. Many years of time have been spent in breeding and selecting this strain. The color is rich dark red, globe shaped and free from side roots and always smooth and uniform. Whether you grow for the home garden or market you will make no mistake in sowing this Beet. Pkt. 10c; oz. 25c; ¼ lb. 60c; lb. \$1.90.

Jung's Select Carrots

JUNG'S FIRST OF ALL

G183—JUNG'S FIRST OF ALL—A remarkably handsome Carrot that is ready to use before any other variety. Roots grow 3 to 4 inches long and present a fine appearance when bunched for market. Flesh is deep orange colored, tender and sweet, fine grained and never coarse and woody. Does well in almost any kind of soil. Pkt. 10c; ½ oz. 20c; oz. 35c; ¼ lb. 75c; lb. \$1.95.

Warren Medicke, Wis.—We have always been pleased with the seeds and service of the Jung Seed Co.

RED CORED CHANTENAY

G180—RED CORED CHANTENAY—A very desirable Carrot in every way. It is a great improvement over the well known Chantenay, especially in color, texture and quality of flesh. They grow very smooth, 5½ to 6 inches long, 2¼ inches thick at the crown and being stump rooted they are easy to dig. Flesh is reddish orange colored, no light core, fine grained, sweet and tender and has a very delicate flavor. Its fine quality, beautiful appearance and heavy yield make this one of the best carrots for either home or market garden. Pkt. 10c; ½ oz. 20c; oz. 30c; ¼ lb. 60c; lb. \$1.75.

G181—CORELESS OR EARLY MARKET—A handsome half-long variety, the shape of which is well shown in the illustration. They average 6 in. in length by 1½ in. in diameter and are ready for use quite early. The skin is very smooth and clean and of rich orange color. The flesh is of fine texture, free from all stringiness while the core is very small, having no pithy or woody fibre. Our sales of this grand Carrot are increasing every year. Pkt. 10c; ½ oz. 25c; oz. 35c; ¼ lb. 90c; lb. \$2.50.

CORELESS OR EARLY MARKET

G182—SELECT DANVERS HALF LONG—A magnificent carrot for general culture; indeed by many considered the best of all. It is very thick through, about 5 inches long, stump rooted, often attaining a weight of 5 pounds. Flesh is a rich orange in color, very tender and sweet. We recommend this variety for both home and market gardens, especially for hard stiff soils where longer varieties will not thrive. Pkt. 8c; ½ oz. 15c; oz. 25c; ¼ lb. 50c; lb. \$1.75.

Field or Stock Carrot

G189—LARGE WHITE BELGIAN—This is the largest yielding stock carrot grown. Nearly half its length is above the ground, making them very easy to harvest. Carrots are often 18 inches long and 4 to 5 inches in diameter. Yields of 15 tons per acre are nothing unusual. Excellent for either cows or horses. Pkt. 10c; oz. 25c; ¼ lb. 50c; lb. \$1.75.

DANVERS HALF LONG

ALLHEAD EARLY

and the most uniform in color, shape and size of any variety. Good quality and tenderness are marked features. It is suitable for growth in spring and early summer or for use as a winter sort. The heads grow so compact that fully 1000 more than is usual with large cabbage, can be grown to the acre. Pkt. 10c; 1/2 oz. 20c; oz. 35c.

G170—SELECT FLAT DUTCH

G170—SELECT FLAT DUTCH—It makes a large, round, firm head, uniform in shape and color which seldom rots or bursts. Sureness in heading and regularity in growth has made this one of the most popular standard sorts for winter keeping. The quality, either for slicing or kraut or for general table use is superb. It is a very fine strain of late cabbage and can be profitably grown anywhere in this country. It is a splendid sort for giving unbounded satisfaction. Pkt. 8c; 1/2 oz. 20c; oz. 35c; 1/4 lb. \$1.00.

PERFECTION SAVOY

G167 — PERFECTION SAVOY — This is the hardest heading and best all-round SAVOY. Plants are of strong growth; having only a moderate amount of outer foliage growing closely around the solid heads. It is very sweet and crisp and always tender. The heads are beautifully blancheted and of the finest flavor. Pkt. 10c; 1/2 oz. 20c; oz. 35c.

G163—JERSEY QUEEN

The select strains of cabbage offered below are especially suited for sections infested with cabbage "yellows" where the regular strains will rot. You will find these varieties of superb quality.

G163—EXTRA EARLY JERSEY QUEEN—A selection of the popular parent and in addition is resistant to "yellows", grows a compact plant and is sure to head. Your will find this to be the best "resistant" pointed variety. Pkt. 12c; 1/2 oz. 25c; oz. 40c; 1/4 lb. \$1.25.

Mrs. F. Victorson, Alaska—We had a wonderful garden from your seeds, cabbage and cauliflower were especially good.

G166—MARION MARKET

G166—MARION MARKET—One of the most popular cabbage and widely grown "yellows" resistant, early round headed. May be classed as a very select Copenhagen Market as it is early and sure to produce large, round, solid heads. Pkt. 8c; 1/2 oz. 20c; oz. 35c; 1/4 lb. \$1.25.

G172—"WIS. BALLHEAD"—This variety has proved to be very resistant to the cabbage disease known as "yellows" which destroys the crop in many sections. A splendid variety for shipping as heads are solid as a rock, also an unusually good keeper. If you grow cabbage for shipping or want something that will keep through the winter, plant this variety. Pkt. 15c; 1/2 oz. 30c; oz. 50c; 1/4 lb. \$1.60; lb. \$5.90.

Protect your Cabbage from worms, bugs and plant lice by using "Red Arrow" spray. See page 38.

G161—DANISH BALLHEAD

Select Danish Ballhead or Hollander

A Grand Hard Headed Cabbage

G161—This type of winter cabbage has become very popular of late years on account of its **UNEQUALLED KEEPING QUALITIES** as well as for the **great SOLIDITY and WEIGHT** of the heads. It is strong and vigorous in growth and produces large, round compact heads exceedingly hard and solid, weighing when trimmed fully one-fourth more than any other cabbage of equal size. For boiling, slaw, sauer kraut, etc., it is unequalled, being crisp, tender and sweet. It seems to grow well withstanding hot, dry weather and does not rot from the effects of wet seasons. Pkt. 12c; 1/2 oz. 25c; oz. 40c; 1/4 lb. \$1.35; lb. \$4.50.

RED DRUMHEAD

G168—RED DRUMHEAD—This is the well known Standard Cabbage. Heads are of large size, slightly rounded and from 7 to 8 inches in diameter. A valuable variety for pickling; very sweet, tender and of excellent quality. Pkt. 10c; 1/2 oz. 20c; oz. 35c.

Disease Resistant Cabbage

GOLDEN ACRE

G162—RESISTANT GOLDEN ACRE—An extra fine extra-early Cabbage that has all the good qualities of Golden Acre and in addition is resistant to "yellows" and for this reason can be successfully grown in sections where this disease will destroy other varieties. Plants grow very compact and can be set close together. The heads grow to good size, are round, very solid and uniform in size and shape. Extra Select Seed: Pkt. 12c; 1/2 oz. 30c; oz. 50c; 1/4 lb. \$1.50.

G172—WISCONSIN BALLHEAD

PEDIGREE SNOWBALL

DRY WEATHER

Jung's Select Cauliflower

G191—PEDIGREE EARLY SNOWBALL—For earliness and reliability to produce a head of good size and rich white curly appearance it is unexcelled. It forms snow white heads, 6 to 10 inches in diameter, of good quality. While originally recommended and used as an early variety, it has not only supplanted all other sorts for spring planting but it has largely driven out the large sorts for all use, being more certain to head when conditions are ordinarily favorable. The heads are so solid, compact and deep they will outweigh those of any other strain. There is a great difference in the strain of this variety but our stock is the very best. Pkt. 10c; 1/4 oz. 45c; 1/2 oz. 85c; oz. \$1.60.

G190—DRY WEATHER—Especially adapted to resist drought. Reaches perfection when ordinary sorts fail. Preeminently the best early variety for market gardeners in sections which are not especially adapted for cauliflower. Plants are of vigorous growth, producing heads of snowy whiteness and fine quality. It has heavy foliage and is not likely to rot in hot weather. It is in all respects a first class cauliflower but is particularly adapted to dry situations and to resisting the effect of drought. It also does well in wet or moist situations, producing heads equal to the best. Pkt. 15c; 1/4 oz. 50c; 1/2 oz. 90c; oz. \$1.75.

Super Snowball Cauliflower

The Leading Early Cauliflower. Very Early. Sure to Head.

G192—Growers wishing a Cauliflower that is early and sure to produce large, white, solid heads will find this variety to be all that can be desired. It is very early, plants make a compact growth with ample foliage, the inner leaves curve over the head and serve as a protection to the snowy-white heads. Pkt. 15c; 1/4 oz. 60c; 1/2 oz. \$1.00; oz. \$1.80.

SUPER SNOWBALL

B. C. Johnson, Ark.—All of the seeds we got from you were the finest we ever used. I think every seed came up. We raised the largest cabbage in the county. Your seed just can't be beat.

GOLDEN PLUME

GOLDEN SELF-BLANCHING

Celery

G197—GOLDEN PLUME—This is a fine new celery that we can recommend without reserve. It is fully a week earlier than Golden Self-Blanching, is similar in color and flavor but is superior to it as this variety blanches more easily, is more blight-resistant. It has been especially selected for large, solid hearts. Specimen stalks have been grown 2 ft. tall and 4 1/2 inches thick. Has been blanching in the remarkably short period of 5 days. Pkt. 10c; 1/2 oz. 35c; oz. 60c; 1/4 lb. \$1.95.

G196—UTAH NO. 15—A very desirable selection of the new green type celery and contains more vitamins than the golden varieties. Plants are compact, stalks broad and thick, exceptionally solid and crisp. This celery has a nutty flavor and fine quality, and is free from strings and fibre. Pkt. 10c; 1/2 oz. 35c; oz. 60c; 1/4 lb. \$1.95.

G198—GOLDEN SELF-BLANCHING—The best of all self-blanching varieties. It is without doubt the most popular grown. The ribs are perfectly solid, brittle and of a delicious flavor which is not surpassed by any other variety while it has the decided merit of being self-blanching to a remarkable degree. It is extensively grown for market and private use, not only on account of its easy culture but for its superior quality. The hearts are large and hard and blanch to a beautiful golden yellow. When grown in moist soil the stalks are numerous and large in size. Pkt. 10c; 1/2 oz. 35c; oz. 60c.

TURNIP CELERY

G195—This is an excellent vegetable. It produces large, turnip-shaped roots which keep well for winter use. Highly esteemed either cooked in the same manner as other vegetables for flavoring soups, or sliced and used as a salad. Pkt. 10c; 1/2 oz. 20c; oz. 35c.

Mrs. Grace Neely, Ill.—I have been a user of your seeds for 32 years at this same address. I have always found them the best yet.

TURNIP CELERY

Jung's Select Cucumbers

G216—(75 days)—AIRFIELD GIANT or LONGFELLOW—The vines make unusual crops of large, dark green, bumpy fruits. They are 12 to 18 inches long and one of the handsomest cucumbers grown. The fruit are from 6 to 8 inches in length, or just the right size for slicing. They are practically seedless, there being hardly a trace of seed in them. The fruit are very crisp and juicy and are perfect for pickling. They are also good for eating. They are sold in bunches of 10 or 12. Pkt. 12c; oz. 35c; 1 lb. \$2.50.

G214—CRYSTAL APPLE

G214—(70 day) — CRYSTAL APPLE—A vigorous growing and very productive cucumber which is rarely bothered by bugs. Fruits are almost round, the mildest flavored of all cucumbers being very sweet and for this reason one of the best varieties for salads, also well suited for making pickles. Pkt. 10c; oz. 25c; 1/4 lb. 75c; 1 lb. \$2.50.

G222—WISCONSIN SR-6 PICKLING

Pickling Cucumbers

G222—WIS. SR-6—(58 day)—A new pickling cucumber developed by Dr. Walker of the Univ. of Wis. It is resistant to scab and spot rot which often destroys other varieties. Grows a very vigorous vine which bears a heavy crop over a long period of time. Fruits are deep green, uniform in size and shape, and one of the best pickling varieties for high quality. Pkt. 10c; oz. 30c; 1/4 lb. 75c; 1 lb. \$2.25; 5 lbs. \$11.25.

Chicago Pickling **G211—(58 day)**—Most popular and Widely Grown Pickling Variety.—The fact that it is used by most of the large pickling factories is the best proof of its leadership in its class. The vines are very vigorous growers and will produce a large number of fruit if kept gathered before they become too large. Skin is extremely thin, tender and free from toughness. Pkt. 10c; oz. 25c; 1/4 lb. 65c; 1 lb. \$2.10.

CITRON

G200—COLORADO PRESERVING—A large fruited variety producing the handsome fruits in abundance. The flesh is white, very solid and is used for pickles and preserves. Pkt. 8c; oz. 20c; 1/4 lb. 45c.

EGG PLANT

G227—(80 day)—BLACK BEAUTY—The earliest and best of all large fruited Egg Plants. It is an extra early variety with fruits of a beautiful jet color. The fruits set freely and develop quickly so that the crop can be gathered before there is any danger from rot. It is of dwarf growth and bears its fruits, which weigh from 1 to 3 pounds each, close to the stem. The calyx is entirely free from spines and thorns. The intensely brilliant coloring is uniform over the whole fruit. The plants usually bear 8 to 10 immatures fruits before being killed by frost. Pkt. 10c; 1/2 oz. 35c; oz. 65c.

G200—COLORADO PRESERVING

G211—CHICAGO PICKLING

G227—EGG PLANT

G212—NEW COLORADO

G212—NEW COLORADO—(88 day)—An excellent new cucumber which for dark green color, uniformity of size and handsome appearance should be placed at the head of the cucumber list. The vines are strong rampant growers and bear bountifully. Fruits are 10 to 12 inches long, straight and symmetrical and retain their deep green color for a long time. Will prove to be a money maker for either the home or market grower. Pkt. 10c; oz. 25c; 1/4 lb. 80c; 1 lb. \$2.50.

Earliest of All

G212—NEW COLORADO—(88 day)—An excellent new cucumber which for dark green color, uniformity of size and handsome appearance should be placed at the head of the cucumber list. The vines are strong rampant growers and bear bountifully. Fruits are 10 to 12 inches long, straight and symmetrical and retain their deep green color for a long time. Will prove to be a money maker for either the home or market grower. Pkt. 10c; oz. 25c; 1/4 lb. 80c; 1 lb. \$2.50.

G212—NEW COLORADO

Extra Early Dwarf Sweet Corn

G432—(68 day)—This variety is pronounced the favorite because of its extreme early character, vigorous growth and has the richest flavor of all. Besides being early, it is very hardy and permits the earliest planting. The stalks are dwarf in growth averaging 5 ft. in height. The ears are from 5 to 7 in. long and the grain is a bright golden yellow color. In flavor it is exceptionally rich and sugary and by everyone admitted to be the richest flavored Sweet Corn. The small stalks can be planted close together. For productiveness and quality it leads all varieties. The seed we offer is a special stock of our own growing and for earliness and sweetness is unexcelled. Pkt. 10c; 1/2 pt. 30c; pt. 45c; qt. 85c.

G434—HONEY CREAM

Stanley Dahleen, Minn.—Your Honey Cream is the most delicious sweet corn we have ever eaten.

G430—CHEDDAR CROSS

New Cheddar Cross Hybrid

Superb Quality. Large Handsome Ears.

Unexcelled for Freezing and Canning.

G430—(88-90 day)—A new, large eared, main-crop hybrid combining quality and yield. Ears are 8 to 9 in. long, and well filled with 12 to 14 rows of very tender kernels of deep golden yellow. Vigorous 6 to 7 ft. stalks, often bear 2 ears. A top rated hybrid in our trials. Pkt. 12c; 1/2 pt. 35c; pt. 65c; qt. \$1.20.

Special Offer

G445X—To have a continuous supply of tender, luscious sweet corn for eating, canning or freezing plant the following:

Jung's Honey Cream
Extra Early Golden Bantam
Cheddar Cross Hybrid
Wis. Hybrid 950
1 pkt. of each for 40c
1/2 pt. of each for \$1.25
1 pt. of each for \$2.20
1 qt. of each for \$3.90

MANGELS

G261—MAMMOTH LONG RED

—The heaviest cropper. This mangel is enormously, wonderfully productive. The flesh is red, of very fine texture and quality, containing less water and more sugar than any other variety except it be the Half Long Sugar, making it the most nutritious and milk producing. Sheep and other stock thrive better when fed on it picking out pieces of it in preference to all others. Oz. 12c; 2 ozs. 20c; ¼ lb. 35c; lb. \$1.25.

G260—GOLDEN TANKARD—A smooth yellow fleshed Mangel. Roots are of large diameter tapering quickly to the bottom which is quite broad with only a small tap root. It yields an enormous crop on good soil Oz. 12c; ¼ lb. 35c; lb. \$1.25.

SUGAR BEETS

G425—KLEIN WANZLEBEN—This Beet is the result of years of methodical and persevering selection. It gives better results than any other variety. It is extremely rich in sugar, thousands of analyses showing that the average percentage of sugar obtained from this variety is about 18 and its average yield may be stated to be 13 to 16 tons per acre, but crops of 25 to 40 tons per acre have been obtained off it. Flesh fine grained and very sweet. Pkt. 7c; Oz. 12c; ¼ lb. 35c; lb. \$1.10.

G241—BEST OF ALL

G241—BEST OF ALL OR TENDER-LEAF—A fitting companion to our famous "All Cream" Lettuce which it resembles very much except that it does not have the pink or brown edges on the leaves. It can be relied upon whether sown early in the spring or during the summer at it is unsurpassed as a heat resister. The leaves are of a handsome green, beautifully crumpled and are crisp, tender and sweet at all times. Pkt. 10c; oz. 25c; ¼ lb. 65c.

G248—GREAT LAKES

EARLY SUREHEAD

Crisp Tender Lettuce

G244—EARLIEST WAYHEAD

—This is our quickest growing and most handsome extreme-early Lettuce. Its quality is unsurpassed; the heads are very solid, have weighed 6 oz. when trimmed. The interior of the head is blanched to a beautiful creamy color while the leaves are tender, juicy and sweet flavored. Pkt. 8c; oz. 25c; ¼ lb. 70c.

Great Lakes Head Lettuce

Crisp and Tender. Sure to Head. High Quality.

G248—A remarkably fine new Head Lettuce that will stand up and produce nice solid heads even during hot weather. The heads are of good size, attractive deep green in color, with crisp tender leaves, interior of heads bleached to a creamy white color. Remains in fine condition long after the heads are formed as it is slow to run to seed. Why pay high prices for head lettuce when you can grow even better ones in your own garden? Plant thin as the plants need room to head. Pkt. 10c; ½ oz. 30c; oz. 50c; ¼ lb. \$1.45.

G245—EARLY SUREHEAD—A specially selected strain of lettuce that is ready to use early and sure to form heads. Outer leaves are medium green while the center or heart blanches a rich creamy yellow. By planting this variety you can grow head lettuce as easily as radishes. Sow the seed early and as soon as well started thin out plants to stand 4 to 5 in. apart in the rows. Pkt. 10c; ½ oz. 20c; oz. 35c.

G246—JUNG'S ALL CREAM

—This remarkable Lettuce does not head but makes a large loose bunch of leaves of superlative quality. The leaves grow upright, the upper part of the outer leaves turning outward very gracefully and are handsomely wrinkled. The inside leaves are almost white and wonderfully crisp and tender. Pkt. 10c; oz. 30c; ¼ lb. 95c; lb. \$2.50.

G249—ICEBERG—The usual solidity of the heads is assured by the large white main ribs of which the leaves each of which curving strongly into the center acts like a truss making it impossible for the leaves to open outward and expose the center which is thoroughly blanched. It is quick growing and always crisp and tender whether grown in early spring or in the hot days of summer. The heads are of good size. Pkt. 10c; oz. 30c; ¼ lb. 75c.

ICEBERG

—CHICKEN OR RABBIT LETTUCE

Chicken or Rabbit Lettuce

G242—Makes the best green feed for chickens or rabbits and you can grow immense quantities on a small piece of ground. When cut it immediately starts a new growth or the leaves can be pulled off the stalks and new ones will grow in a short time. Does not make a head but grows stalks 2 to 3 feet high which are loaded with leaves. Pkt. 10c; oz. 20c; ¼ lb. 50c; lb. \$1.90.

F792—RAINBOW FLOWER GARDEN

Fancy Mixed Gourds

F595—An interesting and valuable vine, grows very rapidly and quickly covers old walls, fences or outbuildings and trellises. They bear an abundance of curious shaped fruits and we have included a very choice selection in the seed we offer. Pkt. 10c; ¼ oz. 20c.

Jung's Rainbow Flower Garden

A whole Flower Garden in a Packet. Easy to Grow. A Mass of Flowers from Early Summer till Frost. **F792**—Much time and care was taken in preparing the formula of this gorgeous flower mixture. It is made up of flowers suitable for bedding and bouquets, something that will be in flower from early summer until frosts. A bed or row of these flowers will be a bright spot in your garden all summer and also supply many beautiful bouquets. The grand flowers it will produce will please and delight you beyond your fondest hopes. A pkt. contains sufficient seed to sow a row 30 to 40 ft. long. Pkt. 10c; ¼ oz. 20c; oz. 60c.

Jack O'Lantern Pumpkin

G363—Years of selection have produced a pumpkin just the right size for Jack O'Lanterns reaching an average size of about 10 by 12 inches and a rich, deep, orange color. Also useful for pies and canning as the flesh is fine grained and of good quality. Pkt. 10c; oz. 25c; ¼ lb. 80c; lb. \$2.65.

G363—JACK O'LANTERN PUMPKIN

F595—FANCY GOURDS

Specials for Children's Gardens

Minhybrid 250 Popcorn

G355—Just like other hybrid corn this fine pop corn has unusual qualities such as strong stalks, heavy roots, uniform ears and yields heavily. It surpasses all other varieties in yield, quality and popping expansion. A quart of this corn will make 20 quarts after it is popped and for flavor, tenderness and freedom of unpopped kernels it is unexcelled. Nothing better to be had. Pkt. 12c; ½ pt. 35c; pt. 60c; qt. \$1.00; 5 qts. \$4.60.

Rainbow or Indian Corn

F551—This is the corn so widely used for fall decorations, especially when used with Gourds it makes a grand display. Both seeds and ears are of different colors. Grows 6 to 8 ft. tall and matures in about 100 days. A profitable item to grow as the ears of various colors are in great demand for fall decorations. Pkt. 10c; oz. 25c.

Early Virginia Peanuts

G325—This splendid variety is very desirable because it is so early and prolific. It grows perfectly erect and seed planted early in May will ripen a crop in September and for this reason can be grown in the north. Let the boys and girls try them, it will give them lots of fun and provide peanuts for the winter. Full culture instructions on every package. Pkt. 10c; pt. 35c; qt. 65c.

G355—MINHYBRID POP CORN

G199X—One large pkt. of each of these 6 Children's Specials for 50c.

F551—RAINBOW CORN

G266—BIG PROFIT OR IROQUOIS

Jung's Select Honey Rock

Sweet as Sugar. Solid as a Rock, Heavy Yields. Handsome Appearance.

G275—Melon growers will find Honey Rock an ideal melon as it combines quality, productiveness, high quality and handsome appearance. It is main-crop variety, maturing in about 85 days; the vines are vigorous growers, free from disease and produce 5 to 7 large melons. Flesh is very thick, deep orange in color and remarkably sweet. You will make no mistake in planting this fine melon. Extra select seed saved only from hand selected melons. Pkt. 10c; oz. 30c; ¼ lb. 65c; lb. \$2.50.

G275—SELECT HONEY ROCK

Super Hale's Best Cantaloupe

G272—Many years of extreme care were spent in producing this splendid strain of cantaloupe. No matter what price you pay you cannot get a better melon. It is extremely early, very productive, uniform in size, and the deep orange flesh is of the highest quality. The melons are heavily netted and the flesh very solid, making it one of the very best shippers. You will never regret having planted this fine melon. Extra Select Seed. Pkt. 10c; oz. 25c; ¼ lb. 60c; lb. \$2.25.

G272—HALES BEST

Lambert Sutkiewicz, Ill.—All of our customers rave about your delicious Honey Rock Muskmelons.

J. O. Samelson, Ill.—Your Iroquois or Big Profit Muskmelons are a "must" in our garden.

Mrs. P. Higgins, Ill.—The Dixie Queen melons are wonderful and your Honey Rock just perfect.

D. B. Dunkelberger, Pa.—Your seeds gave us wonderful crops—especially the Muskmelons and Tomatoes.
Mrs. J. Majusiak, Minn.—I really can grow a wonderful garden from Jung's Seeds.

G268—EXTRA EARLY KNIGHT

Special Extra Early Knight

G268—Positively the earliest green-fleshed musk melon ever grown. Of medium size weighing from 2½ to 4 pounds. The skin is green ribbed and yellow towards the center. In flavor it is exceedingly fine. A heavy cropper and absolutely the earliest of all musk melons. We recommend it particularly to all whose profit depends upon being first in market and their uniform size and shape combined with their delicious flavor, sell rapidly at high prices. Pkt. 10c; oz. 25c; ¼ lb. 60c; lb. \$2.25.

G265—BANANA MUSKMELON

Banana Muskmelon

G265—A remarkably fine melon that looks and tastes like a banana. The fruits grow 14 to 18 in. long, flesh is deep orange colored, solid and sweet, and spicy in flavor. Try a few of these melons in your garden this year, any which you don't eat can be sold at a good price. Pkt. 10c; oz. 25c; ¼ lb. 70c.

Mrs. H. M. Gantz, Ind.—We had wonderful melons from your seeds.

Jung's Select Muskmelons

Jung's Big Profit or Iroquois Muskmelon

Superb Quality. Heavy Yields.

Vigorous in Growth. Handsome in Appearance.

G266—An outstanding cantaloupe or muskmelon for either the home garden or market grower. Our improved strain combines resistance to disease with highest quality, and heavy yields. Melons grow 7 in. long, 6 in. in diameter, well defined ribs and good heavy netting; rind hard; flesh rich salmon, thick and deep, fine grained, of excellent quality and flavor. Very small seed cavity. Jung's Special select Seed. Pkt. 10c; oz. 35c; ¼ lb. 95c; lb. \$2.65; 5 lbs. \$12.50.

G271—GRANITE STATE

New Granite State

Extra Early. Superb Quality. 1951 Award Winner.

G271—An extra early, high quality muskmelon of the Honey Rock type that was developed by the N. H. Agricultural College and is well suited for regions where earliness is a main factor. Vines are vigorous and compact but remarkably productive. Fruits average 5 in. long by 4½ in. in diameter and are well netted, a sure sign of quality. Flesh is very thick, deep salmon and of excellent quality with a high sugar content. A high quality melon for both the home and nearby markets. Pkt. 12c; oz. 35c; ¼ lb. 90c; lb. \$2.50.

Giant Early Wonder

Mammoth Size. Superb Quality. Beautiful Appearance. An Excellent Melon for the Home or Market Garden.

G270—A new Musk Melon combining extra large size, fine appearance and superb quality. Although of the largest size it ripens early (85 to 90 days). Melons are slightly oval in shape, 8 to 10 in. long and 6 to 7 in. in diameter, rind heavily netted, a sure indication of quality. Flesh is very thick, deep orange in color, fine grained and very sweet and delicious. Extra Select Seed: Pkt. 10c; oz. 25c; ¼ lb. 65c; lb. \$2.35.

G270—GIANT EARLY WONDER

Protect Your Melons

Fight Insects With

RED ARROW GARDEN SPRAY

M60—One of the best and most widely used Garden Sprays for controlling bugs and insects such as aphids, cabbage worms, cucumber beetles, thrips, etc. This spray is deadly to insects but harmless to humans, birds and animals. Will not burn delicate leaves or tender flowers. Mixes easily with even hard water and has ingredients making it spread and stick to the foliage. We consider this one of the most satisfactory garden sprays for both flowers and vegetables. Simply mix 1 teaspoonful of this spray with a qt. of water and spray on both top and under side of leaves.

2 oz. Bottle (makes 4 gals. spray)60
4 oz. Bottle (makes 8 gals. spray) 1.00
1 pt. Bottle (makes 32 gals. of spray).... 2.85

G-233 WHITE VIENNA

KOHL RABI

G232—EARLY PURPLE VIENNA — This vegetable is grown for its turnip-shaped bulb which grows above the ground. Excellent for soups or cooking in the same manner as turnips. Grows to a large size and of juicy quality. Very early and of fine shape and delicate flavor. Pkt. 10c; ½ oz. 25c; oz. 40c.

G233—WHITE VIENNA—This variety is very early with distinct small tops. The bulbs are of medium size and very light green or almost white in color and are of the finest quality if used when about 2 in. in diameter. Pkt. 10c; ½ oz. 25c; oz. 40c.

LEEK

G235—LARGE AMERICAN — Most highly esteemed for flavoring soups, stews, etc. The plants are of vigorous growth and have extra long stems which branch to a snowy whiteness. Cultivate the same as for onions. Pkt. 10c; ½ oz. 20c; oz. 35c.

SUNFLOWER

G428—EARLY ADVANCE

This variety matures earlier than the old Mammoth Russian, grows a shorter stalk and makes a better quality feed. Sunflower seed is an excellent and cheap feed for poultry and fowl of all kinds. They eat it greedily, fatten well and attain a bright lustrous plumage and strong healthy condition better than on almost any other food. It is the best egg producing food known. Also an excellent food for birds and parrots. Plant the same as you would corn any time from early spring up to the first part of June. Oz. 10c; ½ lb. 35c; lb. 60c; 5 lbs. \$2.25.

G423—SUNFLOWER

HERBS

G492—ANISE—Used for cordials, garnishing and flavoring. The seeds have an aromatic taste. Pkt. 10c.

G225—DILL—Used in large quantities in making Dill Pickles; also for flavoring vinegar. Pkt. 10c; oz. 25c.

G493—Sage—Sow in rich soil and thin plants to 15 in. apart. Used for flavoring and dressing. Pkt. 10c.

G495—SWEET MARJORAM—The leaves and end shoots are esteemed for seasoning in summer and also dried for winter use. Pkt. 10c.

G494—SUMMER SAVORY—The leaves and flowers are used extensively for flavoring, particularly in soups and dressings. Pkt. 8c.

G496—THYME—The leaves are used for seasoning. Pkt. 10c.

Jung's Select Watermelons

G489—EXTRA EARLY NORTHERN SWEET—A new extra early watermelon introduced by the Minn. Exp. Station. It has been ripened as far north as Winnipeg, Canada, has been grown to maturity in 75 days. Not only is it the earliest but is also a very good quality. Flesh is bright red, crisp, sweet and sugary. Melons weigh 10 to 12 lbs., rind dark green with a lighter stripe. Pkt. 10c; oz. 25c; ¼ lb. 60c; lb. \$1.85; 5 lbs. \$8.75.

Wilt Resistant Dixie Queen

Large in Size. Superb in Quality. Handsome in Appearance
G483—A superb new watermelon that will delight the most critical grower. It has all the good qualities of Dixie Queen and in addition is resistant to wilt. The melons are almost round in shape, of good size (30 to 40 lbs.) rind is tough making it a good shipper. Flesh is richly colored, very sweet and juicy and melons seem to be all heart. You will find this excellent melon uniformly good in size, shape and quality either for market or the home garden. Pkt. 10c; oz. 25c; ¼ lb. 60c; lb. \$1.95; 5 lbs. \$9.00.

G483—DIXIE QUEEN

G489—EXTRA EARLY NORTHERN SWEET

G486—KLECKLEY SWEETS

Kleckley Sweets or Wondermelon

Superb in Quality. Matures Early. Large, Handsome
MELONS

G486—One of the most popular and widely grown watermelons for home garden and nearby markets. It is early, usually ripe in 85 days. Melons normally 24 in. long and 10 to 12 in. in diameter, well shaped and of deep rich green color. Flesh bright red, very sweet and delicious; the flesh melts away in your mouth like honey. Our seed has been selected for a thin hard rind, earliness, high quality and has less seed than most strains. Pkt. 10c; oz. 25c; ¼ lb. 60c; 1 lb. \$1.90; 5 lbs. \$9.00.

Golden Honey Sweet

A Delicious Yellow-Fleshed Watermelon.
Ripens Very Early.

G485—A highly desirable yellow fleshed watermelon. The flesh is golden-yellow in color, firm, crisp and of luscious sweetness. The melons are oblong in shape, light green with mottled stripes of deep green, rind is thin but hard so will keep for a considerable time. It not only possesses high quality but is also one of the first to ripen. We highly recommend this fine new melon. Pkt. 10c; oz. 25c; ¼ lb. 65c.

G479—BLACK DIAMOND—(90 day)—A superb watermelon that has size, quality and handsome appearance. The deep green melons are almost round and grow to a large size, often 40 to 50 lbs. Flesh is bright red and of surprisingly good quality. A superb melon for home gardens, nearby markets or shipping as it has a tough rind. Select Northern grown Seed; Pkt. 10c; oz. 25c; ¼ lb. 75c; lb. \$2.25; 5 lbs. \$10.25.

King Winter Melon

G490—By planting this variety you can have watermelon for your Christmas dinner as they are remarkable keepers. The melons are round, have a thin hard rind and are very solid; they are from 8 to 12 in. in diameter and sell well at all seasons. Flesh is bright red and very sweet. Pkt. 10c; oz. 25c; ¼ lb. 65c.

CONGO

Anthracnose Resistant
G481—An excellent new Watermelon resistant to anthracnose that was developed by the U. S. Dept. of Agriculture and which is rapidly gaining in favor as a shipper. Fruits are oblong, of large size, with firm rind, dark green with faint light green striping. The flesh is bright red, fine grained and high in sugar content. **Certified Seed:** Pkt. 10c; oz. 30c; ¼ lb. 70c; lb. \$2.00; 5 lbs. \$9.65.

G481—CONGO

Our melon seed is all grown from the most carefully selected planting stock and no effort nor expense is spared in growing in our seed field. You will find Jung's Melon seed to be of unusually fine quality.

G480—BLACKLEE

Wilt Resistant "BLACKLEE" Watermelon

G480—In many sections of our country ordinary strains of Watermelons often fail due to fusarium wilt. This destructive disease cannot be controlled except to plant varieties that are resistant to this ailment. Blacklee is a vigorous grower and highly resistant to wilt, it bears a heavy crop of melons weighing as much as 40 lbs. Rind is dark green, thin but tough; flesh deep red in color, fine grained, very sweet, firm and of excellent quality. The black seeds present a striking contrast of colors. Pkt. 10c; oz. 25c; ¼ lb. 70c; lb. \$2.00; 5 lbs. \$9.25.

G479—BLACK DIAMOND

G490—KING WINTER MELON

Making Your Garden

is interesting, enjoyable and profitable. There is much satisfaction in being able to go into your own garden to pick beautiful flowers or gather vegetables at their best for quality. There is no comparison in quality between crisp, tender products fresh from the garden and those purchased on the market. Our booklet on Gardening gives you detailed information on growing Flowers and Vegetables. **FREE**, if requested, with all orders.

G280—MUSTARD
MUSTARD

G280—GIANT CURLED—The leaves are large, light green with a tint of yellow much crimped and frilled at edges. The plant is upright, or slightly spreading in growth. This variety is highly esteemed in the South for the market as well as the home garden on account of its vigorous growth, hardiness and good quality. Pkt. 10c; oz. 25c.

G282—OKRA
OKRA

G282—WHITE VELVET—The long slender pods of Okra are very delicious when sliced and cooked in soups. While this is its chief use it can be boiled and served like other vegetables. The pods should be gathered while young as they are then very tender. Pkt. 10c; oz. 25c.

G315—MOSS CURLED PARSLEY

PARSLEY

G315—MOSS CURLED—The leaves are of an extra dark color. It is very productive, and on account of its densely curled character of leaves a large quantity can be gathered in a short time. It is much used for flavoring and garnishing. Pkt. 10c; oz. 25c.

G316—TURNIP ROOTED—This variety, the roots of which resemble a turnip, is used in flavoring soups, stews, etc. Winter use store the roots same as turnips. They are easy to grow as carrots. Pkt. 10c; oz. 25c.

G-307—VICTOR ONIONS

Victor Onion Sets

G307—These famous sets are very popular and widely used for both green onions and winter use. The ordinary often run to seed but very few of these sets will produce seed heads but instead will mature into a handsome bulb of deep yellow color, very solid and excellent keepers. We guarantee them to give satisfaction. Qt. 45c; 3 qts. \$1.00.

Notice Due to high cost of postage and containers no orders for Onion Sets can be filled unless other items are ordered at the same time.

White Bunching Onion

G301—Does not form bulbs but grows into long silvery white stalks which are used for bunching the same as green onions. They grow in clusters and when sown early will be ready for use after onions grown from sets are gone. Where winters are not too severe seed may be sown in the late summer and will then start early in the spring. Pkt. 10c; ½ oz. 25c; oz. 45c; ¼ lb. \$1.25.

ONION PLANTS

T. G. Corbin, S. Car. — Sure do like your seeds, have planted them for years.

Hybrid Onion Plants

BUNCHING ONION

G310 — By using these early started plants you can easily grow onions weighing 1 lb. each and they are ready to harvest much sooner than from spring sown seed. They are sold by the bunch-count may vary from 60 to 110 or more depending on the size of the plants. Plants available from Mar. 15th to May 1st. 2 bunches for \$1.10; 5 for \$2.25; 10 for \$3.95 postpaid. Not prepaid: Crate (60) bunches \$9.75.

We make a specialty of HIGH GRADE ONION SEED. It is better to plant no Onions at all than to sow seed of poor quality. Our Onion Seed is all grown from carefully selected true-to-type bulbs. Such seed may cost a little more but will be far the cheaper when you compare the resulting crop.

Jung's Select Onion Seed

G297—SELECT SOUTHPORT YELLOW GLOBE—This is one of the most satisfactory and popular varieties raised for family use or market. It is an enormous yielder, hardy and reliable, making under normal conditions often up to 1,000 bushels per acre. The onions are models of perfection, growing uniformly deep and extra large, averaging 9 to 10 inches in circumference. The color of the skin is an attractive golden yellow, the flesh snow white, firm and juicy. The small necks enable the onion to ripen down evenly insuring good keeping. Pkt. 8c; ½ oz. 25c; oz. 45c; ¼ lb. 90c; lb. \$3.50; 5 lbs. \$16.95.

G296—SELECT SOUTHPORT RED GLOBE—A handsome onion of immense size, averaging from 9 to 10 inches in circumference, solid, heavy and of perfect globe shape. The skin is a glossy deep purplish red color; it is hardy, a splendid keeper and a big yielder. Our strain of this seed is unsurpassed. Pkt. 10c; ½ oz. 25c; oz. 45c; ¼ lb. 95c; lb. \$3.50.

G298—SELECT SOUTHPORT WHITE GLOBE—The most beautiful onion grown, being of symmetrical globe shape with a smooth satiny skin forming a perfect silver ball. It grows to a large size, averaging 7 to 9 inches in circumference, and is solid and heavy. The flesh is purest white, close grained, mild and of delicate flavor. Owing to its larger size it is later in ripening than the White or Silverskin. As soon as ripe the bulbs should be stored in a cool, dark, dry cellar. It is a heavy cropper and for the family garden as well as for market it is a valuable onion. Pkt. 10c; ½ oz. 30c; oz. 50c; ¼ lb. \$1.25; lb. \$4.25.

White Portugal or Silverskin

SILVERSKIN

G295 — A leading white, flat onion. The bulb attain a good size ripen evenly and the color is a beautiful silvery white when cured. Its shape is flat but symmetrical. It is largely grown for pickling, being sown three or four times as thick as usual and is also extensively sown for sets. Pkt. 10c; ½ oz. 35c; oz. 45c; ¼ lb. \$1.25; lb. \$4.75.

G-290—EARLY YELLOW GLOBE

Early Yellow Globe

G290—This variety will mature 10 days to two weeks earlier than Southport Yellow Globe and is especially suited to sections where seasons are short. It is a good yielder and a much better keeper than most other early varieties. Bulbs grow 2½ in. in diameter, globe-shaped, skin is deep yellow flesh pure white, solid and of excellent quality. Where quick maturing early onions are wanted this variety should be used. Pkt. 10c; ½ oz. 25c; oz. 45c; ¼ lb. \$1.10; lb. \$3.90; 5 lbs. \$18.75.

Mrs. R. Levandowski, Wis.—The seeds from you last year were all you claimed. Onions were swell.

G320—WHITE SUGAR

PARSNIPS

G320—WHITE SUGAR or PRIVATE STOCK—This is a highly improved type of the Half Long, producing uniformly large and handsome roots of stocky form, heavy at the shoulders, well rounded, gradually tapering to the base so that they can be easily dug and if grown in properly pulverized soil the roots will be smooth and free from side-roots and wrinkles.

The flesh is white, of fine texture, free from core and stringiness and especially fine flavored; cooking tender, sweet and rich. Pkt. 8c; oz. 20c; ¼ lb. 50c; lb. \$1.50.

G321—IMPROVED STUMP ROOTED—A very fine new Parsnip that is short and thick being easy to dig especially in heavy soils. Roots grow 6 to 8 in. long, and 3 in. thick at the shoulder. They are smooth and of attractive appearance. Flesh is very fine grained, sweet and tender. The earliest of all Parsnips. Pkt. 10c; oz. 25c; ¼ lb. 60c; lb. \$1.75.

A. R. McCallum, Ore.—Stump Rooted Parsnip is the best, easy to pull and no side roots.

G321—STUMP ROOTED

Oshkosh The Best Yellow Pepper

G347—A very distinct and desirable large fruited Pepper. The fruits are bright canary yellow at maturity but during growth they are a deep glossy green making an attractive sort to market as "green peppers." The flavor is mild and exceptionally sweet. Fruits average 4½ in. in length by 3½ in. in diameter, broad at base and taper slightly to a blunt point. Plants grow compact and are very productive. Pkt. 10c; ½ oz. 45c; oz. 85c.

G347—OSHKOSH

Jung's Select Peppers

G346—EARLY GIANT—By far the largest early Pepper grown. The fruits will average as large as Ruby Giant but are ready to pick much sooner than that variety; the shape is very much like Chinese Giant. Plants grow rather dwarf and compact and are much more productive than most of the large fruited peppers, many plants bearing 12 of the immense peppers at one time. Its ripened fruit average 5 in. long by 3 in. in diameter, of deep glossy color turning to a bright crimson when matured. The flesh is thick, sweet and of a pleasant flavor. Probably one of the most profitable varieties to grow for market. Pkt. 10c; ½ oz. 40c; oz. 75c; ¼ lb. \$2.25.

G345—CALIFORNIA WONDER—A magnificent Pepper resembling Chinese Giant in its large size and "blocky" form of fruits. Full grown peppers will measure 4½ in. in length and 4 in. in diameter. Flesh is unusually thick, very mild and sweet. A highly profitable variety for market garden. Pkt. 10c; ½ oz. 40c; oz. 75c; ¼ lb. \$2.25.

G349—WORLD BEATER—The very best extra large Pepper, being a cross of Chinese Giant and Ruby King, having the longer form and earliness of the latter with the size of the former. Fruits are of immense size, 4 to 5 in. long by 3½ to 4 in. in diameter; flesh is very thick and so mild and sweet that they sell readily on all markets. Exceedingly productive and a good shipper. Pkt. 8c; ½ oz. 35c; oz. 60c; ¼ lb. \$2.00.

G348—LONG RED CAYENNE—This is the pepper so popular for seasoning and pickling. The peppers are long and slim, bright red when ripe and have a hot pungent flavor. Pkt. 10c; ½ oz. 30c; oz. 50c.

Mrs. Louis Knapp, Iowa—I had wonderful luck with the seeds I ordered from you last year, it seems like every seed came up. Had more vegetables from my garden than I ever raised before.

Special Offer

Any 6-10c pkts for 50c and 4-15c pkts. for 50c. This applies to both flower and garden seeds but in pkts. only.

THE PRODUCTS OF JUNG'S SEEDS ARE UNEXCELLED

G330—BLUE BANTAM

Blue Bantam

G330—(63 day)—A splendid new pea of sturdy, dwarf growth, one of the large podded early dwarf peas. The vines grow 14 to 16 in. tall, are dark green in color and wonderfully productive, bearing a profusion of handsome, dark green pods which measure 4 to 4½ in. long and contains from 8 to 10 very large dark green peas of superb quality. They mature a little earlier than Gradus with pods fully as large; they require no brush or support. You will plant this variety every year after once trying it out. Pkt. 10c; ½ pt. 35c; pt. 55c; qt. 95c.

G336—SELECT LITTLE GEM—(63 day)—One of the most popular extra early dwarf peas. The demand for Little Gem increases every year which is a sure indication that it is giving satisfaction. Vines grow 14 to 16 in. tall require no brush and are literally covered with pods. Pods contain from 6 to 8 peas of fine quality. A great favorite for home and market gardens. You will not be disappointed if you plant our "Gem". Pkt. 8c; ½ pt. 30c; pt. 50c; qt. 90c.

G332—EARLY BIRD

Jung's Luscious Garden Peas

G332—EARLY BIRD or SUPERB—(61 day) —A very fine extra early Pea as early as Alaska with pods one-fourth larger and of much better quality. Vines dwarf in growth, very robust and productive. Pods contain 9 to 10 peas of fine quality. As the seed is semi-wrinkled it can be sown as early in the spring as the soil can be worked. Pkt. 10c; ½ pt. 35c; pt. 50c; qt. 95c.

Mrs. Frank Feldt, N. Dak.—I wish to express how pleased we are with your seeds, the Little Marvel Peas lived up to their name they bore in such abundance.

G338—LITTLE MARVEL

G338—EXTRA EARLY LITTLE MARVEL — (63 Day)—The vines are of dark green even growth averaging 15 inches in height and are heavily set with fine pods, frequently borne in pairs. The pods average about 4 inches in length, are square at the bottom and well filled with six or seven large deep green peas. The pods are ready for the table as early as the American Wonder while the peas are larger and the vines produce a heavier crop. The peas retain their attractive dark green color and superb flavor when served at the table. You will be delighted with the choice flavor of Little Marvel. Pkt. 10c; ½ pt. 35c; pt. 55c; qt. 95c.

New Wando Peas - Resistant to Heat and Drought

G337—(70 day) Will succeed under heat and drought conditions where other varieties fail. Well suited for late planting, if conditions are favorable it will do exceedingly well while if it is hot and dry it will give you excellent peas. Vines grow to a medium height and bear an abundant crop of pods 3½ to 4 in. long which contain 7 to 9 peas. Very sweet and tender and well suited for freezing. Pkt. 10c; ½ pt. 35c; pt. 60c; qt. \$1.00.

Mrs. F. Bosacker Jr., Minn.—Your Peas yielded the best of any I ever planted.

Mrs. H. F. Walter Jr., Minn.—Never had such fine peas for freezing as your Blue Bantam and Honey Sweet.

G334—VICTORY FREEZER PEAS

Victory Freezer Peas

G334—(64 Day) — An "All-America" selection for yield and quality being especially suited for freezing as the peas remain deep green and are very tender and sweet. Grows a healthy vine 24 to 28 in. tall which bear an abundance of pods 3½ in. long and containing 7 to 9 peas of very high quality. One of the best varieties for freezing but equally good for using fresh from the garden. Pkt. 10c; ½ pt. 35c; pt. 60c; qt. \$1.00.

GROW MORE AND BETTER PEAS BY USING NOD-O-GEN. See Page 38.

G336—LITTLE GEM

MAM. MELTING SUGAR

Jung's Honey Sweet

G335—(73 Day)—One of the best main-crop Peas to be had as they are truly of the most delicious flavor actually "sweet as honey." They grow a very healthy stocky vine about 18 in. high, and require no support. The pods are produced in great profusion; they are 4 to 4½ in. long and contain from 8 to 10 peas of most luscious flavor. A very heavy bearer never failing to produce a crop of the giant pods. Pkt. 10c; ½ pt. 35c; pt. 55c; qt. 95c.

Edible Podded Peas

G339—MAMMOTH MELTING SUGAR—(74 Day)—This variety is far superior to all others of the edible class of garden peas, not only in size but also in delicious quality. The large pods are sweet, brittle and tender and have none of the tough lining found in so many of the edible kinds. The pods are used the same as snap or string beans and will also make excellent pickles. Full grown pods measure 5 in. long are so tender and brittle that they snap like glass; they have no strings. Pkt. 10c; ½ pt. 30c; pt. 50c; qt. 90c.

G335—HONEY SWEET

PUMPKINS

G362—HUNDREDWEIGHT

G362—HUNDREDWEIGHT—You will be greatly surprised at the size to which pumpkins can be grown when you plant this variety, specimens have been grown weighing over 100 lbs. It is also of remarkable fine quality as the flesh is fine grained, sweet and tender and of excellent quality for pies. Pkt. 10c; oz. 25c; ¼ lb. 65c.

G364—LUXURY PIE—This is the very best Pumpkin that has ever come to our attention. It is enormously productive, medium in size, being about 10 inches in diameter, almost globe-shaped and ripens early. The skin is finely netted and in color a beautiful golden russet which is a sign of finest quality. The flesh is very thick, sweet and sugary and deep golden in color. An excellent keeper for winter use. If you want some delicious pies for Thanksgiving Day plant LUXURY PIE. Pkt. 10c; oz. 25c; ¼ lb. 65c.

G360—BIG TOM FIELD PUMPKIN — Vines are of strong, vigorous growth and wonderfully productive. Fruits will average 15 to 20 in. in diameter, round or oval in form. It is the hardest of all pumpkins and is good for pies. Pkt. 7c; oz. 20c; ¼ lb. 45c; lb. \$1.50.

G361—BUSH PIE PUMPKIN

G361—BUSH PIE-PUMPKIN—A new type of Pumpkin that grows in a compact bush instead of long vines so delicious pie pumpkins may now be grown where space is limited. The plants form compact bushes and may be planted in hills 4 ft. apart. The fruits set freely, are of good size and of excellent quality for pies: Pkt. 10c; oz. 25c; ¼ lb. 65c.

JUNG S RAPID RED

Crisp Tender Radishes

We take much pride in our select stocks of Radish seed. It is grown from carefully selected roots and will produce Radishes of mild flavor and with less leaves than the seed usually offered.

G370—"CHERRY BELLE"—(22 Day)—An "All America" prize winner, an outstanding radish for earliness, quality and appearance. Round and red as a cherry and often ready to use in 22 days, very uniform in size and shape. Flesh is crisp, firm and mild in flavor, slow to become pithy. Tops are small making it an ideal variety for bunching. Pkt. 10c; oz. 25c; ¼ lb. 55c; lb. \$1.40.

CHERRY BELLE

G380—RAPID RED—(22 Day)—This we find to be the quickest maturing of them all. Radishes having been grown in the short period of 18 days. Its attractive color and small tops makes it especially desirable for forcing. The flesh is pure white, very crisp, tender and sweet. If you want to be the first on the market with Radishes that will command fancy prices then plant "RAPID RED". Pkt. 10c; oz. 25c; ¼ lb. 55c; lb. \$1.40.

G373—PERFECTION EXTRA EARLY—(25 Day)—The most attractive white-tipped Radish. This variety is bound to become the most popular of the white-tipped varieties as it combines handsome appearance, quality and extreme earliness. The white tips extend nearly half way up the roots and the brilliant color of the tops shows up in strong contrast. For quality it is unexcelled as it is very crisp, tender and sweet. One of the best varieties to grow for market as well as for the home garden. Pkt. 8c; oz. 18c; ¼ lb. 35c; lb. \$1.20.

G375—FRENCH BREAKFAST—(25 Day)—An early medium sized radish, olive shaped, very crisp and tender; of a beautiful bright, scarlet color tipped with white. It grows about 2 in. long and is decidedly stump rooted. A splendid variety for the table for its excellent quality and the beautiful color are unexcelled. It is a quick growing and exceedingly popular variety. Pkt. 10c; oz. 25c; ¼ lb. 55c; lb. \$1.40.

G372—CRIMSON GIANT GLOBE—(29 Day)—This new variety is suitable for both forcing and growing outdoors. It is a fine shaped, bright red Radish, growing quickly to large size (see illustration). The Radish is a deep globe shape and 1½ in. in diameter. Skin is thin and tender and of a deep crimson color. The flesh is pure white, crisp and of mild flavor. The roots are entirely free from hollow centers and pithy fibre. Pkt. 10c; oz. 25c; ¼ lb. 55c; lb. \$1.40.

G381—SELECT EARLY WHITE ICICLE—(27 Day)—Long, slender, crisp, tender, mild and of purest white. Unexcelled as a money maker. It produces slender, pure white Radishes very early in the season, much earlier and finer in quality than any other long white variety. The shape is well shown in the illustration. The leaves are short and few, making it an excellent variety for forcing. It is of the best flavor and very brittle and crisp. The roots grow about 4 in. long and are ready for use in about 25 days after sowing. Pkt. 10c; oz. 25c; ¼ lb. 55c; lb. \$1.40.

G382—WOOD'S EARLY FRAME—(29 Day)—This is one of the earliest long varieties. It is of a beautiful scarlet color, shading to white towards the tip. It is always juicy, tender, delicious and free from pith and sharpness so often found in long Radishes. Very much used for growing under glass. You will be delighted with this variety. Pkt. 10c; oz. 25c; ¼ lb. 55c; lb. \$1.40.

EARLY HAILSTONE

G373—EARLY HAILSTONE—(22 Day)—The Earliest and Quickest Growing WHITE RADISH in Cultivation. It is ready for use from 22 to 24 days after sowing. The Radishes are regular shaped, measuring 1 in. in diameter and about ½ in. in depth. Flesh is solid, crisp and of mild flavor. The foliage is unusually small. Pkt. 10c; oz. 25c; ¼ lb. 55c; lb. \$1.40.

WOOD'S EARLY FRAME

CHINA ROSE WINTER

G371—CHINA ROSE WINTER RADISH—(50 Day)—This is a large and fine shaped Radish, growing partly above the ground. It is of a half long shape with a blunt point; rose colored skin, flesh pure white, solid as an apple. It has not the strong flavor of the Black Spanish and keeps equally as well. Pkt. 10c; oz. 25c; ¼ lb. 55c; lb. \$1.40.

RUTA BAGAS

G390—IMPROVED PURPLE TOP YELLOW—A hardy and productive variety, widely grown for market and stock feeding. It is of fine quality and keeps perfectly all winter and even into the following summer. Bulbs are large, smooth, round, and solid with a small tap root. Flesh richly colored, fine grained and very sweet. Pkt. 8c; oz. 20c; ¼ lb. 40c; lb. \$1.25; 5 lbs. \$5.35.

G390—IMP. PURPLE TOP YELLOW

LAURENTIAN OR PERFECT MODEL

G391—PERFECT MODEL or LAURENTIAN—A highly improved Ruta Baga that is giving satisfaction where ever grown. A heavy yielding, flesh deep orange colored, sweet and fine grained, excellent for table use. It is globe-shaped, yellow skin with purple top and very short neck. An excellent variety to grow for market as they present such a handsome appearance that they sell readily. Pkt. 10c; oz. 25c; ¼ lb. 50c; lb. \$1.35; 5 lbs. \$5.90.

H. E. Sanderson, Ariz. —I have had nice crops ever since I started using your seeds.

TURNIPS

G477—PURPLE TOP WHITE GLOBE—This grows very quickly to large size; roots even and regular in form and of most handsome appearance. The bulbs will measure 6 inches and more in diameter, being of perfect globe form. The plants being of such large, strong growth should be thinned more severely than with small early sorts. This variety is very extensively used for market growing. Pkt. 8c; oz. 20c; ¼ lb. 40c; lb. \$1.10; 5 lbs. \$4.95.

PURPLE TOP WHITE GLOBE

G476—GOLDEN BALL—Of the yellow or golden fleshed turnips this is the best variety. Roots grow quickly to good size, are smooth and very fine in appearance. Flesh is a rich yellow color, tender and mild in flavor; in fact we consider it the best turnip for table use. Pkt. 10c; oz. 20c; ¼ lb. 40c; lb. \$1.20; 5 lbs. \$5.50.

G476—GOLDEN BALL

G478—EXTRA EARLY WHITE MILAN—A very valuable sort largely used by market gardeners for first or extra early use. The quickest growing variety and under favorable conditions is fit for use in a few weeks after sowing. The roots are of medium size, of pure white color and very handsome appearance. Flesh is fine grained, sweet and of mild flavor. A splendid variety for both the home and market garden. Pkt. 10c; oz. 20c; ¼ lb. 40c; lb. \$1.20; 5 lbs. \$5.25.

Mrs. Geo. R. Bailey, Va. —Your seeds are superior to any others I have ever planted.

G400—SALSIFY

Spinach

G407—LONG STANDING BLOOMSDALE—Remarkable new Spinach that is far superior to all of the other kinds. Its great advantage is that it will stand 2 weeks longer before running to seed than any other kind. For productiveness and quality it is unexcelled. Pkt. 8c; oz. 20c; ¼ lb. 35c; lb. \$1.20.

New "America" Spinach

G405—All-America Silver Medal Winner. A new, improved strain noted for its long standing, high quality and high yields. The leaves are glossy dark green, thick and tender, heavily crumpled. Grows a vigorous plant, 6 to 8 in. tall, 10 to 12 in. across and are very slow to bolt to seed. Splendid for either home or market gardens. Pkt. 10c; oz. 25c; ¼ lb. 65c; lb. \$1.95.

G405—AMERICA

G407—LONG STANDING BLOOMSDALE

Salsify

G400—MAMMOTH SANDWICH ISLAND—One of the most delicious vegetables and also one of the most nutritious. The flavor is very sweet and highly esteemed whether boiled with butter or other suitable sauces, or sliced and fried, or used in soup. The new variety is superseding the old type, as it produces roots nearly double the size and weight and of equally good quality. Seed sown in the spring produces large, fine roots that may remain in the ground or may be dug and stored in sand or earth in November thus keeping plump and sweet to be used as desired during the winter. Mild and delicious in flavor. Pkt. 10c; oz. 30c; ¼ lb. 80c; lb. \$3.00.

Mrs. E. E. Dicks, Iowa—I can recommend your firm as I have always received high quality seeds and plants from you.

Jung's Northern Grown Tomato Seed

We take pride in our tomato seed and are sure that it is unexcelled for quality. It is northern grown and will produce a crop that will ripen earlier, produce more solid fruit and healthier plants than seed grown farther south. It is folly to use cheap tomato seed for it takes only a few ounces to plant an acre.

Jung's Private Stock "John Baer"

G457—This is a widely grown and very popular early Tomato. First fruits ripen early and it continues to bear for a long time. Plants are vigorous growers and bear the large, smooth red fruits in great quantities. It has always been a great favorite with our customers. Market gardeners, with whom earliness is a great factor will find that our northern grown seed will produce a crop that will ripen earlier, produce a larger crop and more solid fruits, than seed grown farther south. Plant JUNG'S JOHN BAER once and you will not be without it again. Price of seed of our own growing: Pkt 10c; 1/2 oz. 40c; oz. 75c; 1/4 lb. \$2.00; lb. \$6.50.

G458—**SUPER SELECT JOHN BAER**—For gardeners who want something extra special we offer seed of this fine tomato that was saved from a few extra choice plants. This seed is only from the earliest of crownset fruits. Sure to please. Pkt. 15c; 1/2 oz. 65c; oz. \$1.00; 1/4 lb. \$3.00.

G454—**URBANA or GIANT EVERBEARING**—A wonderful tomato that commences to ripen early and continues to bear throughout the season; the later fruit is just as perfect as the first. It has been tried out in all parts of the U. S. and on different soils and always proved successful. The plants make strong vines that produce large numbers of fine tomatoes from each plant. The fruits are large, solid and smooth, free from cracks and ripen up evenly to the stem. Fruits are a bright glossy red, flesh is solid, contains few seeds and is exceptionally fine flavor. Choice seed of our own growing. Pkt. 10c; 1/2 oz. 40c; oz. 75c; 1/4 lb. \$2.00.

G460—**MARGLOBE or CORELESS**—We consider this the most ideal main-crop tomato as it is wilt-resistant and produces a larger crop of large smooth fruits than any other variety. Marglobe is a beautiful scarlet globe-shaped tomato, fruits are very smooth, free from core and often weigh 1 pound each. We offer select seed of our own growing. Pkt. 10c; 1/2 oz. 40c; oz. 75c; 1/4 lb. \$1.95.

G461—**SUPER SELECT MARGLOBE or CORELESS**—This seed has been saved from only the first or crown-set fruits. The plants were especially selected for producing large, early-ripening tomatoes. Pkt. 15c; 1/2 oz. 65c; oz. \$1.00; 1/4 lb. \$3.00.

G464—**TRUCKER'S FAVORITE**—Very uniform in shape and size; thick, heavy and solid; one of the largest tomatoes grown. The fruits are of a purplish red or pink color, always smooth and fleshy. They hold their size to the very last picking and ripen well to the stem. The vines are not subject to blight or rust and produce enormous crops until killed by frost. Delightful in quality and flavor and unexcelled for slicing or cooking. As a dependable main crop Tomato, Trucker's Favorite cannot be beaten. Pkt. 10c; 1/2 oz. 40c; oz. 75c; 1/4 lb. \$2.25.

DuPont Garden Dust Prevents Tomato Blight

M24—We can highly recommend this preparation as it may be used as a spray or dust. It will not only protect your plants from insects of all kinds but will also prevent disease such as blight, rust and wilts. Especially good on Potatoes and tomatoes as it will keep the vines green and healthy, also for flowers such as roses, phlox and others that are subject to blight, rust or mildew. This combination is all that is needed, not necessary to use several different sprays or dusts. Full instructions on every can. 8 oz. (filled) Squeeze Can \$1.15; lb. can \$1.20; 3 lbs. \$2.75.

Mrs. Geo. Freeman, Iowa—Of all the tomatoes we have grown Urbana was one of the best.

G453—**JUNG'S GIANT CLIMBING**—Enough tomatoes for an average family can be grown from a small space by planting this vigorous tomato and supporting the plants on a trellis or stakes. Vines will grow 6 to 8 ft. tall and bear tremendously. Fruit are very large in size, smooth, solid, deep red in color and ripen up evenly to the stem. May also be grown like ordinary varieties but be sure to give the plants plenty of room. Select seed of our own growing. Pkt. 12c; 1/2 oz. 50c; oz. 80c.

"Blossom Set"

You can grow earlier, larger and more tomatoes on each plant by using "Blossom Set". Fully described on page 38.

G469—WHITE WONDER

G469—**WHITE WONDER**—A wonderful tomato which has creamy white skin and flesh. The fruit is free of the usual acids and can therefore be enjoyed by persons who cannot eat red tomatoes on account of the acids they contain. The fruits are very firm and when cut open show a firm flesh. As a tomato for slicing or salads, it is unsurpassed. Be the first one to grow this new tomato and surprise your neighbors. We offer you choice seeds of our own growing. Pkt. 10c; 3 pkts. 25c.

W. B. Gond, Va.—We have bought your seeds for many years and have wonderful success, especially the Truckers Favorite Tomato.

Giant Oxheart

G462—**THE LARGEST OF ALL TOMATOES**—Superb in Quality, Firm, Solid Flesh—If you wish to surprise your friends (with truly large tomatoes plant Oxheart. Single fruits have been grown weighing 2 lbs. each. The fruits are Oxheart shaped, deep pink in color and are almost all solid meat as they contain but few seeds. The size and quality of this new tomato will delight and please you. Pkt. 15c; 1/2 oz. 75c; oz. \$1.25.

G462—GIANT OXHEART

Mrs. L. Kandler, Wis.—This is the 17th year we are ordering seeds from you and have always been well pleased. We had the best Tomatoes in this county.

Jung's Earliest Tree

Enormous Yielder. Bright Red. Early and Large.

G450—A splendid variety for the home garden. It is the largest fruited dwarf tree Tomato. The plants grow to a height of about 2 ft. and are stiffly erect until they become over-loaded with fruit. The fruit is produced in clusters of 3 to 5 and as the growth is close-jointed each plant produces a large number. The tomatoes are of large size, and are smooth and solid. Fruit have a solid meaty center and no hard core and produce but very little seed. We consider the Earliest Tree invaluable for the home garden or shipping purposes. Pkt. 10c; 1/2 oz. 45c; oz. 80c.

Jung's Earliest Tree Tomato

Please remember this when comparing prices

G453—GIANT CLIMBING

G455—GOLDEN DWARF CHAMPION

G455—GOLDEN DWARF CHAMPION

—The Dwarf Champion owes its wide popularity to its stiff vigorous growth smooth fruit and fine color. Plants are bushy and compact with heavy dark green foliage. The tomatoes are always smooth, round and solid and of a beautiful lemon color. Nothing makes a more tempting dish than red and yellow tomatoes sliced together. This variety has an unusual flavor, especially fine for preserves as it does not require as much sugar as other varieties. Pkt. 10c; 1/2 oz. 45c; oz. 80c.

FANCY PRESERVING TOMATOES

Fancy Small Tomatoes

G452—**FANCY MIXED PRESERVING**—In a packet of this seed you will receive a fine assortment of the different small fruited varieties such as Red and Yellow Pear, Plum, Cherry and Peach. These tomatoes are all of unusually sweet, rich flavor and excellent for making preserves. As they are such prolific yielders a few plants will supply an average family. Pkt. 10c; 3 pkts. 25c.

G414—GT. STRAIGHTNECK

G412—COCOZELLE

Select Summer Squash

Cocozelle

The Most Delicious and Finest Flavored Summer Squash.

G412 — Of compact bush growth, the vines yield heavily of fruit averaging 14 in. long and 5 in. in diameter, dark green in color with the yellow and green striping. Used when 10 in. long and perfectly green. Pkt. 10c; oz. 25c; ¼ lb. 60c; lb. \$1.75.

G418 — MAMMOTH WHITE BUSH — An early maturing bush summer squash which will bear throughout the season if kept picked. Squashes are pure white and of large size. Flesh is thick and of very fine quality. Pkt. 10c; oz. 25c; ¼ lb. 50c.

G418—MAMMOTH WHITE BUSH

G414—GIANT STRAIGHTNECK—A new highly desirable summer squash that is replacing the older crookneck type. It is easier to pick, will yield just as heavily and is of the same appearance as Giant Crookneck, the neck is heavier and gives more edible squash and is easier to prepare for the table. Pkt. 8c; oz. 20c; ¼ lb. 45c.

Select Winter Squash

G419—TABLE QUEEN — A squash that will suit the most exacting taste. If you want something in extra fine 'eats' cut one of the squash in half, put in a lump of butter and bake; this serves one amply. It ripens early, will keep all winter and is so productive that a few hills produce enough for an average family. Pkt. 10c; oz. 25c; ¼ lb. 60c; lb. \$1.75.

G419—TABLE QUEEN

"BUTTERCUP" The Quality Squash

Superb Quality. Excellent Keeper. Heavy Yields.

G411—A splendid winter squash developed by Prof. Yaeger of the No. Dak. Exp. Station. The squashes weigh 3 to 5 lbs., are dark green in color, mature early, and are excellent keepers. The flesh is very thick, deep orange in color, very sweet, and entirely free from fibre of any kind. The Highest Quality Winter Squash. Pkt. 10c; oz. 25c; ¼ lb. 75c; lb. \$2.50; 5 lbs. \$12.00.

G409—BUSH BUTTERCUP—This is a bush type of the famous Buttercup making it an ideal squash for the small garden where space is limited. You can now grow top quality squash in your family garden as the bush is but 3 to 4 feet in diameter and bears profusely. Same high quality as the popular "Buttercup." Pkt. 15c; oz. 45c; ¼ lb. \$1.00.

G420—BUSH TABLE QUEEN

Uconn or Bush Table Queen

G410—This splendid new squash has all the good qualities of the old variety and in addition is a true bush type so you can now grow superb quality squash in a small space. Vines grow only about 3 ft. long and bear from 3 to 6 squash on a vine. The squash are just the right size to serve baked or buttered and they will keep all winter, also a fine variety for pies. Pkt. 10c; oz. 25c; ¼ lb. 65c; lb. \$1.85.

G415—GOLDEN HUBBARD—An elegant Winter Squash. Flesh a deep golden yellow, much richer in color than Hubbard; fine grained, cooks very dry and is of excellent flavor. In keeping quality it has no superior. Its productiveness combined with its sweet rich flavor, attractive color and shape are bound to make it a popular fall and winter variety. Golden Hubbard is a sport from the well known Hubbard which it closely resembles in every respect except in color, which is a bright golden yellow. Pkt. 10c; oz. 25c; ¼ lb. 65c; lb. \$1.85; 5 lbs. \$9.00.

Keep Your Squash Vines Vigorous and Thrifty by Using "RED ARROW SPRAY". See Page 2.

G415—GOLDEN HUBBARD

Four Superb Annuals

Color and Beauty from Early Summer until Frost.

Double Bush Balsam

Rival Roses in Beauty. Bloom from July till Frost. Not Bothered by Insects or Disease. Sure to Bloom.

F532 — GARDENIA FLOWERED — A very beautiful new strain of Balsam. The flowers very much like double roses, are produced in clusters on the tips of the stems and a bush in full bloom is a solid mass of color. You will be highly pleased with these grand Balsams. Our seed is a grand mixture of white, rose and red shades. Pkt. 15c; 2 pkts. 25c.

F532—BUSH BALSAM

Christmas Kochia--The Annual Hedge

Grow a Beautiful Hedge 3 ft. Tall from Seed Sown in the Spring.

F605 — Sow the seed thinly early in the spring and in 6 to 8 weeks you will have a beautiful hedge. Will grow to a height of 3 to 4 ft. and will be very dense and symmetrical from the start. Plants are a rich green until frost after which they turn to a rosy claret red. Easy to grow and not bothered by insects. Pkt. 10c; ¼ oz. 25c.

CHRISTMAS KOCHIA

Dwarf Marigolds

F620 — LITTLE MIDGETS MIXED — There are few, if any, of the low growing annuals that produce a profusion of flowers for a longer period of time. They form dense attractive bushes 1 ft. high and are a solid mass of color in yellow, orange, brown and maroon. Very useful for borders and also for bouquets and baskets. Pkt. 10c; ¼ oz. 25c.

F772—HYBRID ZINNIAS

Giant Hybrid Zinnias

F772—The exquisite beauty of these lovely Zinnias is hard to describe. The immense ruffled and fluffy flowers grow up to 6 in. across and very much resemble chrysanthemums. They come in a gorgeous blend of color and will bloom from early summer until frost. The sturdy plants grow to a height of 2½ to 3 ft. and bear the giant blooms in great profusion. Pkt. 15c; ¼ oz. 35c.

Glenn Roettger, Ind.—Your Giant Hybrid Zinnias grew over three feet tall and amazed the whole neighborhood. They were wonderful.

F620—DWARF MARIGOLD

If you wish a grand display of color then sow the above flowers as follows: For the background sow a row of Kochia, then a row of Zinnias, then Bush Balsam and last the Dwarf Marigolds. You can have gorgeous flowers for small expense and effort. We know you will be delighted beyond words.

SPECIAL OFFER No. 22

One Pkt. of each of the above Grand Flowers for 35c.

Jung's Rainbow FLOWER GARDEN

A Whole Flower Garden in a Packet. Easy to Grow. A Mass of Flowers from Early Summer till Frost.

F792—Much time and care was taken in preparing the formula of this gorgeous flower mixture. It is made up of flowers suitable for bedding and bouquets, something that will be in flower from early summer until frosts. A bed or row of these flowers will be a bright spot in your garden all summer and also supply many beautiful bouquets. The grand flowers it will produce will please and delight you beyond your fondest hopes. A pkt. contains sufficient seed to sow a row 30 to 40 ft. long. Pkt. 10c; ¼ oz. 20c; oz. 60c.

F792—RAINBOW FLOWER GARDEN

Jung's Select Flower Seeds

YELLOW CHRYSANTHEMUM

YELLOW CHRYSANTHEMUM

BLUE LACE FLOWER

FANCY MIXED CANDYTUFT

COCKSCOMB

Wm. Last, Wis.—Your seed is wonderfully good, my Scarlet Gem Asters were like Chrysanthemums.

will be welcome to your lover, are of you, ably full and it cover

F520 — JUNG'S SCARLET GEM ASTER — One of the most beautiful of all flowers. It is a most charming annual, growing about 15 to 18 in. high bearing scores of bright yellow flowers. Seeds should be started indoors; the plants will begin to bloom almost as soon as set in the open ground affording an unlimited supply of cut flowers. One of the best bedders. Likened to Golden Glow on account of color, shape and profusion. Pkt. 10c; 1/2 oz. 25c.

F520—JUNG'S SCARLET GEM ASTER

F530—BABY GOLDEN GLOW

Baby Golden Glow

F530—A most charming annual growing about 15 to 18 in. high bearing scores of bright yellow flowers. Seeds should be started indoors; the plants will begin to bloom almost as soon as set in the open ground affording an unlimited supply of cut flowers. One of the best bedders. Likened to Golden Glow on account of color, shape and profusion. Pkt. 10c; 1/2 oz. 25c.

LITTLE PRINCE

Candytuft

F544—LITTLE PRINCE—This a dainty and distinct Candytuft, the plant growing only about six inches high and bears immense spikes of snow-white flowers, in great abundance. Pkt. 10c; 1/2 oz. 25c.

F545 — FANCY MIXED — These Candytufts are very profuse bloomers and come into bloom soon after sowing and remain in flower for a long time. May be sown in solid beds or used for edging or borders. Pkt. 10c; 1/2 oz. 20c.

Cockscomb

F564—GIANT PRIZED MIXED — Wonderfully showy annuals producing crimson and yellow flowers or combs of immense size. Very easy to grow. Cut when partially open and dry in shady place and they make excellent winter bouquets. Pkt. 10c; 1/2 oz. 25c.

Clarkia

F562—GIANT FANCY MIXED—For rare gracefulness and beauty, few annuals will surpass Clarkias. Suitable for either the border or bouquets. They grow erect to a height of 2 ft. and the branches for their entire length are covered with double flowers resembling carnations or rosettes. Pkt. 10c; 1/2 oz. 20c.

F530—BABY GOLDEN GLOW

feathery fringe of tiny, pure white star-like flowers that are highly esteemed for cut flowers as they lend a most graceful effect when combined in bouquets. Successive plantings should be made if you wish a supply throughout the season Pkt. 10c; 1/2 oz. 20c.

Miss Hetty Steenwood, N.Y.—So well pleased with all your seeds and your prompt service. The Balsams were so double and such beautiful colors. Blooms so early and leaves do not hide the flowers.

Chinese Woolflower

F755—The plants average 2 feet in height branching freely, each shoot bearing a beautiful ball of wool in pink, yellow and scarlet. It flowers early and profusely and the heads of bloom mixed with fresh green foliage makes the plant look like an immense bouquet set in the ground. They continue to grow with a richness of color all summer and fall. Very much used for winter decorations. Pkt. 10c; 3 pkts. 25c.

F755—CHINESE WOOLFLOWER

Mrs. W. Ricks, Iowa—We like your seeds as they are reasonably priced and grow so well.

Noah A. Grifford, Mich.—The California Poppies were beautiful, blossomed all summer and fall. Am more than pleased with your seeds.

California Poppies

F671 — GIANT HYBRID MIXED — You will be highly delighted with the profusion, size and wonderful new colors of these flowers. Unlike the old variety these form upright bushes with fine cut foliage and bloom from June to October. Colors in clude orange, rose, crimson, lavender, and many other new shades. Very easy to grow. Pkt. 10c; 1/2 oz. 20c.

F546—CALLIOPSIS

SCARLET RUNNER BEAN

F593—GERANIUMS

CALENDULA
Calendula

Calliopsis

F546—DWARF BRILLIANT MIXED — Quick growing and profuse blooming annuals of dwarf compact growth. 9 to 12 in. tall and ideal for borders, edgings or beds. Easy to grow, not bothered by insects and bloom freely even in hot, dry weather. Pkt. 10c; 1/8 oz. 25c.

F560—ANNUAL CHRYSANTHEMUMS

Gen. Scherasky, Wis. The Annual Chrysanthemums I had from you last year were just beautiful.

Flowers for Color & Beauty

Scarlet Runner Beans

F685—One of our faster growing annual vines. Bears large clusters of showy bright scarlet flowers. Pods are tender when young and may be used like any pole bean. Both useful and ornamental. Large Pkt. 10c; oz. 25c.

Coleus

F565—FANCY RAINBOW MIXED—These plants have the brightest foliage of any plant that can be grown from seed. They are readily grown from seed and grow to a height of 12 to 18 in. The seed we offer has large leaves of remarkable colors. Pkt. 20c; 3 pkts. 50c.

F565—COLEUS

"QUALITY"

A great many items which you purchase today are either much higher in price or inferior in quality. This is not the case with Jung's Seeds, Plants and Shrubs. We have spared no effort or expense to maintain "quality" and you will find that our prices are very reasonable. Our steadily increasing number of customers is the best evidence of the superior quality of the goods we send out.

Annual Chrysanthemums

F560—Easily grown annuals that produce some of the best color combinations known in flowers. They are as easily grown as poppies and remain in bloom for a long time. As the flowers are produced on long stems they make splendid bouquets and will last a long time. Do not sow the seed too thick as the plants require room to give best results; they should be 12 to 15 inches apart each way. Pkt. 10c; 1/8 oz. 25c.

Cardinal Climbers

F547—One of the most beautiful annuals we know of and should be grown by every lover of vines or climbers. The foliage is like a palm leaf, rich, glossy green with fringed edges against which the brilliant scarlet flowers about one inch across, show off beautifully. In a warm sunny location and rich soil it grows about 20 feet in height. It is of rapid growth, free from insects and a beautiful vine for porches or trellises. Pkt. 10c; 3 pkts. 25c.

Cosmos

F568—JUNG'S SUPERB MIXED — Probably one of the finest Cosmos mixtures to be had. Made up of such grand varieties as Sensation Early Flowering, Golden Flare, etc., will supply you with grand flowers from early summer until frost. Many of the flowers will be 4 to 5 inches across and are borne on long stems; grand for bouquets. Pkt. 10c; 1/8 oz. 25c.

Fire Flame Celosia

F554—An easily grown and highly attractive annual that may be grown in the flower garden or in pots. Plants grow 12 to 15 in. tall and the center stalk and each branch terminates in a fiery red flower head. Even more attractive than Geraniums or Salvia and remain in flower for weeks. Pkt. 12c; 2 pkts. 20c.

F547—CARDINAL CLIMBER

F541—CANARY BIRD VINE

F570—ANNUAL DAISY

Geraniums

F593 — GIANT ZONALE HYBRID—It is not generally known that geraniums can be easily grown from seed, in fact some of the finest new varieties are started from seed. Seed sown early will produce flowering plants the first year. Our seed contains a great variety of colors and there is much pleasure in watching them develop from seed to blooming plants. Pkt. 15c; 2 pkts. 25c.

F550—CASTOR OIL BEAN

Castor Oil Bean

F550—Our fastest growing ornamental plant, very useful for backgrounds or the center of a large flower bed. They are very ornamental as the large broad leaves are glossy green or bronze in color, palm shaped and give a tropical appearance. Large Pkt. 10c; oz. 25c.

"GROWING FLOWERS"

You can have an abundance of flowers from early summer until frost by sowing Jung's select Flower Seeds and following the simple instructions in our booklet "How to Grow the Most Beautiful Flowers." Sent free, when requested, with all orders.

Angel's Trumpet or Datura

F574—Annual growing to a height of 2 to 3 ft. and producing large lily-like trumpet shaped flowers that are very fragrant. A plant in bloom is a beautiful sight and perfumes the whole garden. Our seed will produce both single and double flowers. For best results they should be started indoors and later transplanted into the open. Pkt. 10c; 3 pkts. 25c.

DATURA

Canary Bird Vine

F541—A dainty vine with fine, fern like foliage that blossoms freely throughout the summer and fall, will also grow in partially shaded places. Flowers are clear canary yellow, very bright and attractive with their fringed petals which resemble a canary with open wings. Pkt. 10c; 3 pkts. 25c.

Dianthus or Pinks

F576—GAIETY MIXED — A new strain of "Pinks" noted for their giant sized flowers, their rich colors and exotic beauty of both the single and double blooms. Come into flower in a very short time and continue to flower for a long period of time. Well suited for beds or cutting as the large flowers are produced on long stems. Pkt. 10c; 1/8 oz. 25c.

GAIETY PINKS

Annual Daisy

F570—FANCY MIXED—One of our best and showiest free flowering hardy annuals. Of the easiest culture, producing a fine show in beds as they continue in flower from early summer until killed by frost. The immense double flowers are produced on long stems and last for a long time when cut for bouquets. Pkt. 10c; 1/8 oz. 20c.

Annual Hollyhocks

F600 — INDIAN SPRING—Semi-double fringed flowers from delicate pink to rosy carmine are freely produced on 4 to 5 ft. stalks the first season. Seed sown in March will bloom in August. Plants will live over winter and flower again the following year. Pkt. 10c; 3 pkts. 25c.

HOLLYHOCKS

FIREFLAME CELOSIA

LAVATERA

CHRISTMAS KOCHIA

Christmas Kochia-The Annual Hedge

Grows a Beautiful Hedge 3 ft. Tall from Seed Sown in the Spring.

F605—A great improvement on the old variety as this new strain retains its beautiful color until late in the winter while the old variety dried up in September. The bushes are a mass of dense live green in summer while after frost it turns to rosy claret red and is highly ornamental after all other shrubs are dead and the effect of this color against the snow is certainly a beautiful sight. The plants grow 3 to 4 feet high and very dense and symmetrical from the start. Pkt. 10c; 1/4 oz. 25c.

Lavatera

F608 — **ROSY MORN** — These handsome flowers should be grown by every flower lover. Plants grow 2 ft. in height and produce a mass of charming rose-pink flowers. Very useful for showy beds or borders and as the flowers are borne on long stems, they are very useful for vases and bouquets. It is easy to grow and sure to please. Pkt. 10c; 1/2 oz. 20c.

Everblooming Wonder Lily

F610—A wonderful new hardy Lily that will bloom from seed the first year if started early. Flowers very much resemble Easter Lilies, being pure white inside, slightly tinged deep rose on the outside. They grow 3 to 4 ft. tall and often produce 10 to 15 flowers on a stem. Will increase in size and beauty from year to year. Pkt. 10c; 3 pkts. 25c.

Jung's Superb Pansies

F651—This is a popular large flowering type just what you want for a pretty bed. The plants make a strong growth and flower freely. This mixture comprises many beautiful varieties and we know you will be delighted with it. Pkt. 12c; 1/2 oz. 45c.

Mrs. Peter P. Resop, Wis.—As one of your old customers wish to report we like both your garden and flower seeds.

Louis Wilkinson, Wis. — We find your seeds superior in every way, have never had a failure with them.

Nicotiana

F645 — **CRIMSON BEDDER** — A splendid bedding plant being bright in color and remaining in bloom for a long time. Flowers are a deep rich red and very fragrant. Free flowering bushes grow to a height of 12 to 15 in. Pkt. 10c; 3 pkts. 25c.

Pyrethrum

F678—**AUREUM** — One of our most attractive and useful plants for borders and edgings. Grows 8 to 10 in. tall, foliage is an attractive golden color contrasting well with other green foliage plants. Pkt. 10c; 1/2 oz. 25c.

Brilliant Petunia

F660—**FIRE CHIEF**—All America Gold Medal Winner for 1950. The reddest of all Petunias. Plants are dwarf and compact and attractive in either beds, borders, boxes or pots. Commence to bloom early and remain in full flower until hard frosts. A bed of these brilliant scarlet red Petunias is something grand to behold. Pkt. 15c; 2 pkts. 25c; 1/2 oz. \$1.75.

Nasturtiums

F642—**GOLDEN GLEAN**—The most popular flower ever introduced, a double flowering, sweet scented Nasturtium of rare beauty. Plants make a strong growth, they commence to bloom early and remain in flower until hard frosts. The large, double golden flowers, 2 1/2 to 3 in. across, are borne on long stems and have a delightful odor. Pkt. 10c; 1/2 oz. 20c; oz. 35c.

F640—**JUNG'S GIANT CLIMBING**—This mixture is absolutely unsurpassed. Nothing can excel the wealth, richness and variety of these Nasturtiums for trellis, window boxes or bush planting, nor surpass them in freedom and profusion of bloom. On good soil they grow 8 feet tall. Our mixture includes a wonderful diversity of colors, some are solid while others are beautifully mottled and striped. Pkt. 10c; 1/2 oz. 20c; oz. 30c.

New Sensation Nicotiana

F647—This new strain remains open during the day much longer than the older types and also has a much wider range of colors such as white, wine, deep red and chocolate. Grows 18 to 24 in. tall and bloom profusely for a long time. Sow thinly, like poppies, after danger of freezing is over. Delightfully fragrant. Pkt. 10c; 3 pkts. 25c.

Wesley Probst, Wis. It is always a pleasure to order from you, have always been well pleased.

Anna A. Jenkins, Calif.—Your Garden Pinks are well named, they are really gorgeous.

Annual Poppies

F670—**JUNG'S SUPERB MIXED**—A grand mixture of the best single and double Poppies in a wide variety of types and colors. Their brilliant colors will make a bright spot in your garden. They are easy to grow and will succeed under the most trying conditions. Pkt. 10c; 1/4 oz. 25c.

Phlox Drummondii

F665—**GRANDIFLORA MIXED**—This superb strain is notable not only for variety and brilliancy of colors but also for the perfection and size of the flowers. Many of the single flowers are so large they will nearly cover a 50-cent piece. The colors range from pure white to deepest red or crimson while the clear eye of some of the flowers is peculiarly marked. Pkt. 10c; 1/2 oz. 35c.

Dwarf Phlox

F666 — **NANA PHLOX MIXED**—This splendid race of dwarf annual Phlox cannot be over-praised for brightness and beauty. The plants are always lavishly covered with large flowers of the most brilliant hues. Nothing better for bedding purposes is listed in this catalog. Bushes are dwarf and compact, 6 to 8 inches high, forming dense masses of bloom all summer. The colors include pure white deep and showy red with white eye and many other shades. Pkt. 10c; 1/2 oz. 40c.

Satin Flower or Godetia

F695 — An easy growing annual that rivals the Azalea for beauty of its fine rose-like blossoms. Seed may be sown in the garden and by July they are a complete mass of blossoms completely hiding the foliage. Flowers, shiny like satin, deep rose colored and remain in blossom a long time. Pkt. 10c; 2 pkts. 18c.

MIGNONETTE

Mignonette

F623—**BISMARCK**—One of the grandest mignonettes ever introduced. It is remarkable for size, color, fragrance and profusion of blooms. Flower spikes are of giant size, measuring 6 to 8 in. long and fiery red in color. Very showy as the bright flowers contrast effectively against the deep green foliage. Pkt. 10c; 2 pkts. 18c.

F624—**FINEST MIXED**—A fine mixture, grows rapidly and produces fine spikes of blossoms during the cool weather of spring and fall. Make a second sowing in August to furnish fall flowers. Pkt. 10c; 1/2 oz. 20c.

F681-BLAZE OF FIRE

Salvias

The Showiest and Most Brilliant Annual.

A Blaze of Color From Early Summer until Frost.

We know of no other flower that will equal the gorgeous effect of a row or bed of Salvias when in full bloom. Seeds started in March will start blooming in July and will be a continuous blaze of color until frost.

F680—AMERICA—Grows to a height of 14 to 16 in., very uniform in growth and well suited for beds or borders. Comes into bloom early and produces the flower spikes all summer and fall. Pkt. 15c; 1/8 oz. 80c.

F681—BLAZE OF FIRE—Grows to a height of 12 to 14 in. and is one of the first to come into bloom and then continues all summer and fall. Very uniform in growth and a blaze of color as the spikes are solid with flowers. Pkt. 20c; 1/8 oz. \$1.25.

Snowdrift Stocks

F693—An extra early strain of these popular annuals coming into flower 3 to 4 weeks before the other strains. Plants are covered with flowers from summer until hard frosts and as the flowers are produced on long spikes, they are splendid for cutting or bouquets; very fragrant. Pkt. 10c; 3 pkts. 25c.

Summer Poinsettia

F700—An easily grown annual, growing 18 to 24 in. tall. About the middle of the summer the top center leaves turn to a rich orange scarlet resembling a Poinsettia. Also useful for bouquets. Pkt. 10c; 3 pkts. 25c.

Mrs. Donna Stout, Ind.—The Salvias grown from your seed were lovely.

Mrs. I. B. Tranick, Ill.—Have had very good success from your vegetable and flower seeds. Won 1st Prize on Summer Poinsettia and Tomatoes.

Torch Tithonia

F740—The top "All America" winner in 1951 and well deserves that honor. Grows 3 to 4 ft. tall and well adapted for background or even a hedge, blooms from early summer until frost, blooms very profusely. Flowers resemble single dahlias and are well suited for cutting. For best results give the plants plenty room to develop. Will do best if planted in full sun and should have very little fertilizer and not too much moisture. Pkt. 10c; 3 pkts. 25c.

Mrs. Ed. Sturgeon, Minn.—We sure like your seeds as we always have very good success with them. The Persian Carpet Zinnias and Torch Tithonia are really very fine.

F680-AMERICA

F700-SUMMER POINSETTIA

SUNFLOWER

Double Sunflower

F702—SUN GOLD—Grows 4 to 5 feet tall. Perfectly double. Color is the brightest golden yellow. The plants branch and afford fine stout stems for cutting. This gigantic Sunflower will be of great value for the hardy garden and herbaceous border. The flowers are so perfect in form that they resemble Chrysanthemums. Pkt. 10c; 1/4 oz. 25c.

Snow-on-the-Mountain

F679—(Euphorbia Variegata)—An unusual and distinct hardy annual growing to a height of 2 ft.; very showy with its foliage veined and margined with white. Useful for borders and may also be very attractively used in bouquets with other flowers. Pkt. 10c; 1/4 oz. 20c.

SWEET ALYSSUM

Sweet Alyssum

F704—LITTLE GEM—Free flowering, handsome annuals for beds, edging, etc. This variety is very dwarf and blooms profusely, forming a mass of solid pure whiteness throughout the summer. Excellent for either beds, borders, or edging. Try it once and you will always want it. Pkt. 10c; 1/8 oz. 25c.

Annual Sweet William

F735—HARDY ANNUAL MIXED—The old favorite Sweet William as all know does not flower until the second year but this new strain will begin to bloom in 50 to 60 days from seed sown in the spring and will continue to blossom all summer. The flowers or heads are of large size, very fragrant and of various colors, white, crimson, rosepink, etc. Pkt. 10c; 1/8 oz. 25c.

F679 SNOW-ON-THE-MOUNTAIN

Below we offer an assortment of popular and easily grown biennials and perennials. Many of these will increase in size and beauty over a period of years. The seeds we offer are all select strains and for beauty and color of bloom are unsurpassed. Most of these are also listed on page 32.

F680-AMERICA

Hollyhocks

F808—Double Rose Flowered Mixed—These are old time garden favorites but of late years are becoming very popular and well they may as they are the most majestic of the hardy flowers. They grow 6 to 8 ft. tall, for planting among shrubbery or backgrounds they are unequalled. We offer superb mixture of the best double flowering varieties.

F672-ORIENTAL POPPY

Hardy Poppies

F672—GIANT ORIENTAL—The gorgeous hardy Poppies make a grand show when in bloom in May or June. Many blooms are 6 in. across, once started will last for many years.

F809—ICELAND MIXED—Hardy perennials that bloom the first season. The elegant satin-like flowers are produced abundantly from June until October. Excellent for bouquets as flowers last fully a week.

F814-SWEET WILLIAM

Hardy Sweet Peas

(Lathyrus Latifolius)
F732—JUNG'S FANCY MIXED—The plants are hardy and increase in size and beauty from year to year. Vines may be trained on a trellis or allowed to cover rocks or other objects. Produces a mass of sweetpea-like flowers in clusters of 8 to 10 and come in shades of white, pink and deep rose. Pkt. 12c; 2 pkts. 20c.

Mrs. M. P. Mock, Okla.—Have planted your seeds for many years and always have a good garden from them.

F732-HARDY SWEET PEAS

F803-FANCY DOUBLE MIXED

Hardy Clove Pinks

F803—Fancy Double Mixed—A grand new strain that rival carnations for beauty, free flowering and very fragrant. Flowers 1 1/2 to 2 in. and in a wide range of colors.

F810-LUPINE

Lupines

F810—FANCY MIXED—These beautiful hardy plants produce handsome bushes of green foliage from which arise in continuous succession the long stately spikes of sweetpea shaped flowers. Spikes of bloom a foot long are produced on long stiff stems. Colors are both rich and delicate in white, blue and pink but offered only in mixture.

F814-SWEET WILLIAM

Perennial Sweet William

F814—Giant Perfection Mixed—Popular hardy perennials that are splendid for beds or borders. They produce flowers in great profusion and having long stems they make fine bouquets. They produce masses of brilliant color and remain in flower a long time.

Hardy Sweet Peas

(Lathyrus Latifolius)
F732—JUNG'S FANCY MIXED—The plants are hardy and increase in size and beauty from year to year. Vines may be trained on a trellis or allowed to cover rocks or other objects. Produces a mass of sweetpea-like flowers in clusters of 8 to 10 and come in shades of white, pink and deep rose. Pkt. 12c; 2 pkts. 20c.

Mrs. M. P. Mock, Okla.—Have planted your seeds for many years and always have a good garden from them.

F742-TULIP POPPY

Tulip Poppy

F742—A very desirable hardy annual. Seed sown in May will produce plants that commence to flower in July and from then until hard frosts are in continual bloom. Flowers are tulip-shaped, of deep golden color and are the only poppy suitable for cutting, lasting fully a week. Pkt. 10c; 2 pkts. 18c.

F743-ANNUAL SWEET WILLIAM

Jung's Glorious Flowers

You can rely upon the quality of Jung's Seeds. They are grown from select stocks and all mixtures are made up of a well balanced selection of colors. We know you will be delighted with the gorgeous flowers you can grow by planting Jung's Select Flower Seed.

Jung's Giant Fancy Asters

F512—EXTRA SELECT WILT-RESISTANT STRAINS—We make a specialty of Asters and you will find the quality of this mixture to be outstanding for size and beauty of flowers. This is made up entirely from wilt resistant strains of the different types and is well balanced for colors and will bloom over a long period. It contains all colors and many of the flowers will be 4 to 5 in. across and borne on stems 2 to 3 ft. long. Pkt. 10c; 3 pkts. 20c; 1/8 oz. 35c.

F512—JUNG'S GIANT FANCY ASTERS

F705—ROYAL CARPET ALYSSUM

F525—PAINTED DAISY ASTERS

"Painted Daisy" Asters

F525—The grace and beauty of these grand Asters is hard to describe. The large flowers and bright snappy colors are not found in other Asters and for beds or bouquets they are unsurpassed. Bushes grow 18 to 24 in. tall and produce an abundant supply of long stemmed flowers. We know you will be more than pleased with their rare beauty. Pkt. 10c; 1/8 oz. 35c.

F555—GIANT PLUMED CELOSIA

Ageratum

F500—DWARF BLUE PERFECTION—One of our best summer blooming plants. They are rapid growers and bloom from early summer until hard frosts. Even in hot dry summer the beautiful, bright blue flowers are produced in abundance. Especially valuable for beds, borders and window boxes, the plants being of dwarf compact growth, 6 to 8 in. tall. Pkt. 10c; 1/8 oz. 35c.

F500—AGERATUM

Bachelor's Button or Centaurea

F557—JUNG'S FANCY MIXED—This is perhaps one of the most popular and indispensable annuals. Grows to a height of 2 ft. and produces its large, long stemmed flowers for a very long time. May be sown early in the spring, in a few weeks they come into flower continuing until hard frosts.

We offer a very select strain containing many beautiful colors. Pkt. 10c; 1/8 oz. 25c.

BACHELOR BUTTON OR CENTAUREA

Mrs. Harvey Horn, Wis.—Your Pinks were simply out of this world when it comes to beauty. Just everyone admired them.

Miss M. Lena Kreider, Mo.—I can truthfully say the Painted Daisy Asters are beautiful. We have had very dry weather but they continue to bloom.

Giant Plumed Celosia

F555—A new select strain of plumed Celosia producing huge plumes on long stems, well suited for bedding, cut flowers, or may be used for winter bouquets. It contains beautiful shades of bronze, copper gold and sunset colors. Easy to grow as it thrives in hot weather and will be a riot of color from summer until frost. All they require are good soil and moisture. Pkt. 15c; 2 pkts. 25c.

Cleome or Spider Plant

F690—ROSE QUEEN—Plants grow to a height of 3 1/4 ft., well branched, each branch tipped by a head of bright rosy-crimson flowers. Very useful for large beds, backgrounds or planting among other shrubs. Remains in full flower from early summer until killed by hard

frosts. Seed should be sown in the open ground as soon as the soil can be worked and plants should be given plenty of room. Pkt. 10c; 3 pkts 25c.

F690—CLEOME OR SPIDER PLANT

Carnation Pinks

F549—FANCY MIXED—The rare beauty of these fine annuals rival Carnations and come into flower in 6 to 8 weeks after sowing. Plants grow 12 to 15 in. tall and bloom profusely for a long period of time. Well suited for beds, borders and bouquets. Pkt. 10c; 1/8 oz. 25c.

Four O' Clock

F585—FINEST MIXED—No flower makes a prettier border than the old-fashioned Four O'clock. Plant grows to height of two feet and blooms in early morning and evening and rivals the choicest garden flowers in color. It is one of the most brilliant and showy plants that can be sown with little or no trouble. Pkt. 10c; 1/4 oz. 20c.

F585—FOUR O'CLOCK

Royal Carpet Alyssum

F705—An "All America" Medal winner and one of our most beautiful hardy annuals for borders and edgings. Plants come into bloom very early and flower profusely until heavy frosts. Grows to a height of 4 in. with a spread of 10 in. and form a solid carpet of rich violet blue. A perfect companion for the popular Little Gem listed on page 25. Pkt. 15c; 2 pkts. 25c; 1/8 oz. 50c.

F548—CARNATIONS

Carnations

F548—GIANT EVER-BLOOMING MIXED—A select strain of Carnations that will bloom the first summer and produce large double flowers of rare beauty. Plants may be taken up in the fall and potted and they will continue to bloom during the winter. Pkt. 10c; 3 pkts. 25c.

How to Grow Asters

How to Grow Asters and Flowers is written in detail in our booklet on Vegetables and Flowers. A copy is sent free with every order of \$1.00 or more, if requested.

ANNUAL CANTERBURY BELLS

Canterbury Bells

F542—ANNUAL FANCY MIXED—You can now have these beautiful flowers in bloom in one season. By starting the seed in March they will bloom from August until October. The plants grow 2 ft. tall, each plant having 6 to 8 spikes of large, cup-shaped blossoms. Our seed contains the following colors: White, rose, pink, dark and light blue. We consider this one of the finest new flowers. Pkt. 10c; 3 pkts. 25c.

Dahlias

F572—JUNG'S FANCY MIXED—The Dahlia still holds its place as king of all outdoor "autumn flowers" and they may be grown to the greatest perfection from seed blooming the first summer. As easy to grow from seed as the most common plant. Anyone can have a magnificent display of these regal beauties at very small cost. Continue to bloom profusely until severe frosts when the bulbs can be taken up and stored until spring. A superb mixture of the finest varieties. Pkt. 10c; 3 pkts. 25c.

F572—JUNG'S FANCY DAHLIAS

Everlasting Flowers

F580—GIANT MIXED—These everlasting flowers should be in every flower garden and for this reason we have placed them in this list. The plants grow 2 feet high and produce the beautiful flowers like a half-open rose in great profusion. They make a very pretty bed and if picked while partly open will last all winter; excellent for Christmas and New Year decorations. Our seed includes all colors. Easy to grow. Pkt. 10c; 1/8 oz. 35c.

EVERLASTING FLOWERS

F549—CARNATION PINKS

CARNATION CENTAUREA

Carnation Centaurea

F558—GIANT FLOWERED MIXED—The beautiful flowers produce long stemmed, handsomely fringed blossoms 3 to 4 in. across and are delightfully fragrant. They rival carnations for beauty, in fact you will like them better as the colors are very dainty. Easy to grow and especially fine for cutting as they last a longer time in water. Pkt. 10c; 3 pkts. 25c.

Annual Gaillardia

F591—FINEST MIXED—One of the most showy annuals and greatly admired for their fine form and rich blending of colors in orange, brown, bronze, maroon and crimson. Many of the flowers are 4 in. across and being produced on long stems are excellent for bouquets. They blossom from July until frost. Easy to grow. Pkt. 10c; 3 pkts. 25c.

Mrs. F. Pfingstl, Wis.—I recommend your seeds to all flower lovers. The Morning Glories were especially beautiful.

W. T. Kelley, Colo.—All the flowers grown from your seeds were unusually thrifty and bloomed from early summer until frost.

F621—GIANT FANCY MARIGOLDS

Jung's Giant Fancy Mixed Marigolds

F621—By planting this seed you can have all the beautiful new Marigolds at small expense. This mixture contains seeds of the carnation and chrysanthemum types, also the Crown of Gold. You will be delighted with the giant size of the flowers and wide range of colors. Will bloom from early summer until frost. Pkt. 10c; 1/8 oz. 25c.

F620—DWARF MARIGOLDS

Dwarf Marigolds

F620—LITTLE MIDGET MIXED—There are few, if any, of the low growing annuals that produce a profusion of flowers for a longer period of time. They form dense attractive bushes 1 ft. high and are a solid mass of color in yellow, orange, brown and maroon. Very useful for borders and also for bouquets and baskets. Pkt. 10c; 1/8 oz. 25c.

GAILLARDIA

F655—BRILLIANT BEAUTY PETUNIAS

F656—BRILLIANT ROSE

F662—FLAMING VELVET

HEAVENLY BLUE

PEARLY GATES

SCARLET O'HARA

Morning Glories

F631—HEAVENLY BLUE—A plant of these beautiful Morning Glories in bloom is a truly grand sight. The flowers measure 3 1/2 to 4 inches across and in color are dark skyblue with a white throat. Very profuse bloomers and remain in flower for a long time. Pkt. 10c; 1/4 oz. 25c.

F632—PEARLY GATES—A fitting mate for Heavenly Blue except for color. Flowers are of giant size, abundantly produced and a rich satiny white color. Comes into flower early and for a long time. Pkt. 15c; 2 pkts. 25c.

F630—SCARLET O'HARA—A remarkably fine showy climber as first flowers open in July and from then until frost they are borne in profusion. Flowers are 3 to 3 1/2 in. across and of a soft velvety scarlet. Pkt. 12c; 1/4 oz. 35c.

F633 GIANT FANCY MIXED—A superb mixture of the above varieties and also some of the ruffled strains, truly a superb mixture. Pkt. 10c; 1/4 oz. 25c.

--- To give petunia seedlings that extra boost
Use Garden Life Plant Food --- See Page 38

F658—DEFIANCE PETUNIAS

Giant Flowered Petunia

F658—DEFIANCE MIXED—This strain bears grand substantial flowers of the largest size in profusion. The flowers frequently measure 5 in. across. Most of the flowers are fringed beautifully and have open throats. All are distinctly veined especially in the throat portion and in many the throat is darker than the outer portion of the petals imparting a rich velvety effect. Some of the colors are rich and gorgeous while others are of lovely delicate shades. Pkt. 35c; 3 pkts. \$1.00.

Bedding Petunias

Brilliant Petunia "FIRE CHIEF"

F660—All America Gold Medal Winner for 1950. The reddest of all Petunias. Plants are dwarf and compact and attractive in either beds, borders, boxes or pots. Commence to bloom early and remain in full flower until hard frosts. A bed of these brilliant scarlet red Petunias is something grand to behold. Pkt. 15c; 1/8 oz. \$1.75.

F655—BRILLIANT BEAUTIES—A very select strain of dwarf compact Petunias especially suited for beds, borders or window boxes. The plants grow very compact, 8 to 12 in. high, and commence to bloom when only a few inches high. They are a solid mass of bloom from early summer until killed by hard frosts. Our mixture is made up of a well balanced selection of live bright colors. If you wish a bed of flowers that will last all summer and survive heat and dry weather plant some of these grand Petunias. Pkt. 10c; 1/8 oz. 35c.

F662—FLAMING VELVET—One of the most showy Bedding Petunias. Plants are a mass of striking color from early summer until late fall. The large flowers are a beautiful shade of deep velvety maroon-red, very rich and showy. Pkt. 10c; 3 pkts. 25c; 1/8 oz. 60c.

F656—BRILLIANT ROSE—If you wish a flower bed that is bright and cheery throughout the summer and fall plant some of these brilliant Petunias. Plants grow compact 8 to 12 in. tall. They commence to bloom when only a few inches tall and are a blaze of color from early summer until hard frosts. Flowers are of good size and a live, rose red color. Pkt. 10c; 3 pkts. 25c; 1/8 oz. 50c.

F663—SNOW CARPET—Dwarf compact plants, uniform in type and growth. Large, snow-white flowers cover the plants. Ideal for beds or borders Pkt. 15c; 1/8 oz. 50c.

F664—DWARF PURPLE—Compact plants, uniform in type and growth. Deep violet-blue flowers freely produced. Pkt. 15c; 1/8 oz. 50c.

DOUBLE PORTULACA

Portulaca

F676—GIANT DOUBLE MIXED—A very choice strain of the popular bedding annuals that will delight you with their profusion of double flowers and will produce a high percentage of double flowers in a wide range of colors. Unsurpassed for beauty and brilliance. Pkt. 12c; 3 pkts. 35c.

GIANT FANCY SCABIOSA

Scabiosa

F683—GIANT FANCY MIXED— A hardy and easily grown annual well suited for beds or bouquets. Bushes grow 2½ ft. tall and are in flower from early summer until frost. The flowers are borne on long, wiry stems and are of large size and exquisite colors. Our seed is a highly improved strain selected for large flowers and wonderful colors. Pkt. 10c; ¼ oz. 25c.

F745—VELVET FLOWER

F752—VINCA ROSEA

F719—CUTHBERTSON FLORIBUNDA

Nigella—Love-in-a-Mist

Love-in-a-Mist

F615—NIGELLA— A lovely free flowering annual suitable for either beds, borders or bouquets. The dainty blue flowers are borne on long stems, splendid for either beds or cutting. An unusually fine bed for flowers may be had by sowing these and California Poppies in the same bed. Pkt. 10c; ¼ oz. 25c.

New Ruffled Snapdragons

F687—GIANT TETRA MIXED — Tetra is probably the best Snap for outdoor growing as the big husky plants resist rust and produce an abundance of mammoth flowers on stems 12 to 18 in. long. Florets are huge in size, mostly ruffled and stay on the stems for a long time. You will be delighted with the size and beauty of these grand new Snaps. Pkt. 12c. 2 pkts. 20c.

Velvet Flower or Salpiglossis

F745—GIANT FLOWERED MIXED —Undoubtedly one of the most attractive annuals. For richness of colors they are unsurpassed. Splendid for either beds or bouquets. They are easy to grow as petunias and should be in every garden. The colors are very rich and velvety, each flower showing tints of gold. Continually in flower from early summer until frost. Pkt. 10c; ¼ oz. 35c.

Vinca Rosea

F752 — SUPERB MIXED — Splendid for bedding and may also be used for borders growing to a height of 12 to 15 inches. Remain in bloom all summer until frost, also well suited for cut flowers. Will do well in either sun or partial shade. Many gardeners prefer them to Geraniums. Pkt. 10c.; 3 pkts. 25c.

EXTRA SPECIAL
Any six 10c pkts. for 50c
and four 15c pkts. for 50c
applies to both garden
and flower seeds.

F682—BLUE MOON SCABIOSA

Blue Moon Scabiosa

F682 — One of our most showy blue garden annuals. Plants grow 18 to 24 in. tall and produce an abundance of bloom for a long period of time. Flowers are of large size, a beautiful blue, and being borne on long stems are ideal for bouquets. Pkt. 10c; 2 pkts. 15c; ¼ oz. 25c.

F687—RUFFLED SNAPDRAGONS

F692—STOCKS

STOCKS

F692— JUNG'S FANCY MIXED— One of the best known and most popular annuals, of easy culture and suitable for pot plants as well as the garden. The plants grow to a height of 2 ft. and produce long spikes of double flowers, many of them 2 in. across. Colors include white, rose, blue, crimson, and yellow. Our seed is a superb select strain. Pkt. 10c; ¼ oz. 25c.

Cuthbertson Floribunda Sweet Peas

Resistant to Heat and Drought. Tall Vigorous Vines. Five to Eight Flowers on a Stem. Bloom from Early Summer until Frost.

F719—A highly improved strain of the popular Cuthbertson Sweet Peas developed under the direction of Frank G. Cuthbertson. Retains the vigor of the original stock and in addition it has longer stems and often as many as six or more large flowers on a stem. They are remarkably resistant to heat and drought and will bloom over a long period. We offer superb mixed seed grown for us by the originator. Pkt. 12c; ½ oz. 30c; oz. 50c; ¼ lb. \$1.25.

Mrs. J. W. Hunter, Tenn.—My flowers are beautiful, sure do like your seeds.

Mrs. J. D. Arwood, Tenn.—We have the best garden we have had in the last five years. Seems like every seed grew, my Phlox and Zinnias are blooming and such sturdy, healthy plants.

Tillie Schafer, Ill.—The Snapdragon seed I received from you grew the most beautiful flowers I have ever seen.

GIANT SPENCER SWEET PEAS

Inoculating your Sweet Peas will produce larger and finer flowers. See page 38.

Giant Spencer Sweet Peas

These new Sweet Peas are of enormous size, which with their charming colors and waved or fluted appearance entitles them to be put in a class by themselves. Some of the flowers grown on our farm measured 2½ inches across. The plants are vigorous in growth and should stand at least 18 inches apart.

F723—BONNY BRIAR—A sparkling rose pink of immense size. Long stems often bearing four flowers. One of the best.

F725—FLAGSHIP—A rich deep navy blue and the best in its color class. Flowers of large size on long stems are borne in profusion.

F724—FLORA—A magnificent flower of clear deep lavender. Flowers are beautifully waved or ruffled and borne 3 and 4 on long stems.

F726—MAYTIME—One of the most beautiful giant flowered ruffled sweet peas. Color is rich golden cerise and must be seen to be appreciated.

F727—RUBICUND—The flowers of this grand variety are heavily ruffled and very showy. Flowers are a striking crimson scarlet and fairly glisten in bright sunlight.

F728—SNOW WHITE—The grandest of all white sweet peas, remarkable for its pure whiteness and large size.

F729—WARRIOR—Beautiful flowers of deep maroon red, large in size and true ruffled type. A vigorous grower and profuse bloomer.

PRICE of any above Sweet Peas: Pkt. 10c; ½ oz. 20c; oz. 30c.

F730X—SPECIAL SWEET PEA OFFER
One large pkt. of each of the 7 fine Giant Spencer Sweet Peas listed above for only 40c.

Jung's Giant Everblooming Spencer Sweet Peas

F722—This superb Sweet Pea mixture of both early and late Giant Spencers will remain in flower for many weeks. It has been made with extra care from the finest large flowering Spencers and will produce a well balanced color effect. Pkt. 10c; ½ oz. 20c; oz. 30c; ¼ lb. 90c.

Jung's Prize Cut Flowers

Flower in Abundance from Early Summer until Frost.

F790—This is a superb mixture of flowers that are especially suited for cutting of bouquets. It is made up of the very best strains of seeds and will provide you with beautiful bouquets from early summer until frost. This select mixture has been made up for people who wish a large variety of flowers, yet do not care to purchase a packet of so many separate varieties. Do not sow the seed too thick as you will get more and better flowers when each plant has enough room to grow to full size. Pkt. (enough for a row 50 ft. long), 15c; 2 pkts. 25c; ¼ oz. 35c.

F787—NEW BLAZE ZINNIA

The Famous "BLAZE" Zinnia

Easy to Grow. No Insects or Disease. A Blaze of Color all Summer and Fall.
F787—The 1954 "All America" winner and it well deserves that honor. Grows a uniform, vigorous bush, blooms profusely for many weeks and will make a bright spot in your garden or around your home. Flowers are 4 to 5 in. across, they open a bright mandarin red and later change to a fiery orange-scarlet, a color sure to attract attention. A row or bed of these Zinnias will provide joy and pleasure all summer long. Pkt. 15c; 2 pkts. 25c; 1/8 oz. 35c.

Jung's Fancy Pompom Zinnias

F770—SUPERB MIXED—These elegant Zinnias are suitable for beds, edgings or cut flowers. The plants grow very neat, compact and bushy and are loaded with the beautiful perfectly double flowers. The flowers are double as a rose and come in a variety of beautiful colors. This type of Zinnia has been greatly improved and is becoming very popular. Pkt. 10c; 1/8 oz. 25c.

F-770-POMPOM ZINNIAS

F750—DWARF COMPACT VERBENA

New Verbena

F750—DWARF COMPACTA—An entirely new class of Verbena that grows dwarf and compact eliminating the bare and open spots so common in the older types. Ideal for beds, borders or edgings as the plants commence to bloom when small and continue all summer. Our seed is a superb mixture of bright, showy colors. Pkt. 15c; 2 pkts. 25c; 1/8 oz. 45c.

F775—PERSIAN CARPET ZINNIAS

Gorgeous Everblooming Zinnias

F775—PERSIAN CARPET—A 1952 Award Winner. An entirely new type of Zinnias, admirably suited for beds, borders or bouquets. They grow a compact bushy plant, 12 to 18 in. tall and bloom from early summer until frost; a wealth of deep, rich colors like a Persian Carpet. Will delight you with the beauty and abundance of its flowers. Pkt. 12c; 1/8 oz. 25c.

Jung's Super Giant Zinnias

Our sales on the truly Giant Flowered Zinnias are increasing every year. People who saw them in flower in our fields were amazed at the giant size of the flowers and brilliant colors. The plants make a strong growth and form compact bushes 2 to 3 ft. tall; the flowers are borne on stiff stems well above the foliage. For a wealth of flowers plant them in rich soil, give frequent cultivation and lots of water and you will be surprised at the results. Flowers are often 5 to 6 inches across. They will be a glory to behold from early summer until frost.

F781—CANARY BIRD—Graceful flowers of rich canary yellow. Pkt. 10c.

F782—DREAM—Large attractive flowers. Lavender changing to purple. Pkt. 10c.

F783—EXQUISITE—One of the most pleasing as regards to form and size; light rose with deep rose center. Pkt. 10c.

F784—METEOR—A rich, deep glowing red and the darkest of all red shades. Flowers very large and produced in abundance. Pkt. 10c.

F785—ORIOLE—Well worthy of the beautiful bird for which it was named. Immense orange and gold color flowers which change color as the flowers grow older. Pkt. 10c.

F786—POLAR BEAR—Decidedly the best pure white Zinnia. For size, color and free blooming it stands supreme. Pkt. 10c.

SPECIAL ZINNIA OFFER

F788X—1 pkt. of each of above 6 Grand Zinnias 45c.

F780—SUPER GIANT MIXED ZINNIAS—This is one of the finest mixtures of Zinnias to be had. It contains seed of all those shown besides many other colors. If you want glorious color around your home from early summer until frost, plant some of these Zinnias. As they are produced on long, stout stems they will make excellent bouquets for living up any room. Pkt. 10c; 3 pkts. 25c; 1/8 oz. 35c.

F780—JUNG'S SUPER GIANT ZINNIAS

Delphinium

Foxglove

SHASTA DAISY

F813—SHASTA DAISY—Giant White—You will be delighted with the size and beauty of these Giant Daisies. A great improvement over the common Shasta Daisy as many of the flowers are 4 to 5 in. across and produced on long stiff stems. Flowers are pure white and continue in flower throughout the season.

Biennials & Perennials

We offer a list of the most popular biennials and perennials, varieties that are easy to grow and sure to please.

F800—AQUILEGIA or HONEYSUCKLE—Giant Fancy Hybrids.—By all means plant a few of these wonderful perennials, they are perfectly hardy and easy to grow. They grow strong, thrifty bushes and produce flowers of the largest size. We offer a select strain containing beautiful tints and color combinations, hardly two plants producing flowers that are exactly alike.

F805—DELPHINIUMS—Fancy Blue Hybrids—These graceful flowers rank among the fairest gems of our perennial flower gardens. In color they may be compared to a clear blue sky, in fact they are the finest shade of blue to be had in flowers. They are grand for cutting and very graceful for bouquets.

F806—FOX GLOVE—Mammoth Flowered Mixed—For stately beauty in the garden, tall border or among shrubs the Fox Glove stands supreme. Produces enormous spikes 4 to 6 ft. in height and flowers heads are often 3 ft. long. Colors range from pure white and shell pink to deep rose and many are beautifully spotted.

Aquilegia

COREOPSIS

F804—COREOPSIS—Grandiflora Mixed—These fine hardy perennials are sometimes called yellow daisies. The beautiful rich golden flowers are borne on long graceful stems. They flower for a long period of time and will blossom the first year if started early.

F802—CHINESE LANTERN

F802—CHINESE LANTERN—This is a highly ornamental and interesting plant grown for its bright colored balloon-like fruits or husks that cover the bush in late summer or autumn. The fruits are bright orange red when ripe called "Chinese Lantern." Branches with the fruits may be dried and make splendid material for winter bouquets.

Canterbury Bells

F801—CANTERBURY BELLS—Giant Flowered Mixed—These hardy biennials are old time favorites but are becoming more popular every year. They grow stately bushes 2 to 3 ft. tall and produce a profusion of the handsome bell-shaped flowers. They make a brilliant show and are well suited for either gardens, borders or mixed among shrubs. We offer a superb mixture.

Gaillardia

F807—GAILLARDIAS—Giant Fancy Hardy—A very desirable and showy hardy perennial that should have a place in every border or garden. They thrive in almost any place and will produce giant crimson and gold flowers that make unusually striking bouquets.

STOKESIA

F812—HARDY BLUE STOKESIA—A beautiful hardy plant that will do well in any sunny position. Bushes grow 2 to 3 ft. tall and blossom freely from June until September. Flowers measure 4 to 5 in. across, bright lavender-blue in color and being borne on long stems are invaluable for cutting.

F820X—Any perennials or Biennials on this page; Pkt. 10c; 6 pkts. 50c. More Perennials are listed on Page 26.

African Violet Spray

M51—The ideal Spray for house plants such as African Violets, Ferns, Fuschias, Geraniums, Ivy and other indoor plants. It kills indoor insects like aphids, mealy bugs, mites, thrips and white flies. Will keep your plants clean and thrifty. Just push the button and your plants are sprayed, no fuss and no spray to buy. 6 oz. Bomb Spray Can only 89c; 3 for \$2.60.

F811-PLATYCODON

F811—PLATYCODON—Grandiflora Mixed—An extra good very hardy and free flowering perennial. They form branching plants 1 1/2 to 2 ft. tall and produce large blue and white bell-shaped flowers. They remain in flower from June to October and will thrive in sunny or shady places.

Hardy Flowering Shrubs

BUSH HONEYSUCKLE

PERSIAN LILAC

SPIREA V. H.

All-Purpose Shrubs

For Landscaping, Colorful Hedges and Windbreaks

The three shrubs listed below are admirably suited for planting as specimens, landscaping and hedges and windbreaks. They are all very hardy, free from insects and in a few years will grow to a height of 8 to 10 ft.

You can have a hedge of rare beauty and usefulness by planting alternate plants of these 3 shrubs setting them 3 to 4 ft. apart. You will then have a hedge of red, white and blue, a truly grand hedge when in bloom.

Fireball Bush Honeysuckle

S1116—ZABELI—A very hardy shrub that may be planted as a hedge, mixed with other shrubs or planted alone as a specimen. Grows 8 to 9 ft. tall and will thrive in full sun or partial shade. Flowers during May and a bush in bloom is a mass of bright red color followed by red berries in summer and fall. Select 2-yr. plants: Each 60c; 3 for \$1.50; doz. \$5.00; 50 for \$18.50.

Persian Lilac

S1126—This is considered one of the best and most satisfactory of all our Lilacs and may well be ranked with the cream of the flowering shrubs. Few shrubs can match the grace and blending quality of its flower heads or the spicy fragrance of the blossoms. It is very hardy, sure to bloom and does not spread like the common lilacs. It also makes one of the grandest hedges. Strong 2-yr. field-grown plants: Each 75c; 3 for \$2.00; doz. \$6.95.

Spirea Van Houttei or Bridal Wreath

Hardy as an Oak, Profuse Bloomer. Sure to Blossom, Easy to Grow, Free from Insects and Disease.

S1243—One of the best known and most useful shrubs as it succeeds everywhere. Fine for setting singly or among other shrubs; very largely used in all landscape work. It forms a round and graceful shrub, with drooping or arched branches which in June are completely covered with snow white blossoms. Will fit in wherever graceful effect is desired and always gives satisfaction. Strong 2-yr. plants: Each 50c; 3 for \$1.25; 6 for \$2.00.

EXTRA SPECIAL OFFER

S1291X—3 of each of the above 9 in all) for \$4.00.
S1292X—12 of each of the above (36 in all) for \$14.25.
S1293X—25 of each of the above (75 in all) for \$27.50.
Delivered postpaid, except west of Rocky Mountains.

S1124—BUTTERFLY BUSH

Beauty Bush

S1065—There are few shrubs that can surpass this for beauty and profusion of flowers. It is absolutely hardy, grows to a height of 6 to 8 ft., and makes a wonderful showing when in full bloom. Its trumpet-shaped flowers are produced in such profusion that the branches droop gracefully like a Bridal Wreath. Be sure to plant one or more of these fine shrubs. Strong 2-yr. 18-24 in. field-grown plants: Each 85c; 3 for \$2.25.

S1065—BEAUTY BUSH

Butterfly Bush

S1124—ISLE DE FRANCE—This wonderful new Butterfly Bush is a rare beauty with its brilliant rosy-purple flower; also delightfully fragrant. Grows a beautiful bush, 3 to 4 ft. tall, every branch bearing a spike of flowers 9 to 12 inches long. Blooms from July until hard frosts. Strong plants that will bloom this year. Each 70c; 3 for \$2.00.

Hardy Ovata Forsythia

S1100—This new hardy Forsythia will stand severe winters much better than our standard varieties. It is one of the first shrubs to bloom in the spring, the masses of bright yellow flowers appearing before the leaves. Plants grow 5 to 7 ft. tall—excellent for the border. Branches may be cut late in the winter, taken indoors and forced into bloom. 2-yr. 18-24 in. field-grown plants: Each 75c; 3 for \$2.10.

S1100—FORSYTHIA

We Pay Postage

Except where noted we pay postage on all items in this catalog anywhere in the U. S. except west of the Rocky Mountains. See page 42.

Scarlet Flowering Quince

S1165—A very showy and beautiful shrub and one of the first to bloom, the flowers opening before the leaves are fully developed. Grows 4 to 5 ft. tall and a bush in full bloom is a shrub of rare beauty when completely covered with its dazzling scarlet flowers. 2-yr. field-grown plants: Each 70c; 3 for \$2.00; doz. \$6.75.

AMERICAN CRANBERRY

Red Leaved Barberry

S1061—A new shrub that is rapidly gaining popularity. It has all the good points of the green leaved Japanese Barbery, being hardy, free from disease and grows in all kinds of soils. Its glowing red leaves give a warm touch to the landscape planting, especially when planted singly as specimen shrubs but in all cases should have full sunlight to bring out the best color. Select 2-yr. plants: Each 75c; 3 for \$2.10; doz. \$6.50.

RED BARBERRY

American Highbush Cranberry

S1070—(*Viburnum Americanum*)—This hardy bush grows to a height of 8 to 10 ft. and bears an abundant crop of large red berries that make excellent jellies that look and taste very much like the marsh Cranberry, which you purchase in the fall. It grows a fine shaped bush and is much used for landscape work. White flowers in May are followed by the large clusters of red berries. The foliage also colors up beautifully in the fall. Select 2-yr. field-grown plants: Each 75c; 3 for \$2.10; doz. \$7.25.

Paniculata Grandiflora Hydrangea

The Most Satisfactory Ornamental Shrub. Very Hardy. Easy to Grow. Sure to Bloom. Very Showy.

S1120—If you can have but one shrub let it be one of these Hydrangeas. You will never regret having planted it. These shrubs grow 4 to 6 ft. tall and each branch is tipped with one of the immense flowers. It is very hardy, enduring the severest winters. Easily transplanted and rarely fails to bloom the first year planted. The giant flowers appear in July; they open pure white, later changing to pink. We offer only 2-yr. 18-24 in. field-grown plants of the true Giant Flowered type. Each 80c; 3 for \$2.25; doz. \$7.25.

Snowball Hydrangea

S1121—These beautiful hardy shrubs attain a height of 4 to 5 ft. with nearly the same diameter. They are very graceful with their large trusses or heads of beautifully formed flowers of dazzling whiteness, rendering it a plant of peerless beauty. It comes into bloom right after Lilacs and remains in flower until August, doing fine in partially shaded locations. It has been planted in all parts of the country and proved very hardy. Strong 2-yr. plants: Each 75c; 3 for \$2.10.

S1120—PANICULATA GRANDIFLORA HYDRANGEA

S1121—SNOW

S1156—POTENTILLA

Potentilla Fruticosa

S-1156—A dwarf, compact, everblooming shrub of rare beauty and charm, growing to a height of about 3 ft. Foliage is dense and fern-like, almost like evergreens, and the bright yellow flowers are produced from June to October. Well suited for planting among low evergreens, shrubs or low hedges. Select plants: Each 80c; 3 for \$2.25.

Anthony Waterer Spirea

The Best Everblooming Red Shrub
S-1240—A popular and handsome shrub forming round bushes 2½ to 3 ft. in height and width, widely used for borders or planting in front of tall shrubs. Produces wide heads of clusters of rosy-red flowers and if flowers are picked off it will continue in bloom from early summer until late fall. 2-yr. plants: Each 75c; 3 for \$2.10; 12 for \$6.75.

S1240—ANTHONY WATERER

S1130—CHAS. JOLY

S1129—M. BUCHNER

S1245—BLUE MIST SPIREA

Blue Spirea "BLUE MIST"

S1245—CARYOPTERIS—A rare new plant of unusual charm and beauty, a real aristocrat for your garden. This hardy plant grows 18 to 24 in. tall and from Aug. until frost will bear an abundance of the beautiful blue flowers. Strong field-grown plants that will bloom this year. Each 75c. 3 for \$2.10.

FIREBUSH OR EUONYMUS

Firebush or Euonymus

One of the most beautiful shrubs and changes with the season; bright green in summer then changes to coppery rose in the fall and the unusual corky bark adds to its winter attraction. Hardy in all parts of the U. S.

S-1083—Alatus Compacta—Grows a dense compact bush 3 to 4 ft. tall, well suited for planting among low evergreens or as specimens on your lawn. Select 2-yr. plants: Each \$1.75; 3 for \$4.75.

S-1086—Alatus—Same as above except that it will grow to a height of 5 to 6 ft. Very attractive at all times. Select 2-yr. plants: Each \$1.65; 3 for \$4.50.

Jung's Shrubs

The shrubs we offer are 2 and 3-yr. field-grown and are well branched and very heavily rooted. Stock of this size transplants better than larger sizes and at the end of 2 to 3 yrs. will be as large or larger than if larger bushes had been set out. When setting out shrubs it is always advisable to prune or cut off at least one-half of the top growth. If you wish your shrubs pruned ready for planting note this on your order and we will send them out properly cut back.

SNOW WHITE

The Beautiful French Hybrid Lilacs

The French Lilacs are rapidly gaining favor as they are hardy, do not spread and start blooming very young, just a year or two after being set out. They form compact shapely bushes and bloom very profusely, they grow to 8 ft. tall but may be trimmed to any desired height or shape. These lilacs are very desirable as specimen shrubs or they may be set in groups or mixed with other shrub plantings. Set at least 5 ft. apart so they have ample room.

S1130—CHAS. JOLY—One of the best "reds" and makes a striking appearance due to its showy color and the large flower heads which are held erect well over the foliage. Strong 2-yr. plants: Each \$1.20; 3 for \$3.25.

S1129—M. BUCHNER—One of the best and most popular French Lilacs. Flowers are double and a beautiful pinkish-lavender color. A good grower and profuse bloomer. Strong 2-yr. plants: Each \$1.10; 3 for \$2.95.

S1131—PRES. GREVY—Large semi-double flowers produced in large pyramidal clusters; color is clear soft delicate blue and one of the best in this color. Strong 2-yr. plants: Each \$1.10; 3 for \$2.95.

S1128—SNOW WHITE—A very showy and beautiful variety that will please you in every way, especially showy when planted with other colors. Strong 2-yr. plants: Each \$1.15; 3 for \$3.00.

SPECIAL LILAC OFFER

S1135X—One select 2-yr. field grown plant of each of the above four fine French Lilacs for \$3.95.

New Lilac "CANADA GEM"

S1125—A grand new lilac that is hardy as an oak and rivals the best French Hybrids for grace and beauty. It comes into bloom after our native varieties are through and remains in flower a long time. The flower heads are of immense size almost like Hydrangeas. We consider this one of the finest shrubs you can have on your lawn. Will not spread like common lilacs. Strong 2-yr. 18-24 in. plants: Each 95c; 3 for \$2.60.

S1084—VARIEGATED DOGWOOD

S1080—RED BRANCHED DOGWOOD

Variegated Dogwood

S1084—A very beautiful and attractive ornamental shrub. Grows a well shaped bush 4 to 5 ft. tall and suitable for planting singly or among other shrubs. The dark red bark is a winter attraction, while the variegated green and white leaves makes it one of the most unusual shrubs you can plant. Select 2-yr. field-grown plants: Each 85c; 3 for \$2.40.

Cornus or Dogwood

These are especially valuable for the brilliancy of the bark and berries. The beautiful coloring of the bark is especially attractive during the winter. The berries are a great attraction for birds. They are very hardy, rapid growers and succeed in sun or shade.

S1080—RED BRANCHED—The stems and twigs are deep blood red. Grows 6 to 8 ft. tall, with clusters of fine white flowers succeeded by a fall crop of ornamental berries.

S1081—YELLOW BRANCHED—Very similar to the above except that the branches are bright yellow.

Price of above: Strong 2-yr. 18-24 in. plants: Each 65c; 3 for \$1.70. State color wanted.

Rosy Plume "Lilac" Spirea

S1242—(Menziesii)—A beautiful hardy shrub, grows 4 to 5 ft. tall and blooms very profusely. The tip of each branch bears a plume of rosy flowers. The flowers are also fine for cutting. A very useful shrub for planting singly, in groups with other shrubs or also as a hedge. Strong 2-yr. 18-24 in. plants: Each 70c; 3 for \$2.00; 12 for \$6.75.

The Graceful Persian Lilac

S1126—This is considered one of the best and most satisfactory of all our Lilacs and may well be ranked with the cream of the flowering shrubs. Few shrubs can match the grace and blending quality of its flower heads or the spicy fragrance of the blooms. It is very hardy, sure to bloom and does not spread like the common lilacs. It also makes one of the grandest hedges. Strong 2-yr. 18-24 in. field grown plants: Each 75c; 3 for \$2.00; doz. \$6.95.

PLANTING SHRUBS

The best shrubs and plants will not do their best unless properly planted and cared for. To advise you on how this should be done we have prepared a booklet of instructions telling you how to plant and care for Shrubs, Plants, Berries and Bulbs of all kinds. A copy will be included, FREE, with every order for such items.

ROSY PLUME SPIREA

S1126—PERSIAN LILAC

S1125—CANADA GEM LILAC

MINNESOTA SNOWFLAKE

Mock Orange or Philadelphus

"Minnesota Snowflake"

S1150—(Plant Patent 538) An outstanding new very double Mock Orange that is very hardy, a profuse bloomer and grows a very graceful plant. A bush in full bloom is a mantle of white and the large double flowers are exceptionally sweet scented. Will grow to a height of 8 ft. but is easily kept to smaller proportions by trimming. Truly a lovely and outstanding hardy shrub, one of the very best. **Strong 2-yr. field-grown plants: Each \$1.00; 3 for \$2.75.**

Mary Starkey, Md.—I am thrilled with my flowers and shrubs you sent me. They are beautiful.

Mrs. Geo. F. Fisher, Ohio—We have purchased from four different nurseries and found you give the most for the money.

S1260—TAMARIX

Tamarix

S1260—SUMMER GLOW — This is the hardiest and best variety. Will grow 8 to 10 ft. tall but can be trimmed to a lower height if desired. Foliage is dense and feathery, silvery blue in color very much like silver spruce. Bright pink flowers are borne over a long period of time. Grows in sun or shade and in wet or dry places. **Strong 18-24 in. plants Each 75c; 3 for \$2.00.**

S1279—CARDINAL SHRUB

S1152—GOLDEN MOCK ORANGE

Golden Leaved Mock Orange

One of the Best Golden Leaved Shrubs
S1152—It not only has golden foliage but also produces a wealth of handsome, fragrant orange-like flowers in May and June. Well suited for planting singly, in groups, or for planting among other shrubs as the golden foliage adds life and charm to the planting. Makes a beautiful bush, perfectly hardy, and grows to a height of 4 to 5 ft. **Each \$1.10; 3 for \$3.00.**

PHILADELPHUS

S1151—SNOWDRIFT

Snowdrift Philadelphus

S1151—We rate this as one of our most desirable shrubs as it is very hardy and blooms so profusely that the bushes look like a snow-drift. It grows a very shapely bush, 4 to 5 ft. tall and in June the bushes are completely covered with the white sweet scented flowers, very much like orange blossoms. A very fine shrub for planting singly, mixing with plantings or as a hedge. **Strong 2-yr. field-grown plants: Each 75c; 3 for \$2.10; 12 for \$7.50.**

S1278—ROSALIE WIEGELA

Hardy Wiegela

S1278—ROSALIE—This is one of the hardiest and most profuse bloomers; here in our nurseries it has withstood 20 below zero. In June the bushes are completely covered with deep rose pink flowers and often flowers again late in the summer. It grows 6 to 8 ft. tall, will thrive in partial shade or full sun and may be planted singly or with other shrubs. You will never regret planting this grand new Wiegela. **Strong select plants: Each 85c; 3 for \$2.25.**

New Brilliant Wiegela - Cardinal Shrub

S1279—NEWPORT or VANICEK—Probably the best and hardiest red Wiegela. Bushes are very vigorous and grow to a height of 5 to 6 ft. and when in full bloom are literally covered with the rosy-red flowers from top to bottom, truly a grand sight. Flowers are 1 to 1 1/4 in. across and borne along the branches, they make beautiful bouquets and it does no harm to the bush to cut off branches. You will be more than pleased with the showing that one of these shrubs will make around your home or lawn. **Select bushes, will bloom this year: Each \$1.25; 3 for \$3.25.**

Spirea Van Houttei or Bridal Wreath

Hardy as an Oak, Profuse Bloomer, Sure to blossom, Easy to Grow, Free from Insects and Disease.

S1243—One of the best known and most useful shrubs as it succeeds everywhere. Fine for setting singly or among other shrubs; very largely used in all landscape work. It forms a round and graceful shrub, with drooping or arched branches which in June are completely covered with snow white blossoms. Will fit in wherever graceful effect is desired and always gives satisfaction. **Strong 2-yr. plants: Each 50c; 3 for \$1.25; 6 for \$2.00.**

S1243—SPIREA VAN HOUTTEI

Mrs. Henry W. Smith, N. H.—The shrubs you sent me arrived in wonderful condition and the plants were a pleasure to receive.

GIANT BRIDAL WREATH

Giant Bridal Wreath

S1105—The finest of all Spirea. A splendid hardy, fragrant rapid growing shrub 4 to 6 ft. tall when matured and even greater in diameter. It forms a large dome-shaped bush which in blooming season is covered with long gracefully drooping garlands of snowy white flowers which are delightfully fragrant. A very hardy attractive shrub that is sure to please. **Select 2-yr. plants. Each 75c; 3 for \$2.10.**

S1241—WHITE GLORY SPIREA

White Glory Spirea

S1244—THUNBERGI—The grace and beauty of this fine shrub are hard to show in a picture. The handsome dark green foliage is fine and feathery and makes a beautiful shrub even when not in bloom. Bushes are a mound of snowy whiteness when in full bloom. Grows 3 to 4 ft. tall. **Strong bushy plants. Each 75c; 3 for \$2.10; doz. \$6.50.**

Fern Leaved Spirea

S1241—A handsome and vigorous shrub that should be included in every planting. It has foliage like a fern or Mountain Ash and produces large spikes of pure white flowers similar to a Hydrangea during July and August. Very fine for planting with other shrubs as the fern-like foliage shows up splendidly. **Each 70c; 3 for \$1.50; doz. \$5.50.**

S1241—FERN LEAVED SPIREA

IMPROVE YOUR HOME WITH SHRUBS

Jung's Home Beauty Shrub Collection

12 Sturdy 2-yr. Field Grown Shrubs for \$5.25

- | | |
|------------------------------|---------------------------|
| 2 Japanese Barberry | 1 Philadelphus Snowdrift |

| 1 Forsythia Ovata | 2 Spirea or Bridal Wreath |
| 1 Hydrangea Pan. Grandiflora | 1 White Glory Spirea |
| 1 Hydrangea Snowball | |

S1250X—These are all strong 2-yr. old field grown shrubs. At catalog prices they would cost \$8.05 but as a special offer they will be sent to you, all for only \$5.25. This collection planted around any home will add beauty and value and make your house look like a palace.

Select Iris

Iris undoubtedly are one of the most popular, hardy perennials and they well deserve their popularity. They are hardy and may be grown under various conditions with little care. They are easy to grow, not bothered by insects and come in a wide variety of colors. You will be highly pleased with our vigorous, healthy plants.

GREAT LAKES

PINK LADY

The Iris "Iristocrats"

Red Iris "RANGER"

P1460—One of the newest Iris being a dark but very brilliant, almost true crimson red. A wonderful bloomer bearing the large flowers on strong sturdy stems, will make a grand showing in any planting. Each 85c; 3 for \$2.25.

P1434—OLA KALA—The outstanding rich deep yellow Iris. Large well formed ruffled flowers on tall well branched stalks.

P-1440—PINK LADY—An Iris of rare beauty being a beautiful blend of cameo-pink with falls of deeper rose and a blazing shrimp-red beard. A vigorous grower and profuse bloomer.

P1437—SABLE—This wonderful Iris possesses large strong stalks, flowers of heavy substance and is a profuse bloomer. The large blooms are almost black with a wonderfully lustrous sheen.

P1455—SUNSET SERENADE—We consider this to be one of the very best Iris as it combines unusual beauty, exceptional vigor and giant flowers. Soft golden tan; standards are apricot buff, falls orange tan with a yellow beard. A "topper" in every way.

P1439—WHITE SUPREME—A superb pure white Iris that combines hardness, beauty and profusion of flowers. The large, glistening white flowers are borne on stems 3 ft. tall, are well formed and of heavy substance.

Price of above Iris, except where noted, each 65c; 3 for \$1.75.

IRIS OFFER NO. 5

P1462X—1 of each of the above 6 fine Iris for \$3.50.

GIANT FANCY IRIS

Jung's Giant Fancy Iris

P1450—This assortment of Iris is made up for those who want something really good at a low cost. It is made up from select named varieties, many of which sold for 50c to \$1.00 each only a few years ago. For size, beauty and colors they are all that can be desired. They are hardy, easy to grow and will increase in size and beauty for a long time. Strong select plants: 3 for 75c; 6 for \$1.35; doz. \$2.50; 25 for \$4.75.

RANGER

NOTE—Iris do best when set out in late summer or early fall. For this reason we do not send out these until they are dormant which is usually the end of July or early August.

P1789—GIANT MIXED PEONIES

Jung's Giant Fancy Peonies

P1789—For people who wish a nice collection of Peonies at a reasonable price our mixture will please. The colors are well balanced and the plants are all strong select divisions. At our low prices you can afford to plant them liberally. 3 for \$1.75; 6 for \$3.25; 12 for \$5.50.

EDULIS SUPERBA FESTIVA MAXIMA KARL ROSENFELD

Jung's Select Peonies

Peonies are the first large flowers to come into flower in the spring and rival Roses for beauty and popularity. They produce their large beautiful flowers in great masses, are very hardy and are not bothered by insects.

P1781—EDULIS SUPERBA—Comes into flower early, often open for Decoration Day. Very large, deep rose-pink flowers that are unusually fine for cutting. Grows sturdy and blooms profusely. Each 70c; 3 for \$1.95.

P1782—FESTIVA MAXIMA—This fine Peony combines enormous size with wonderful beauty. Color pure white with trace of carmine specks on center petals. The most popular white variety, comes into flower very early. Each 85c; 3 for \$2.10.

P1783—KARL ROSENFELD—Large flowers of semi-rose type, almost a perfect globe when fully open; deep velvety red in color and borne on long straight stems. The plant grows strong and tall and each stem bears one of the brilliant flowers. An ideal variety for either landscape planting or cut flowers. Each 85c; 3 for \$2.10.

P1784—MONS. JULES ELIE—An exquisitely beautiful Peony. Giant sized flowers that are flesh pink shading deeper pink toward the center. One of our largest and most beautiful varieties resembling a giant pink chrysanthemum. Each 85c; 3 for \$2.10.

P1788—SARAH BERNHARDT—This can be classed as one of the best Peonies. Flowers of enormous size, live glistening shellpink in color, with a delightful fragrance. Equally fine for landscape or show, a royal beauty in every way. Each 85c; 3 for \$2.10.

SPECIAL PEONY OFFER

One select vigorous plant of each of the above Five Grand Peonies for \$3.65.

Please Note Peonies do best if planted in late summer or early fall months. For this reason we do not send out Peonies until late August or first part of Sept. Orders may be sent at any time and plants will be sent at proper time for planting.

Living Fences Hardy Hedges For Use & Beauty

S1052—ALPINE CURRANT

Alpine Currant

The Boxwood of the North

S-1052—An unusually fine hedge for our northern states as it is very hardy and can be kept trimmed to any desired height from 18 in. to 4 ft. As they leaf out very heavy they form a dense hedge rivaling evergreens for color and beauty. When setting out cut them back to a height of 6 to 8 in. to encourage a dense heavily branched hedge. Select plants: Each 50c; 5 for \$2.00; 25 for \$8.25.

S1060—JAPANESE BARBERRY

Japanese Barberry

S1060—One of our most desirable and useful hedge plants. They are easy to grow and are absolutely hardy and can be sheared to suit any taste. They grow very dense, are attractive deep green in summer and in the fall the foliage turns to glorious shades of yellow, crimson and gold; during the winter they are covered with bright red berries. This variety does not spread rust. Strong bushy 2-yr. plants: Each 50c; 12 for \$4.75; 25 for \$7.75.

Hardy Amoor River Privet

S1160—This is the well known hardy Privet and is well suited for planting here in the North where the California variety freezes out. They are almost like evergreens as the foliage retains its color and remains on the plant until well into the winter; also succeeds quite well in shady places. Very largely used for hedges or foundation planting next to buildings; can be pruned or sheared to suit your fancy—the more you cut or prune it the bushier and denser it will grow. Foliage is a deep glossy green and not subject to blight. We offer strong 2-yr. transplanted plants of our own growing. 3 for 85c; 10 for \$2.25; 50 for \$7.75; 100 for \$14.75.

Blue Leaf Arctic Willow The Best Dwarf Hardy Hedge

S1275—Very desirable for a dwarf, dense, compact hedge. Foliage is an unusual blue or gray-green color somewhat like a blue spruce. It is hardy in all parts of the U. S. and thrives in either wet or dry locations, grows rapidly into a beautiful dense hedge up to 4 ft. high and can also be used for mixing with other shrubs. Plant 18 to 24 in. apart. 2-yr. field-grown plants: Each 60c; 3 for \$1.70; 10 for \$5.25.

S1231—RUSSIAN OLIVE

Russian Olive

S-1231—We know of no other tree or shrub that will endure as much heat, drought or severe cold as the Russian Olive. It may be grown as a tree by pruning the trunk or as a shrub and is also widely used for hedges and windbreaks. Especially attractive when mixed with other shrubs as the silvery green foliage makes a fine contrast. As a tree will grow 15 to 20 ft. tall, for hedges or windbreaks will grow 8 to 10 ft. tall but may be kept pruned to any desired height. Select 2-yr. 18-24 in. plants: Each 60c; 3 for \$1.50; 12 for \$5.25.

S1160—AMOO RIVER PRIVET

S1275—BLUE LEAF ARCTIC WILLOW

Hardy Hedges

Dwarf Ninebark

Very Hardy. Grows Thick and Dense Can be Sheared to any Height or Shape. Deep Green all Summer. Colors Beautifully in the Fall.

S1068—An outstanding dwarf shrub suitable either for specimen plants or hedges. Can be kept to any desired height from 2 ft. to 4 ft. It has a bushy growth and is well supplied with foliage so makes a very dense hedge. Very hardy and not bothered by insects. Foliage turns brilliant red and yellow in the fall. Set plants 2½ to 3 ft. apart. Select 2-yr. field grown plants: 3 for \$1.45; 12 for \$4.50; 25 for \$8.50.

S1068—DWARF NINEBARK

Chinese Elm Hedge

The Drought Resistant Hedge

S1078—These are the same as regular Chinese Elm except that they are heavily branched from the ground up and grown especially for anyone wishing a thick hedge or an effective windbreak. For a hedge set the plants 3 to 4 ft. apart; for windbreaks 5 to 6 ft. Do not confuse our plants with seedlings that are often offered at low prices, as the ones we offer will give you results at once, while seedlings require 3 to 4 years. Strong 2-year 3 to 4 ft. 3 for \$1.35; doz. \$4.25.

CHINESE ELM HEDGE

Regel or Fern Privet

S1161—A very hardy type abundantly supplied with dark green shiny foliage. Grows very dense, the branches grow horizontally, giving the shrub a very graceful appearance. One of our best shrubs for planting in front of taller shrubs, foundations, and entrances. Strong 2-year plants. Each 50c; 3 for \$1.40; 12 for \$4.75.

S1161—REGEL PRIVET

Please Note

Owing to high cost of packing, labor and postage we cannot fill orders for plants and shrubs unless they amount to \$2.00 or more. See details on page 42.

GOLDEN ELDER

Golden Elder

S1106—A valuable plant for producing contrast if planted with other shrubs as it has bright golden foliage but should have full sun for best effect. Grows rapidly on most any soil and can be pruned to form a neat compact bush. One of our best golden leaved shrubs. Extra strong 2-yr.; Each 75c; 3 for \$2.25.

SNOWBERRY

Snowberry

The Ideal Shrub for Shady Locations

S1256—A valuable and desirable shrub with pink flowers which are followed by large white wax-like berries which hang on the plant through fall and most of the winter. Grows 2 to 3 feet high, very showy and succeeds almost anywhere. Of special value for planting in shady places where other shrubs will not grow. Strong bushy plants: Each 60c; 3 for \$1.60; 12 for \$5.75.

Hansen Bush Cherry

A Beautiful Useful Hardy Ornamental Shrub

S1073—A beautiful hardy shrub that is both useful and ornamental. The bushes grow 3 to 4 ft. tall and bear a fine crop of cherries that are especially fine for jellies and jam. Especially resistant to drought and makes a splendid ornamental shrub. Early in the spring they are a mass of white when in bloom, later they leaf out heavily with silvery green foliage which turns to red and gold in the fall. Strong 2-year field-grown plants. Each 65c; 3 for \$1.75; doz. \$5.75.

S1073—BUSH CHERRY

P1745—HARDY FERNS

Hardy Ferns

P1745—Hardy native ferns are gaining wide popularity as their value is becoming better known. They are easily grown where other plants and shrubs do not succeed. Our plants are grown here in the North and are sure to be hardy anywhere in the U. S. Full cultural instructions sent with each order. Extra large plants, 3 for 95c; 6 for \$1.75; doz. \$3.25.

Jung's Giant Red Peony

P1790—If you can have but one Peony plant, let it be this grand variety. Flowers are very large, fully double and bright live red with no trace of purple. Very free flowering and if cut when in bud will last a week or more indoors. A plant of this fine peony when in full bloom will make a grand sight on your lawn or in your garden. Strong 3 to 5 eye plants. Each 70c; 3 for \$2.00.

P1790—JUNG'S GIANT RED PEONY

Please Note

Iris and Peonies do best when set out in late summer or early fall. We do not send out these items in the spring.

P1787—SOLANGE PEONY

SOLANGE PEONY

P1787—Its high rating of 9.8 should convince every flower lover that Solange is a choice Peony. The flowers are truly giant in size, often 6 to 7 in. across, double rose-type and are borne so profusely that a plant in full bloom is covered with flowers. Flowers are a delicate soft cream. A rare beauty and the nearest "yellow" Peony to be had. Strong plants: Each 80c; 3 for \$2.25.

Dwarf Iris

A dwarf strain of Iris growing only 6 to 8 in. tall and are very useful as borders for tall Iris, flower beds, also desirable for rock gardens. They come into bloom very early and spread soon forming a solid mass of color.

P1471—BETTY PRESBY — Light yellow, profuse bloomer.

P1470—DR. POTTER — Deep Purple, free flowering.

Price of above: 6 for 90c; doz. \$1.65; 25 for \$3.25.

P1475—MIXED DWARF IRIS—Make a beautiful edge, bed or border. 12 for \$1.50; 25 for \$2.75.

P1465—RED TONED IRIS

Beautiful Red Toned Iris

P1465—Not many people are aware of the wonderful progress that has been made with Iris in recent years, especially in red shades. So that you may have a fine assortment of the red-toned varieties we will send you a collection of

5 RED IRIS for \$1.50

These are large, select plants; many of them sold for \$2.00 each only a few years ago. Each plant labeled.

PLEASE NOTE

Best results with Iris are from plants set out in late summer when plants are dormant. For this reason we do not send out Iris until late July or first part of August. Orders may be placed at any time and plants will be sent out at proper time.

The Old Favorite Bleeding Heart

P1704—An improvement type of the popular old fashioned favorite. The beautiful finely cut foliage and long showy branches of graceful pink flowers are always attractive. The plants are very hardy; also used quite extensively for cutting or bouquets. Does equally well in sun or shade. Each 65c; 3 for \$1.65.

P1704—GIANT BLEEDING HEART

Lily of the Valley

P1750—The Lily of the Valley is well known and will thrive and produce the handsome fragrant flowers during spring and early summer. It does unusually well in shaded places, especially on the north or east of your house. The flowers are well suited for cutting; a bouquet will sweetly perfume any room. They are perfectly hardy and will bloom in 6 to 8 weeks after planting. 6 for 40c; 12 for 75c; 50 for \$3.00.

Clausen Shearon, S. Dak.—I just must write and report how pleased I am with your shrubs. They are the finest I have ever had, I'm a satisfied customer.

LILY OF THE VALLEY

Dickinson Humus Inoculation

Will Increase Your Crops of Beans, Peas and Sweet Peas.

This is a compound which when applied to the seed before planting promotes stronger healthier growth, hastens maturity, increases the quality and also enriches the soil. It is for legume plants such as Beans, Garden Peas and Sweet Peas. In the case of Sweet Peas larger and finer flowers will be had and in Garden Peas and Beans, your crop will be much heavier and of finer quality and you can pick more pods from each plant. It is easy to apply as it is put up in powder form and will stick to the seeds, no water is necessary and it can be used a little at a time. Garden size Pkt. (enough for 10 lbs. of seed) 25c; Bu. size for Beans or Peas 50c.

TRANSPANTONE

Increase Root Growth. Makes Stronger and More Vigorous Plants. Bigger and Better Crops.

M70—This is a preparation of root forming hormones and Vitamin B1 and is especially valuable for treating both plants and shrubs when transplanting as it greatly increases root growth and plants thus treated will suffer very little set-back from transplanting. One ounce dissolved in water will make ten gallons of solution, simple instructions will be found on every package. 1/2 oz. (enough for small garden) 25c; 3 oz. \$1.00; lb. \$4.00.

A. C. P. Soil Conditioner

M52—This preparation not only makes your soil ideal for growing indoor flowers but also contains fertilizer, hormones and other essential mineral elements which help plants make a strong vigorous growth. Especially useful for growing plants indoors and also for starting seeds in boxes or beds as it will prevent the soil from becoming hard and crusty. Also very good for gardens where the soil is hard and crusty. 1/2 lb. can 80c; 2 1/2 lb. can \$2.80; 10 lb. can \$7.95.

S1054—AMERICAN OR GREEN ASH

S1056—AMERICAN ELM

Shade Trees

PLEASE NOTE—The trees offered below are heavily rooted, field grown trees and should not be compared to seedlings which often require 2 to 3 years before they make a satisfactory growth. Write for Special Prices on 50 or more trees.

S1054—AMERICAN or GREEN ASH—One of our most dependable trees. It is a fast grower, long lived, very rugged and drought resistant. It will grow well in a wide variety of soil conditions. Grows rapidly and makes a well shaped tree without any trimming. Ideal for lawn, street or windbreaks. Heavy 4 to 5 ft. trees; 3 for \$2.50; 12 for \$8.50 postpaid.

S1055—Extra Heavy 5 to 6 ft. trees, not prepaid: Each \$1.10; 3 for \$2.95; 12 for \$10.50.

S1056—AMERICAN ELM—Probably the most popular and widely grown shade tree as it is hardy, long lived and graceful in shape. A beautiful and majestic tree for lawns, street, park or wind break. Sturdy 4 to 5 ft. trees; 3 for \$1.60; 12 for \$4.25 postpaid.

S1077—CHINESE ELM—One of our fastest growing trees, sometimes making a growth of 4 to 6 ft. in a single season. A graceful, hardy, quick-growing tree that can stand excessive heat, drought and bitter cold. 3 to 4 ft. trees; 3 for \$1.75; 12 for \$5.75 postpaid.

S1077—CHINESE ELM

GARDEN-LIFE®

Soluble PLANT FOOD

Plus Root-Developing Hormone

VERY HIGH ANALYSIS
10% 52% 17%
NITROGEN PHOS. ACID POTASH
79% TOTAL

100% WATER SOLUBLE

GARDEN LIFE

African Violet Plant Food

More Plant Food per Dollar. Marvelous for African Violets. House Plants, Flowers, Shrubs and Vegetables.

M32—Garden-Life is a high analysis (10-52-17) all-soluble plant food plus a root-developing hormone, with a total plant food content of 79%. Since it is completely and instantly soluble, the plant food elements are immediately available to the roots. Plants fed with GARDEN-LIFE respond very rapidly; new growth is visible in a short time. AFRICAN VIOLET GROWERS report blooms as big as silver dollars. 2 oz. 25c; 5 oz. 50c; 14 oz. \$1.00.

African Violet & Houseplant Spray

M51—The ideal Spray for house plants such as African Violets, Ferns, Fuschias, Geraniums, Ivy and other indoor plants. It kills indoor insects like aphids, mealy bugs, mites, thrips and white flies. Will keep your plants clean and thrifty. Just push the button and your plants are sprayed, no fuss and no sprayer to buy. 6 oz. Bomb Spray Can only 89c; 3 for \$2.60.

BERRY-SET

M40—Makes berries grow much larger—often 50% to 100% BIGGER—Meatier—sweeter—most luscious tasting, increases berry yields greatly. Strawberries have fewer seeds. Sprayed berry plants bear ripe fruits over a longer period of time; therefore gardeners enjoy a longer season, get greater enjoyment and greater value from their berry plants. This new scientific "Hormone" powder effective on ALL berries. 1 oz. package makes 4 gallons. (1 oz. 50c) (3 oz. \$1.00.)

NO-SEED HORMONE Blossom-set

M42—Grow Earlier, Larger, Sweeter, and More Tomatoes on each plant with "BLOSSOM SET," an approved plant hormone that's easy to use. Just mix with water and spray newly opened blossoms. "BLOSSOM SET" induces artificial setting of fruit, prevents falling of first blossoms, gives ripe tomatoes 2 to 4 weeks earlier. Treated plants produce larger, firmer, meatier fruits, with fewer seeds. Grow seedless peppers, egg plant, cukes, squash. Tested by U.S.D.A., leading Universities, Colorado Experiment Station. 4-oz. bottle (for 1 gal. spray) 85c; pint (makes 4 gals. spray) \$1.75.

M43—Aerosol Blossom-Set—An easy way to apply this to your plants, simply press the top, 12 oz. can (enough for 100 plants) \$1.75.

Protect Your Garden

Fight Insects with RED ARROW GARDEN SPRAY

M60—One of the best and most widely used Garden Sprays for controlling bugs and insects such as aphids, cabbage worms, cucumber beetles, thrips, etc. This spray is deadly to insects but harmless to humans, birds and animals. Will not burn delicate leaves or tender flowers. Mixes easily with even hard water and has ingredients making it spread and stick to the foliage. We consider this one of the most satisfactory garden sprays for both flowers and vegetables. Simply mix 1 teaspoonful of this spray with a qt. of water and spray on both top and under side of leaves. 2 oz. Bottle (makes 4 gals. spray) .. 60 4 oz. Bottle (makes 8 gals. spray) .. 1.00 1 pt. Bottle (makes 32 gals. of spray) 2.85

Du Pont Garden Dust

M24—We can highly recommend this preparation as it may be used as a spray or dust. It will not only protect your plants from insects of all kinds but will also prevent diseases such as blight, rust and mildew. Especially good on Potatoes and tomatoes as it will keep the vines green and healthy, also for flowers such as roses, phlox and others that are subject to blight, rust or mildew. This combination is all that is needed, not necessary to use several different sprays or dusts. Full instructions on every can. 8 oz. (filled) Squeeze Duster \$1.15; 1 lb. can \$1.20; 3 lbs. \$2.95.

Rose & Floral Dust

M26—Keep your Roses, Hardy Phlox and all other garden plants free from insects, blight, mildew, black spot, etc., by using DuPont Floral Dust. To keep your plants free from insects and diseases make the first application early and then spray or dust every 7 to 14 days. May be applied either as a dust or spray, full instructions on every container. 8 oz. (filled) Squeeze Duster \$1.15; 1 lb. can \$1.20; 3 lbs. \$2.95.

NOTE—Our Garden and Floral Rose Dusts are put up in 8 oz. refillable "squeeze" dusters. Very easy and convenient for use.

CHLORDANE DUST

(10% Strength)

M65—A very good insecticide to use in the garden and on lawns to control insects like onion maggot and worms in radish, also ants, cut worms, grasshoppers, snails, wire worms, white grubs as well as cockroaches, carpet beetles and silverfish in your home. 1 lb. can 85c; 3 lbs. \$2.45.

HYPONEX PLANT FOOD

Grow stronger plants, larger and more flowers indoors or out. Modern science aids Nature for astonishing results in soils, sand or barren earth.

M35—This is a highly concentrated and well balanced fertilizer for pot or house plants, roses, ferns, and also for outdoor flowers and shrubs. It increases the foliage and improves the color and size of blossoms. Odorless and harmless. HYPO-NEX is sure to bring forth healthy plants and lots of flowers. 3 oz. can (makes 18 gal.) 25c; 1 lb. can makes 96 gal. \$1.00; 2 for \$1.85.

Du Pont Fruit Tree Spray

M27—The ideal spray for the small grower as it is not necessary to have several different sprays. Especially suitable for fruit trees, currants, berries, etc. Now, by following the simple spray schedule on the package you can protect your fruit crop with one spray. 1 lb. can \$1.35; 3 lb. bag, \$2.70 postpaid.

Protects Your Evergreens and Shrubs.

M30—This repellent is very effective in keeping dogs and other animals away from your shrubs, trees and flowers. It is non-poisonous, non-inflammable and will not injure humans, animals or vegetation when used according to instructions. Easily applied with a small sprayer and is also available in Aerosol Dispenser. One application lasts for several weeks. 3 oz. bottle 70c; 3 for \$2.00.

R-I-D-Z Dog Repellent

M31—A very effective preparation for protecting evergreens, shrubs, trees and plants from dogs and other animals. Easy to apply as you just push the top and spray. 11 oz. Aerosol Cans \$1.49; 3 for \$4.25.

Please Note

Our booklet "How to Grow the Finest Vegetables and Most Beautiful Flowers" gives you simple and easily understood instructions on growing and caring for your garden. It is free, if requested, with every order of \$1.00 or more.

Jung's Fancy Lawn Grass

Jung's Fairfield Special Lawn Grass

Always Grows, Always Thrives, Hardy Deep Velvety Green, Sure to Please.

G255—Our mixture combines the very best varieties of grasses, suitable for the purpose of making a lawn beautiful in appearance, durable and lasting, deep green at all seasons. The seed used is **PURE AND HEAVY**, and is especially cleaned. This mixture weighs from 25 to 27 pounds per bushel, is of strong vitality and makes a quick healthy growth. One pound of our seed weighs as much as two quarts of other seedmen's brands. It contains the right quantity of White Clover but no Timothy or other cheaper grass seed. Nothing better to be had. **Lb. 95¢; 5 lbs. \$4.50; 10 lbs. \$8.75. Not prepaid: 25 lbs. \$17.75; 50 lbs. \$34.25.**

Shady Spot Lawn Grass

G256—This is a mixture carefully prepared for sowing under large trees and other heavily shaded places where ordinary grass will not thrive. **Lb. \$1.00; 5 lbs. \$4.65.**

The Famous Merion Kentucky Blue Grass

G257—The outstanding new lawn grass, produces a thick, deep turf that feels like a rug and grows so dense that it will crowd out most weeds. As it spreads from roots and stools not so much seed is required, $1\frac{1}{2}$ lbs. per 1,000 square feet is sufficient. $\frac{1}{2}$ lb. **\$1.93; 1 lb. \$3.65.**

Jung's Merion Kentucky Blue Grass Blend

G259—This mixture will give you thick turf or sod that will stay green all summer and also stand close mowing. It consists of 45% Merion Blue Grass, 30% Fescues, 10% Highland Bent, 5% Red Top and 10% Rye Grass. 1 lb. covers 750 sq. feet, 3 times as much as standard lawn grass so is the cheapest to sow. **Lb. \$2.25; 5 lbs. \$10.75.**

Fancy Wisconsin White Clover

G258—For some lawns, especially in poor clay soil, it is advisable to use White Clover liberally. For renovating old lawns it is especially valuable as it takes hold where other grasses fail. **Fancy Seed. $\frac{1}{4}$ lb. 45¢; $\frac{1}{2}$ lb. 65¢; 1 lb. \$1.20; 5 lbs. \$5.25.**

Stop-GRASS

The Chemical Lawn Trimmer

M44—New chemical discovery keeps your grass edges short and trim-looking easier than ever. No more back-breaking work trimming lawn edges on your hands and knees in the hot sun. Just spray or sprinkle **STOP-GRASS**, early in the season, on grass edges along walks, around flower-beds, trees, lawn ornaments, and other hard-to-mow places. **STOP-GRASS** makes grass grow so slowly it won't have to be cut again for MONTHS! It stays short and beautifully green. Late spring or summer use delays growth 4 to 6 weeks. Fall application delays growth the following spring! Contains wonderful, new, Maleic Hydrazide developed by U. S. Rubber Co. Safe and easy to use. **$1\frac{1}{2}$ oz. (for 400 sq. ft.) \$1.00; 4 oz. (for 1100 sq. ft.) \$2.25; 1 lb. (for 4400 sq. ft.) \$6.95.**

WEEDONE

Crabgrass and Chickweed Killer

M50—This is a new and more effective crab-grass and chickweed killer, on our own premises it proved out to be one of the best remedies for these troublesome weeds. It will also rid your lawn of all broad leaf weeds like dandelions, plantain, purslane, thistles, etc., without killing the grass or clover, usually one or two applications will clean up your lawn, easy to apply and not dangerous. **$\frac{6}{16}$ oz. can (enough for an ordinary lawn) \$1.25; 26 oz. can \$3.75.**

Orthocide "75"

The "All Purpose" Treatment for GLADIOLI, POTATOES and SEEDS

Better Stands. Healthier Plants. Increased Yields. For Seed Corn, Seed Grain, Garden Seeds, Seed Potatoes, Gladioli and Lilies.

M54—It is now no longer necessary to have different preparations to treat your corn, seed grain, potatoes and bulbs as Orthocide 75 is mostly made suitable for almost everything you plant. Orthocide 75 is mostly made up of Captan, a new chemical, which protects seeds and bulbs against rotting and also soil diseases. Especially valuable, in seasons when the soil is cold and wet, this is especially true of corn. May be used either as a dust or wet dip: One pound is sufficient to treat 20 bu. of corn or seed grain, 25 bu. seed potatoes or 1,000 to 1,200 lbs. of other seeds like beans, peas, cotton, cane, peanuts or any other seeds. A one fourth pound can is sufficient for the ordinary garden. Use it for any of your seeds and also potatoes and gladioli. Full instructions on every can. **4 oz. can \$1.25; 1 lb. can \$2.80; 5 lbs. \$12.90 postpaid.**

Mrs. Harold Bonebrake, Minn.—Just to report that we have never had a failure from any of your seeds.

Lumilda Scholz, Iowa—Ordered my seeds from you last spring and haven't had such wonderful flowers and vegetables in years.

Emil A. Baseler, Wis.—Our garden, grown from your seeds, was very productive and the talk of our town. Wis. "55" Tomato was very productive and was highly recommended by our Agr. Agent.

Jung's Extra Specials

P1732—FANCY CHRYSANTHEMUMS

JUNG'S GIANT FANCY DAHLIAS

B900—REGAL LILY

G470—WIS. "55" TOMATO

The items listed below are things that we have found to be unusually good. They will produce crops that will surpass your fondest expectations.

"SENSATION"

The Super Giant Gladioli

B1571—Mammoth sized flowers of bright soft rose, 6 to 9 of the massive, heavily ruffled flowers on a spike. Often grows 5 to 6 ft. tall, truly a wonderful "glad" and a real giant. Each 25¢; 3 for 60¢; 12 for \$2.00.

Frank Elder, Mich. — Have planted your seeds and bulbs for many years. More than delighted with your Gladioli, one grew 55 in. tall and had 25 blooms on one spike, many flowers over 4 in. across.

1571—SENSATION

Fancy Outdoor Chrysanthemums

Bloom When Other Flowers are Gone. Gorgeous Colors. Bloom for Many Weeks.

P1732—These grand Chrysanthemums are easily grown and bloom at a time of the year when other flowers are gone. Plants set out in the spring will give you a grand array of gorgeous beauty from early fall until hard frosts. For our 50th Anniversary we have arranged for a good supply of these plants at bargain prices. Select plants, no two alike: 3 for 95¢; 6 for \$1.75.

Fancy Caladiums

B856—We consider Caladiums an item that deserves special mention. Plant a few bulbs in a 6 in. pot and in a few weeks you will have a plant of rare beauty. Unlike blooming plants which last only a few weeks Caladiums retain their beautiful color display for months. As bulbs are very tender we do not ship them until the end of March. Large Select Bulbs: 3 for \$1.10; 6 for \$1.95.

B856—CALADIUMS

Jung's Giant Fancy Dahlias

B874 Here is a grand assortment of the large flowered double Dahlias at a bargain price. Now you can have a row or bed of Dahlias that will delight you with their size and beauty. A grand assortment of colors and whether you order six or a dozen, no two will be alike. Extra Select Tubers: 3 for 85¢; 6 for \$1.45; 12 for \$2.65.

Mrs. Frank E. Chace, Mass.—The seeds and bulbs from you did well and flowers are beautiful, especially Gloxinias, Magic Lily and Tuberous Begonias.

The Beautiful Regal Lily

B900 This magnificent Lily is becoming very popular as it is hardy, easy to grow, blooms profusely and increases in size and beauty from year to year. Grows 3 to 4 ft. tall and often has 8 to 10 giant white flowers on a stalk. We offer extra large 3 yr. bulbs which bloom this year. Each 30¢; 3 for 75¢; 12 for \$2.75.

Dwarf Double Tuberoses

B915—One of the most beautiful and delightfully fragrant summer flowering bulbs. Flowers are more conspicuously sweet scented than anything else in the garden. The flowers are double and are produced on stems 2 to 2½ ft. long. They make a grand showing in the garden and are unexcelled for cutting and bouquets. Bulbs planted early in May will bloom in August, may also be started in pots for early blooms. Select bulbs. 3 for 40¢; 12 for \$1.50.

DOUBLE TUBEROSES

FREE SEEDS

See Page 1

The Famous Wis. "55" Tomato

Vigorous Grower. Handsome Appearance. Large, Smooth, Deep Red Fruits.

G470—This superb new tomato was developed by Dr. John C. Walker and Dr. James Kuntz of the University of Wisconsin. It ripens as early as John Baer and has all the good qualities of Stokesdale and Rutgers. Compared to these it has larger fruit, no shoulder cracks, no blossom end rot, ripens evenly, is uniform in size, has a strong skin and solid walls so makes an excellent shipper. It is also resistant to defoliation diseases, early blight and leaf spot. Thus far it has out-yielded other varieties by 30%. You will find this to be the top ranking Tomato. Jung's Certified Seed: Pkt. 15¢; $\frac{1}{4}$ oz. 30¢; $\frac{1}{2}$ oz. 50¢; oz. \$1.00; $\frac{1}{4}$ lb. \$2.50.

S1090—PFITZER JUNIPER

S1095—MUGHO PINE

Jung's Select Evergreens

Pfitzer Juniper

S1090—A low growing dark green variety ideal for planting in front of tall evergreens or shrubs, at corners of lots, rock gardens etc. Will grow 4 to 5 ft. spread but may be kept trimmed as desired. Select 12-15 in. specimens: Each \$1.50; 3 for \$4.25; 12 for \$14.75.

Mugho Pine

S1095—The popular low growing dwarf Pine being compact and round in shape. Will grow to a height of 5 to 6 ft. but can be kept trimmed to any height desired. The new growth has the appearance of candles at the end of each branch. One of the most popular and widely planted ornamental Pines. Select 8-10 in. specimens: Each \$1.20; 3 for \$3.10; 12 for \$11.25.

S1094—BLACK HILLS SPRUCE

Pyramidal Arborvitae

S1091—This is the most popular and widely planted Arborvitae as it grows upright and can be used in so many places, it has been selected for its rich green color and slender, erect form of growth. Will grow to a height of 15 to 20 ft. but can be kept lower and compact by trimming. Select 12-15 in. specimens: Each \$1.50; 3 for \$4.25; 12 for \$15.25.

Black Hills Spruce

S1094 — A very popular widely planted variety noted for its hardiness and drought resistance. Grows a very dense well shaped tree and is well suited for planting on the lawn, as a windbreak or wherever a large tree can be used. Select 12-18 in. trees: Each \$1.50; 3 for \$4.00; 12 for \$13.50.

S1093—COLORADO SPRUCE

Siberian Globe Arborvitae

S1092—An unusually hardy low or globe Arborvitae useful for planting on each side of entrances or wherever a low growing evergreen may be required. Can be kept trimmed to any height or shape desired. The foliage is dark green, very thick and heavy. Select 9-12 in. specimens: Each \$1.20; 3 for \$3.00; 12 for \$11.00.

Please Note

The Evergreen we send out are not seedlings but are select field grown plants that have been transplanted 2 and 3 times and are well supplied with an abundance of roots. We send out only young vigorous stock that will soon grow into fine specimens. We send these out at the proper time for planting, both tops and roots are especially treated and will be packed in a special moss that keeps the roots moist.

Colorado Spruce

S1093 — The most popular and beautiful of all evergreens, very hardy and drought resistant. These handsome silvery-green trees grow to a height of 30 to 40 ft. Growth is compact and always perfect in shape. Select 9-12 in. specimen trees: Each \$1.25; 3 for \$3.50; 12 for \$11.50.

Protect Your Evergreens

by using either "RIDZ" or "DOGZOFF". See Page 38.

Beautiful Ornamental Trees

Crimson King Maple

S1140—(Plant Patent No. 735)—An outstanding and beautiful shaped shade tree that holds its bright red color throughout the season. A fine tree for cities as it is hardy, long lived and withstands smoke, gases and dust. This distinctive tree will be the focal point of your yard. 3-4 ft. size by parcel post: Each \$2.95; 3 for \$8.50.

J. C. Sculley, III. — Your recent shipment of seeds and plants arrived and am very well pleased. This leads to this second order.

Weeping Willow

S1277—A graceful tree that grows to large size, is very hardy and will grow in either moist or dry ground; is also a rapid grower. The long, slender drooping branches are well supplied with narrow green leaves. The bright golden yellow bark is very effective in landscape even when not in leaf. 3-4 foot trees. Each 75c; 3 for \$1.90.

New Pyramidal "STRATHMORE" Flowering Crab

S1119—A new and unusual flowering tree of rare beauty and which is sure to attract attention. Grows upright like a Lombardy Poplar and when in full bloom are a solid mass of color. Foliage is reddish all summer turning red and scarlet in the fall and makes a striking appearance all season. Select 3 to 4 ft. trees: Each \$1.75; 3 for \$4.95 postpaid.

Mrs. Maurice E. Buxton, Mass.—Received my bulbs, seeds and shrubs in good condition, the shrubs are extra strong, well rooted, plants.

BOLLEANA POPLAR

The Beautiful White Birch

S1280—White Birch are a very hardy tree and will grow to a height of 25 to 30 ft. and are especially attractive if 3 or 4 trees are planted in a triangle or square shape; planting the trees 10 to 12 in. apart. After they are planted a few years the bark will turn white and remain that way throughout the year. You will be delighted to have a few of these trees on your lawn. 3 to 4 ft. trees: Each 85c; 3 for \$2.25; 6 for \$4.00 postpaid.

S1281—Heavy 5 to 6 ft. trees: Each \$2.50; 3 for \$6.25. Not prepaid, too large for mailing.

Silver Leaved Bolleana Poplar

S1139—A popular and beautiful landscape tree that resembles the Lombardy Poplar in shape but is much hardier and longer lived. Has beautiful deeply lobed foliage which have a silver facing that gives them a beautiful silver-green flash in the breezes. Widely used for street as well as for screen and background planting. Select 3 to 4 ft. trees: 3 for \$2.50; 12 for \$8.50 postpaid.

S1146—Extra heavy 5 to 6 ft. trees: Each \$1.25; 3 for \$3.25; 12 for \$10.50. Not prepaid, too large for mailing.

WHITE BIRCH

Mountain Ash

A hardy, medium-sized tree for unusual beauty with graceful fern-like foliage. The clusters of white flowers in the spring are followed by large clusters of bright showy red berries. Foliage turns to beautiful orange and red in the fall. An unusually fine ornamental and shade tree. S1147—Select 3 to 4 ft. trees: Each \$1.00; 3 for \$2.75 postpaid.

S1148—Select 5 to 6 ft. trees: Each \$2.25; 3 for \$6.00; Not prepaid, too long for mailing.

S1147—MOUNTAIN ASH

S1277—WEEPING WILLOW

S1140—CRIMSON KING MAPLE

Please Notice

Owing to the extra cost of handling and packing, orders for shrubs and plants must amount to \$2.00 or more. If your order is less than that amount enclose or add 25c extra to cover the cost of packing. This applies to only shrubs and plants and not on seeds and bulbs.

Special Premium Coupon

If your order amounts to \$5.00 or more you are entitled to 3 Giant Prize Gladioli bulbs. If it amounts to \$8.00 or more you may have 6 Gladioli, while if it amounts to \$10.00 or more you may have 12 Gladioli.

STATE BELOW PREMIUM SELECTED

NOTE—Named varieties of Gladioli cannot be selected as Premiums.

FREE SEEDS

As stated on Page 3 of our catalog the following varieties are free with orders for seeds, plants and shrubs. Select one pkt. for each \$1.00 worth ordered but not more than 5 pkts. to a customer. Check variety wanted.

.....Midas Head Lettuce

.....Butternut Squash

.....Drought Resistent Sweet Peas

.....Rainbow or Indian Corn

Why You Should Order from Us

You can take your time in making your selections right in your home at your leisure. Your seeds, bulbs and plants will be delivered right at your door. No driving, parking or waiting.

You have a far wider choice as the modern catalog gives you a choice of the new items which cannot be had in shopping centers. The modern seed catalog is the first to offer the new and better varieties to the gardening trade.

Our bulbs, plants and shrubs are stored in cellars especially constructed for this purpose. Your orders may be placed at any time and those items which you cannot plant at once are reserved for you and will be sent at the proper time for planting in your area.

Our refrigerated storage insures your getting stock which is vigorous and full of life.

It is our policy to fill orders exactly as ordered, but in case a variety is sold out, we reserve the right to fill your order with a similar variety of equal or greater value. If you do not wish us to substitute please note this on your order in the space provided near top of order sheet. By placing your order early you will be sure of getting just what you want as your stock will be reserved for you and sent out at the proper time for planting.

B901—GOLDEN CHALICE

B897—OLYMPIC HYBRIDS

B902—FIRE FLAME

Hardy Outdoor Lilies

Golden Chalice Lily

B901—A magnificent Hybrid Lily originated by Jan de Graaf. A healthy, hardy, vigorous grower that will do well anywhere in the U.S. Large clusters of the bright orange-gold flowers are borne on 2 ft. stalks and usually bloom in June. The brilliant flowers are 4 to 5 in. across and 6 to 8 on a stalk. **Sure to Bloom** Bulbs: Each 40c; 3 for \$1.10; doz. \$3.75.

New "Fireflame" Lily

B902—A new hardy Lily of striking beauty. Color is solid mahogany red, slightly spotted with deep maroon. Grows to a height of 2½ to 3 ft. and as many as 8 to 10 flowers to a head. **Sure to attract attention in any planting** Select Bulbs which will bloom this year: Each 50c; 3 for \$1.35.

The Superb Olympic Hybrid Lily

B897—A magnificent new hardy Lily noted for its great vigor, size and beauty. Clusters of bloom are produced on stalks 5 to 6 ft. tall and bloom for several weeks. As these bulbs are grown from seed there will be a pleasing variation in color, some icy green, some cream yellow and some in shades of pink. Plant in well drained location and cover 5 to 6 in. deep. **Select Bulbs which will bloom this season** Each 40c; 3 for \$1.10; 12 for \$3.75.

The Showy Maxwell Lily

B889 — A grand hardy Lily that combines hardiness, vigor and rare beauty, sure to attract attention with its bright orange-red flowers. Grows wiry stalks four to five ft. tall and will have as many as 15 to 20 blooms on a stalk. Especially shows when planted among Olympic or Regal Lilies. Each 40c; 3 for \$1.10; 12 for \$3.50.

B889—MAXWILL

RED & GOLD Lily Collection

If you wish to grow some new and beautiful Lilies plant the following:

Golden Chalice
Fireflame
Maxwill
Vermilion Brilliant

One select blooming size bulb of each for \$1.50; 3 of each for \$4.25.

B893—GOLD BAND LILIES

Two Grand New Lilies

Gold Band Lily

B893—One of the loveliest of our outdoor Lilies, a clump of these Lilies in full bloom is a marvelous sight. The flowers are large, huge trumpets often 5 to 6 in. across and borne in clusters of 6 to 12 on 3 ft. stems. They are ivory white with small crimson spots with gold bands on each petal. Bloom from July to Sept. Plant 6 to 7 in. deep. **Select Bulbs: Each 70c; 3 for \$2.00.**

Red Champion Lily

B899—Many flower lovers consider this the most beautiful of all outdoor Lilies. The flowers are bright pink and each petal tipped white, with small deep red specks. Blooms in Aug. and Sept., on strong stalks 3 to 4 ft. tall. The lovely, waxy flowers make a fine showing in the garden and also when cut for bouquets. **Large Select Bulbs: Each 60c; 3 for \$1.75.**

B899—RED CHAMPION LILY

B900—REGAL LILY

B887—YELLOW DAY LILY

Hardy Day Lily HYPERION

B887—A grand hardy yellow lily that needs no protection and will bloom profusely in either full sun or shade. Immense blooms of canary yellow are borne in great numbers on stems 3 to 3½ ft. tall. Excellent for cutting and remains in flower for weeks. Each 40c; 3 for \$1.10; doz. \$3.50.

B898—VERMILION BRILLIANT

Vermilion Brilliant Lily

B898—You must see this wonderful Lily in bloom to realize how beautiful it is. The first year it will have from 4 to 10 flowers on a stalk, the second year as high as 25 flowers on a plant. The large flowers are orange-red in color and very showy. Grows 2 to 3 ft. tall; blossoms in June. One of the most easily grown lilies and is very hardy. Each 40c; 3 for \$1.10; doz. \$3.95.

B896—MONTBRETIAS

Giant Earlham Montbretias

B896 — Montbretias are profuse bloomers and one of the most showy summer flowering bulbous plants. They produce graceful spikes 10 to 18 in. long each spike bearing 15 to 20 beautiful star shaped flowers 2 to 3 in. across. The bulbs we offer are the new improved strain being generally much taller and robust in growth and having flowers of great size and beauty. **Select Bulbs: 3 for 50c; 6 for 90c; 12 for \$1.75.**

Special Lily Collection

One select 2-yr. blooming size bulb of each of these fine Lilies for \$1.75; 3 of each for \$4.75.

Hyperion Day Lily
Olympic Hybrid
Maxwill
Regal
Vermilion Brilliant

A select bulb of a new and unusual Gladioli will be included with each collection.

Please Note

The Lilies offered above are all hardy varieties which do not require digging and storing but after once being planted will increase in size and beauty year after year. All the Lilies we offer are large, select 2-yr. bulbs which will bloom profusely this summer. Do not confuse these with planting size bulbs often offered at low prices but which often do not bloom until the 2nd or 3rd year after planting.

Giant Hybrid Ranunculus

B910—The largest and most gorgeous strain ever offered. Produces giant double and semi-double flowers 2 in. and more across in shades of red, yellow and pink. May be grown in the garden like gladioli. **Extra select bulbs, in mixed colors: 6 for 50c; 12 for 90c; 100 for \$5.50.**

Geo. W. Price, Wis.—Planted some of your Ranunculus this spring, they flowered beautifully, so will want more next spring.

Walter E. Hall, Va.—Have been ordering seeds and bulbs from you now for five years. Am well pleased with the results I get from your garden and flower seeds and bulbs.

B852—GIANT HYBRID AMARYLLIS

Giant Hybrid Amaryllis

B852—We know of no flowering bulb that will give more satisfaction for indoor flowering than these new giant flowered Amaryllis. The bulbs we offer are a most select strain, large bulbs that often produce two stems with from two to four blooms of most perfect form. Colors range from white through various shades of rose, red, and deep crimson, but as they are hybrids we cannot send specified colors; however, most of them are dark rich colors. Will bloom in six to eight weeks after planting. **Extra Large Bulbs** which will produce 8 to 12 Blooms. Each 50c; 3 for \$1.40; 12 for \$5.25.

B856—FANCY LEAVED CALADIUMS

Fancy Leaved Caladiums

B856 — Few flowers in bloom will attract more attention than the foliage of these grand Caladiums. Not difficult to grow. They will delight you with their rare beauty and charm. May be grown as pot plants or in partially shaded beds outdoors. As the bulbs are very tender we do not ship them until about the end of March. **Large Select Bulbs: 3 for \$1.10; 6 for \$1.95. (All different colors.)**

Mrs. Walter Kroll, Wis.—The Angel Lily I purchased from you is just wonderful, something to be admired.

B877—ANGEL or MAGIC LILY

C. W. Schultz, Wis.—Purchased nine of your Amaryllis bulbs four weeks ago and all have now blossomed. No bulb had less than 7 flowers and one had 9.

Angel or Magic Lily

B877 — A grand summer flowering bulb, producing with great freedom large Amaryllis-like pure white fragrant blossoms. A most wonderful plant as the flowers are so large and handsome. Bulbs send up tall stems, which bear several of the large flowers. Bulbs may be taken up in October and after a few weeks rest, potted and flowered in the house in winter. We know you will be highly pleased with this fine Lily. Each 35c; 3 for \$1.00; doz. \$3.25.

Summer Flowering Bulbs

Fancy Double Tuberous Begonias

Unexcelled as a Flowering Plant for either Pots or Indoor Planting. Easy to Grow and Sure to Bloom.

Will Give You Color and Beauty in Shady Places.

B854—The rare charm and beauty of these beautiful flowers is hard to describe as they must be seen to be appreciated. They may be grown as pot plants, in window boxes or on a shady porch or on the shady side of your home. They commence to flower early and continue to bloom until frost. We offer select bulbs of the finest varieties. Instructions on their planting and care will be sent with every order. **Extra large bulbs that will bloom profusely. Apricot, Orange, Red, Rose, White and Yellow: Each 30c; 3 for 80c; 12 for \$2.50. Fancy Mixed (no two alike) 3 for 65c; 6 for \$1.25.**

B855—CARNATION FLOWERED BEGONIAS

Giant Carnation Flowered Begonias

B855—These grand Tuberous Rooted Begonias grow the same as the Camellia type but are different in the type of bloom. Individual flowers are 5 to 8 in. across, very double, and resemble carnations only so much larger in size. Will commence to bloom in 6 to 7 weeks after planting and then continue to flower for many weeks. May be grown either as pot plants or planted in shaded areas outside where they will bloom from early summer until frost. **Extra Select Bulbs: Each 35c; 3 for \$1.00; 12 for \$3.00.**

CALLAS

Spotted Leaf Callas

B882—YELLOW B880—WHITE
The most satisfactory Callas to grow either in pots or in the garden as they are easy to grow and sure to bloom. Foliage is green with creamy white spots. We can supply either yellow or white flowering; always state color wanted. **Blooming size bulbs: Each 35c; 3 for \$1.00; doz. \$3.50.**

Pink Callas

B881—This is a grand Calla with bright pink flowers. It will make an exquisite flowering plant that will grow and bloom freely. The blossoms are sweet scented and gems of beauty. **Blooming size bulbs: Each 40c; 3 for \$1.10.**

CALLA COLLECTION

B885X—One select blooming size bulb of each Pink, White and Yellow Calla for \$1.00. 3 of each for \$2.90.

Giant Fancy Gloxinias

B875—Our bulbs will produce large, velvety flowers, and being well supplied with large downy leaves, the contrast makes one of the most popular and desirable house plants. They are easy to grow and by planting bulbs at intervals may be had in bloom all season. Bulbs may be used again after they have bloomed. Full instructions on planting and care of bulbs will be sent with every order. **Large Select Bulbs: Each 35c; 3 for \$1.00; doz. \$3.25.**

Mrs. Fred Borgert, W's.—I love your Begonias, they are the most beautiful flowers I have ever grown and were admired by all who saw them in bloom.

Mexican Lily or Tigridia

B895 — The rare beauty of these grand flowers is hard to describe. They grow 18 to 20 in. tall and produce their large showy flowers 3 to 4 in. across in a wide range of color from yellow and orange to brilliant crimson. They are easy to grow and sure to bloom. **3 for 35c; 6 for 60c; doz. \$1.10.**

B854—DOUBLE TUBEROUS BEGONIAS

B875—GLOXINIAS

FLOWERING BULB COLLECTION

6 Select Blooming Size Bulbs as Follows for \$1.40.

- 1 Giant Hybrid Amaryllis
- 3 Tuberous Rooted Begonias (All Different)
- 1 Giant Fancy Gloxinia
- 1 Yellow Spotted Calla

All of the above may be planted in pots and will bloom in 6 to 8 weeks after which they may be set outside. The Begonias and Gloxinias will bloom until fall frosts.

B895—MEXICAN LILIES
